Identify and Manage the Influence Paths That Convert Brand Awareness to Customer Acquisition! Today, you face a brutally tough, maddeningly elusive new competitor: the “wisdom of crowds.” Social media gives consumers 24x7 access to the attitudes and recommendations of their most engaged peers. These are the views that shape buying decisions. These are the views you must shape and use. Influence Marketing won’t just help you identify and enlist key influencers: it will help you manage the influence paths that lead consumers to buy. By sharing empirical evidence of hard-won lessons from pioneering influence marketers, Danny Brown and Sam Fiorella provide a blueprint that moves influence marketing beyond simple brand awareness and into sales acquisition and customer life time value measurement. They integrate new tools and techniques into a complete methodology for generating more and better leads—and converting them faster, at higher margins.

- Put the customer—not the influencer—at the center, and plan influence marketing accordingly
- Recognize where each prospect stands in the purchase life cycle right now
- Clarify how your consumers move from brand preference to purchase
- Identify key micro-influencers who impact decisions at every stage
- Gain indispensable insights into the context of online relationships
- Recognize situational factors that derail social media brand recommendations
- Understand social influence scoring models and overcome their limitations
- Re-engineer and predict influence paths to generate measurable action
- Master the “4 Ms” of influence marketing: make, manage, monitor, measure
- Transform influence marketing from a “nice-to-have” exercise into a powerful strategy

Kate Orton loves animals, especially unusual ones. So when she sees a pop-up ad on her computer for an amazing lizard from Australia, she has to have it. The ad says the lizard is actually a kind of chameleon--it can change its color to blend in with its surroundings. But what makes this lizard really strange is that it's a copycat--the ad says it can even change its shape. Kate's parents don't believe all the claims in the ad, but they tell her to go ahead and order it. They tell her not to be disappointed if it's just a plain old lizard. After anxiously checking the mail every day for two weeks, the package finally arrives. But when she finally opens it--there's no lizard inside. There's only an egg with a written warning. Is Katie ready for what's about to hatch?
