RHS How to Garden takes the bafflement out of gardening for the beginner.

Since Latin became the standard language for plant naming in the eighteenth century, it has been intrinsically linked with

botany. And while mastery of the classical language may not be a prerequisite for tending perennials, all gardeners stand to benefit from learning a bit of Latin and its conventions in the field. Without it, they might buy a *Hellebores foetidus* and be unprepared for its fetid smell, or a *Potentilla reptans* with the expectation that
