~~COVENANT 0.5 Prequel Per tre anni Alexandria è vissuta in mezzo ai mortali, fingendo di essere come loro e cercando di dimenticare tutto quello che aveva imparato quando viveva nel Covenant, prima che sua madre decidesse di andarsene perché quel luogo popolato di semidei e Mezzosangue non era più sicuro. Il destino però trova sempre il modo di compiersi, e quando un attacco delle terrificanti e letali creature che le hanno sempre insegnato a combattere le strappa ciò che ha di più caro, Alex ha un'unica scelta: tornare al solo luogo a cui sente di appartenere. Ma la strada verso il Covenant è piena di pericoli e ogni passo verso la salvezza potrebbe essere l'ultimo. Perché ora i daimon le danno la caccia...~~

~~For three years, Alexandria has lived among mortals - pretending to be like them and trying to forget the duty she'd been trained to fulfil as a child of a mortal and a demigod. At seventeen, she's pretty much accepted that she's a freak by mortal standards... and that she'll never be prepared for that duty. According to her mother, that's a good thing. But as every descendent of the gods knows, Fate has a way of rearing her ugly head. A horrifying attack forces Alex to flee Miami and try to find her way back to the very place her mother had warned her she should never return - the Covenant. Every step that brings her closer to safety is one more step toward death... because she's being hunted by the very creatures she'd once trained to kill. The daimons have found her.~~

~~The unforgettable second novel in the acclaimed Covenant series from #1 New York Times bestselling Jennifer L. Armentrout. Includes a special bonus scene from Seth's point of view. Enter the world of Covenant... For Alexandria, being destined to become some kind of supernatural electrical outlet isn't exactly awesome - especially when her 'other half' is everywhere she goes. Seth's in her training room, outside her classes, and keeps showing up in her bedroom - so not cool. Their connection does have some benefits, like staying off her memories of the tragic showdown with her mother, but it has no effect on what Alex feels for the forbidden, pure-blooded Aiden. When daimons infiltrate the Covenants and attack students, the gods send furies - creatures determined to eradicate any threat to the Covenants and to the gods... and that includes Alex. If that and hordes of aether-sucking monsters weren't bad enough, a mysterious threat seems willing to do anything to neutralize Seth, even if that means forcing Alex into servitude... or killing her.~~

~~The thrilling conclusion to the epic Covenant series from New York Times bestselling author Jennifer L. Armentrout. As the mortal world slowly slips into chaos, Alexandria Andros must overcome a devastating defeat that has left her shaken and in doubt that the war against the gods will ever come to an end. There are many obstacles standing between Alex and her happily-ever-after with Aiden St. Delphi, and now Alex and Aiden face their greatest challenge yet: they must trust a deadly foe as they travel deep into the Underworld to release one of the most dangerous gods of all time. In the shattering , action-packed climax to the series, Alex must make a terrible choice: the destruction of everything and everyone she holds dear... or the end of her own life.~~

~~From Argentina to Italy, the intense, metaphysical and poetic story of a gardener in love, by Italy's most prominent writer. "A man's life lasts as long as three horses. You have already buried the first." Somewhere along the coastline of Italy, a man passes his days in solitude and silence, tending a garden and reading books of travel and adventure. Through these simple routines he seeks to quiet the painful memories of the past: a life on the run from Argentina's Dirty War; a young bride 'disappeared' by the military; a terrifying escape through the wilds of Patagonia. Yet everywhere he turns, new life is pulsing, ready to awaken his senses, like the force that drives his fruit trees into bloom. People and events from the past and present migrate into patterns assigned by a metaphysical geometry. A woman of the world re-introduces him to love. An African day laborer teaches him the meaning of gratitude. In this intense narrative, every acute observation, every nuance, becomes a means of salvation. Using a language that is both gripping and contemplative, Three Horses is an unforgettable tale. Praise for The Sea of Memory: "Poetic . . . charged with anger and desire." -The New York Times Book Review "Alluring . . . shimmeringly lyrical." -Publishers Weekly From the Trade Paperback edition.~~

~~HALF-BLOOD is the unputdownable first book in the acclaimed Covenant series from #1 New York Times bestselling Jennifer L. Armentrout. This special paperback edition also includes the prequel novella DAIMON. The Hematoi descend from the unions of gods and mortals, and the children of two Hematoi - pure-bloods - have godlike powers. Children of Hematoi and mortals - well, not so much. Half-bloods only have two options: become trained Sentinels who hunt and kill daimons or become servants in the homes of the pures. Seventeen-year-old Alexandria would rather risk her life fighting than waste it scrubbing toilets, but she may end up slumming it anyway. There are several rules that students at the Covenant must follow. Alex has problems with them all, but especially rule #1: Relationships between pures and halves are forbidden. Unfortunately, she's crushing hard on the totally hot pure-blood Aiden. But falling for Aiden isn't her biggest problem - staying alive long enough to graduate the Covenant and become a Sentinel is. If she fails in her duty, she faces a future worse than death or slavery: being turned into a daimon, and being hunted by Aiden. And that would kind of suck.~~

~~Jennifer L. Armentrout (also known as J. Lynn), New York Times bestselling author of the Wait for You series, presents her latest book, Scorched. Sometimes life leaves a mark... Most days, Andrea doesn't know whether she wants to kiss Tanner or punch him in the gut. He is seriously hot, with legit bedroom eyes and that firefighter body of his, but he's a major player, and they can't get along for more than a handful of minutes. Until now. Tanner knows he and Andrea have had an epic love/hate relationship for as long as he can remember, but he wants more love than hate from her. He wants her. Now. Tomorrow. But the more he gets to know her, the more it becomes obvious that Andrea has a problem. She's teetering on the edge, and every time he tries to catch her, she slips through his fingers. Andrea's life is spiraling out of control, and it doesn't matter that Tanner wants to save her, because when everything falls apart and she's speeding toward rock-bottom, only she can save herself. Sometimes life makes you work for that happily ever after... -- Jennifer L. Armentrout~~

~~From the New York Times bestselling author of the Covenant and Lux series comes the second novel in the pulse-pounding, electric Titan series. In The Return, Seth and Josie's story ended on the ultimate cliffhanger. Now, things are about to get even more dangerous... The Covenant University has become the frontline for the escalating violence between pure-bloods and half-bloods. War between the races seems inevitable, and it couldn't come at a worse time. Seth must prepare Josie for battle, which means teaching her how to control her newfound demigod abilities...and they need to find and rescue the other demigods before their enemies - the Titans - find them first. Only one thing is more dangerous than a bunch of starved Titans, and that's an out-of-control Apollyon in the form of Seth. The aether in Josie is drawing Seth in deeper, and when lust mixes with love and gives way to power, he knows being close to her is becoming explosively dangerous. But letting her go requires a level of selflessness that just isn't Seth's style. When the danger from the Titans erupts with devastating consequences, the dark allure of power calls to Seth again - but this time, Josie may not be able to pull him back from the brink...~~
