**Four Views Of Revelation REV PB: A Parallel Commentary**

Revelation, Four Views: A Parallel Commentary, edited by, Steve Gregg, Nashville: Thomas Nelson, 1997, 528 pages. Don't confuse this with a book with a similar title edited by Marvin Pate, which I also recently reviewed. That book allowed the proponents of each of four different views to present an overall summary of their approach to the book of Revelation.

An even-handed summary of the four traditional views of Revelation in parallel columns. This convenient presentation not only gives you the information you need on these key views, but also informs you about outstanding commentators on the book of Revelation throughout much of church history. A wonderful addition to any Bible study resource library.

Covers the traditional views of the book of Revelation from historicist, preterist, futurist, and idealist perspectives.

Of all the books of the Bible, few are as fascinating or as bewildering as Revelation. Its images grip the imagination: four grim horsemen, the Antichrist, the ten-horned beast, the ultimate battle at Armageddon, and, of course, 666, the “mark of the beast,” variously interpreted to signify everything from Hitler and Krushchev to credit cards and the Internet. Is the book of Revelation a blueprint for the future that needs decoding if we want to understand current events? Is it a book of powerful imagery, with warnings and promises for the church throughout the ages? Or is it essentially an imaginative depiction of historical events in the first century? Four Views on the Book of Revelation explores the four main views in which Revelation is understood: preterist, idealist, classical dispensationalist futurist, and progressive dispensationalist. The interactive Counterpoints forum allows each author not only to present his view, but also to offer brief commentary on other views presented. This evenhanded approach is ideal for comparing and contrasting stances in order to form a personal conclusion about the interpretation and meaning of Revelation. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two categories: Church Life and Bible and Theology. Complete your library with other books in the Counterpoints series.

An even-handed summary of the four traditional views of Revelation in parallel columns. This convenient presentation not only gives you the information you need on these key views, but also informs you about outstanding commentators on the book of Revelation throughout much of church history. A wonderful addition to any Bible study resource library.

How can we understand the book of Revelation and its many interpretations? Four Views of Revelation: A Parallel Commentary covers the traditional views in an even-handed fashion. Four parallel columns present the information you need on these key views, and inform you about outstanding commentators on the book of Revelation. No other book gives such extensive coverage of how the church has understood Revelation over the centuries. The four-column format makes this an easy read for lay people, pastors, and scholars alike. This is a wonderful addition to any Bible study resource library. Features include: Convenient, one-volume format Four parallel columns for easy comparison Complete coverage of the major interpretations of Revelation Extensive coverage of the place of Revelation in church history

It is an undeniable fact that the very concept of hell is shrouded in mystery. We know what books and movies tell us hell is like, but we're left with so many questions. Is hell simply a place where sinners are sent to suffer for their sins, or is it much, much more than that? All You Want to Know About Hell breaks down the three most popular views on hell and tells us what the Bible really says about this terrifying and mystifying place. From the “traditional” view of hell as a place of eternal torment to the early Christian view that hell is a place of suffering intended to purge sin and to bring about repentance, no other book gives such in-depth biblical insight into the truths about hell that are hidden in all the hype. Features include: Complete coverage of the three most popular views on hell Clear explanation of what Scripture really says An easy and interesting read for laypeople, pastors, and scholars alike

From the Introduction by Merrill C. Tenney: This commentary is an attempt to make plain the meaning of Revelation. With commendable reserve, Dr. Smith has restricted himself largely to interpretation by other passages of Scripture which are related to Revelation by actual quotation or by striking parallelism. His painstaking studies of vocabulary and of related ideas make the book valuable to the earnest student of the Bible. Dr. Smith is a futurist and a premillenarian, holding that all of the Book of Revelation beginning with the fourth chapter relates to the future period of judgment known as 'the great tribulation,' which will be followed by the personal return of Christ and by the establishment of His kingdom. In this regard he is in a long line of renowned commentators, including Seiss, Gaebelein, Ottman, and others. The distinguishing feature of this commentary is its use of Biblical statistics and comparisons. The uses of important terms in the Revelation are cataloged, and their interpretation is derived from their context. The appendices contain some extensive studies of individual topics, correlating information not easily obtainable elsewhere. Dr. Smith follows a literal interpretation except where avowed symbolism demands a different procedure. He has sought to make his exposition consistent in method and in results. His use of Greek is apt, and shows a careful investigation of the underlying vocabulary of the Greek text. This commentary will probably be the mainstay of premillennial exposition for some years to come.

This first-of-its-kind charts book does not seek to support specific interpretations of end-times prophecies. Instead, it depicts the literary, historical, and theological backgrounds of Revelation, arguably the New Testament's most challenging book. Includes seventy-nine charts, timelines, and maps. All charts are reproducible for classroom use.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerical predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

With an uninterrupted printing history since it was first published in 1939, this classic interpretation of the book of Revelation has served as a solid resource and source of inspiration for generations. Using sound principles of interpretation, William Hendriksen unfolds the mysteries of the apocalypse gradually, always with the purpose of showing that "we are more than conquerors through Christ." Both beginning and advanced students of the Scriptures will find here the inspiration to face a restless and confusing world with a joyful, confident spirit, secure in the knowledge that God reigns and is coming again soon. This edition features a newly designed interior layout.
