Readings and Cases in International Management: A Cross-Cultural Perspective is a compilation of contemporary readings and case studies that focus on managing global organizations. Intended as a companion to editor David C. Thomas' Essentials of International Management: A Cross-Cultural Perspective (SAGE, 2001), great care has been taken to select readings that do not duplicate, but supplement, material typically contained in texts on this topic. The

Readings and cases in this book are organized around three major themes: the basis for understanding the influence of culture on international management, the key roles that international managers play, and the important challenges that these managers face.

Transnational Management provides an integrated conceptual framework to guide students and instructors through the challenges facing today's multinational enterprises. Through text narrative and cases, the authors skilfully examine the development of strategy, organizational capabilities, and management roles and responsibilities for operating in the global economy. The key concepts are developed in eight chapters that are supplemented by

Carefully selected practical case studies from world-leading case writers. All chapters have been revised and updated for this eighth edition to reflect the latest thinking in transnational management while retaining the book's strong integrated conceptual framework. Ten new cases have been added, and four others updated. A full range of online support materials are available, including detailed case teaching notes, almost 200 PowerPoint slides, and a test bank. Suitable for MBA, executive education and senior undergraduate students studying international management, international business or global strategy courses, Transnational Management offers a uniquely global perspective on the subject.

Drawing on postcolonial theory this text offers a critique of international management. It argues that such disciplines are Western discourses and exhibit historical and current resonances with the vicissitudes of the so called 'colonial project'. The book explores alternative approaches to the question of the 'other' in late global capitalism.

## International Management Cross Cultural

This book interweaves the concepts of the guidance on globalization, international management, and the intricacies of international business that many books on the market treat independently. It clarifies and explains culture, cultural misunderstandings, and cross-cultural interactions. Adekola and Sergi's text is unique in that it offers both the management perspective and the cultural perspective. It is for managers seeking to thrive in the global economy. This book focuses on managing global organizations, providing a basis for understanding the influence of culture on international management, and the key roles that international managers play. It clearly shows how to develop the cross-cultural expertise essential to succeed in a world of rapid and profound economic, political and cultural changes.
