This text combines study of the dynamic historical development of each religious tradition with a comparative thematic structure. Students are encouraged to discover and explore the nature of religious experience by comparing basic themes and issues common to all religions, finding connections with their own personal experiences. By sensitively introducing descriptive material within a comparative thematic structure, this text helps students to understand how each religion provides, for its adherents, patterns and meanings that make up a full way of life.

This text combines study of the dynamic historical development of each religious tradition with a comparative thematic structure. Students are encouraged to discover and explore the nature of religious experience by comparing basic themes and issues common to all religions, finding connections with their own personal experiences. By sensitively introducing descriptive material within a comparative thematic structure, this text helps students to understand how each religion provides, for its adherents, patterns and meanings that make up a full way of life (from Amazon).

A discussion of Yoga, tantra, and vedanta, and what they mean for people today.

This book combines study of the dynamic historical development of each religious tradition with a comparative thematic structure. In this way, the book helps readers to explore each of the major religions as a unique and integral system of meaning and life. At the same time, readers are encouraged to discover and explore the nature of religious experience by comparing basic themes and issues common to all religions. Covering the religions arising from India, China, Japan, and the Mediterranean world, this book introduces the key dimensions of religious experience, outlining the basic human concerns that give rise to religious experience, such as origin and identity, ultimate reality, human nature, and the good life. For anyone interested in exploring the origins and development of the diverse religions of the world.

FIND YOUR SACRED PATH Widely recognized as one of the foremost teachers of Native American wisdom, Jamie Sams reveals the seven sacred paths of human spiritual development and explains how exploring each path leads to shifts in our personal relat

In the realm of African spiritual pathways, no tradition is so widely embraced and practiced as the West African religion Orisa. Awakened by her own spiritual journey, Tobe Melora Correal, an initiated priestess in the Yoruba-Lukumi branch of Orisa, guides us along this blessed road. FINDING THE SOUL ON THE PATH OF ORISA provides a fresh look at these ancient teachings and emphasizes introspection and inner work over the outward manifestations of Orisa's practices. Correal debunks misconceptions surrounding the tradition, drawing us into a lushly textured, Earth-centered spiritual system;a compassionate and useful roadmap for revering God.

"Whoever you are, walking the labyrinth has something to offer. If a project is challenging you, walking can get your creative juices flowing. When struggling with grief or anger, or a physical challenge or illness, walking the labyrinth can point the way to healing and wholeness. If you're looking for a way to meditate or pray that engages your body as well as your soul, the labyrinth provides such a path. When you just want reflective time away from a busy life, the labyrinth can offer you time out. The labyrinth holds up a mirror, reflecting back to us not only the light of our finest selves, but also whatever restrains us from shining forth." --From the Introduction Join Melissa Gayle West and thousands of others who are turning to labyrinth walking for quiet meditation and spiritual healing. Exploring the Labyrinth blends the timeless wisdom and meaning derived from labyrinths along with practical advice, divided among three sections: What is a labyrinth and why does it have such astonishing contemporary appeal? You'll be introduced to walking and working with this ancient archetype. Learn to construct a temporary or permanent, indoor or outdoor labyrinth from rocks, rope, canvas, and a wide variety of other materials. Discover specific ways to use the labyrinth for rituals, meaningful celebrations, spiritual growth, healing work, creativity enhancement, and goal setting. With practical advice, spiritual wisdom, and helpful resources, Exploring the Labyrinth is the complete guide to this ancient, transformative tool.

Integrating Western psychological understanding with ancient Eastern and wisdom traditions, Siegel addresses how spiritual resonance is achieved within the psychotherapeutic process in The Sacred Path of the Therapist. Readers will learn how mindfulness practices and attunement can help them move clients toward recovery and beyond, allowing full potential to emerge within a shared coherent field of awakening consciousness. Topics include translating transpersonal theory into practice, understanding the human energy field, and the integration of psychotherapy and spiritual initiation. Drawing from her unique experiences working with master shamans as well as practicing as a psychotherapist, Irene Siegel discusses the evolving role of the therapist as both therapist and healer. Shamans are ancestral teachers, guides to nonordinary realms of consciousness and a divine cosmic whole within silent sacred spaces. Using lessons from native shamanic tradition and the evolving field of transpersonal psychology, both healer and client will learn to access the innate inner wisdom and healing potential within themselves through guided meditation exercises within moment-by-moment sacred space. The expanding content and context of therapy blends the two worlds: the clinical world and the world of the shaman.
