Gain access to practical tips and case studies that will help you evaluate how to buy a business and maximize your success as an entrepreneur. Before you start wading through the process of buying a business, it is imperative that you learn how to tell the good ones from the bad ones. John (Jack) Gibson, who has been helping buyers and sellers for more than thirty years, explains why some buyers and some businesses make a good fit. Learn how to value, negotiate and then buy a business and come out a winner. All you need to know to buy with confidence is clearly spelled out. "Before leaping into the arena, read Jack Gibson's book. He has poured into it many years of relevant experience as both business owner and broker." - Michael Haviland, MPA, Ed.D, Denver "I founded and sold two businesses over my career. I wish this book had been available to better prepare me to guide the buyers through the tough questions they needed to ask." - Donald Mathews, Ph.D, Professor of Marketing

Though the fundamentals of letter writing have remained the same, the way we communicate in business is constantly evolving. Whether it's a formal printed letter or an email, the ability to write effective correspondence is essential for success-no matter what the industry. Containing more than 25 percent new material, The AMA Handbook of Business Letters provides readers with over 370 customizable model letters, divided into categories reflecting various aspects of business, including: * Sales, marketing, and public relations * Customer service * Human resources * Credit and collection * Letters to vendors and suppliers * Confirmations, requests, and replies * Permissions * And many more In addition, the book provides readers with a refresher course in the letter-writing basics, and helpful appendices listing common mistakes in grammar, word usage, and punctuation. Comprehensive-and now extensively updated-this invaluable resource provides professionals with an adaptable template for every conceivable business correspondence need.

Millions of Americans own their own businesses, and millions more dream of doing the same. But starting your own business is a pretty complicated matter, especially with all the legal issues and paperwork. This updated edition of the top-selling small business resource is chock-full of information, resources, and helpful hints on making the transition from a great idea to a great business. If you've got a great idea for your own business, you need the kind of straightforward advice you'll find here - the kind of advice you'd normally only get from business schools and MBA courses. Small Business Kit For Dummies, Second Edition covers all the basics on: Recent tax law changes Balancing your finances Hiring and keeping employees Effective management strategies Accounting fundamentals In addition to the basics of business, you'll also find top-class advice on more advanced business basics, like business plans, the ins and outs of contracts, and using the Internet to expand your business. For entrepreneurs large and small, this comprehensive resource offers authoritative guidance on all your biggest business concerns, and offers unbeatable advice on such topics as: Choosing your business structure - from LLCs to S corps How to develop and write a standard business proposal Going public, issuing stock, and keeping a stock ledger Raising capital and understanding securities laws Bookkeeping standard practices Tax basics for small businesses Handling the paperwork for new hires Designing employee compensation plans Working with independent contractors and consultants Patent and copyright protections Dealing with the Press In addition, the book includes a CD-ROM full of helpful resources - forms, contracts, and even sample versions of the most popular software for small businesses. With Small Business Kit For Dummies you'll find all the tools you need to get your small business up and running - and keep it running for years and years to come.

In this guide Author Edward Dumas publishes a decade of business litigation experience, paralegal research, and a collection of the most important legal forms to operating a legitimate corporation. This guide is the most comprehensive book on how to start, manage, and structure a business or corporation, with a California emphasis, using a variety of legal forms, letters, and sample formats. This guide is the perfect manual containing forms for creditors, clients, shareholders, directors, and assistants. Over 300 pages of business forms, laws, and regulations needed to navigate, startup, and profit in the corporate business legal environment today. A perfect guide to how to use the popular "IRAC" method, review of the American Federal system, doctrines, and current practices. This publication does not substitute for the advice of an attorney nor solicit for legal advice.

Choose the Optimal Business Structure Corporation, LLC, partnership, sole proprietorship.what's the difference, and which one is best for you? Experienced corporate attorney Michael Spadaccini answers those questions and provides all the tools you need to select, plan, organize, form, operate and maintain a business. Real-world scenarios help you analyze your business and evaluate the pros and cons of each business type. A complete reference section compares and contrasts the legal requirements, filing fees, taxation requirements and maintenance requirements for all 50 states. Spadaccini goes beyond choosing a structure to offer formation guidelines and maintenance requirements, ensuring your business' success. Spadaccini covers: Seven steps to forming a partnership 13 steps to incorporation 10 steps to organizing an LLC Costs and features of each business type State-specific information on staying in compliance with statutes in all 50 states Maintaining liability protection Selecting the appropriate structure can spell the difference between success and failure. Structure your venture for success with this professional guidance. Sample Documents on CD-ROM!
