~~In fact, most ghost stories are real. Scary stories are scary stories for a reason: they are the unsettling accounts and experiences in a haunted house or the dark woods, hearing voices or strange noises, or of abnormal sightings and ghostly activity. Sometimes, the things we hear and see are so real that they almost feel unexplainable.~~

REAL Eyewitness Accounts: The World's Most Possessed Woods, Houses and Haunted Places... Claim Your FREE Bonuses After the Conclusion! What would you do if you ever encountered a spirit or otherworldly entity? Do you think you would flee the scene, screaming as you put as much distance between you and the unknown? Or would you try your hardest to communicate with the entity? The idea of ghosts and spirits is not a new concept. Records of ghosts have been reported since the beginnings of civilization as we know it. But nothing prepares you for the moment you eventually come face to face with a paranormal entity. This book covers many houses, public places and forests that are said to be the homes of the supernatural. In these places, the spirits are not shy in the presence of the living. Often they will whisper in a person's ear or touch the small of their back with their unseen, freezing fingertips. These spirits recollect fragments of their previous life-moments in which they too had been alive and well. Each haunted location in our world has a unique background-a context in which to approach each marvelously haunted place. Sometimes the world is cruel and will steal a young life, or make a person endure a brutal and painful death. It is important to understand why certain spirits we encounter in specific places may seem angry or upset, and we must interact with them in a manner that reflects our understanding of the life they had lived... Have you ever tried using it? If yes, what experiences do you have with it? Are they good, or bad? If you haven't used it yet, will you ever try it? If you answer yes, I urge you to read this book first for it might change your mind... If you are fond of excitement, thrill, and suspense, you might be encouraged to bring the board out, call out some adventurous friends, and light up the candles. As you already know, participating in a séance using a Ouija board is a choice. Many people believe it's a ridiculous thing, so they won't even be bothered: when asked if they would like to try it, they would simply shake their heads no. Others find it interesting; how can you not when you can - if you're lucky - talk to a dead person and learn something about their life when they were still a part of the living world? However, there are those who hated the idea of Ouija boards and yet, they still played with it. In this book, you'll find 9 creepy, true stories of Ouija board experiences. Looking for a Scare? Then Read These 19 Spine-chilling Stories Are you ready for a different take on the true stories of hauntings across the world? How about roads and highways that are haunted by spirits and ghosts, some of which seem to have quite evil intentions? Dangerous roads haunted by ghosts that seem determined to add to their number by causing car wrecks and a tunnel haunted by ancient warriors angry their graves were disturbed will be explored. A clown that appears by the side of the road and disappears as your car draws near or an auto accident that was witnessed months after it happened are some of the many hauntings to be discovered in this book. Animals that exhibit the symptoms of rabies the moment their feet touch the street or an aggressive ghoulie car responsible for the deaths of a group of teenagers almost 50 years ago. A woman still trying to get help for her newlywed husband trapped in their vehicle after an accident, unaware it's too late for either of them and a police officer who relives his death every time he pulls over another speeding car are just a few of the true stories of haunted highways and roads you will find within the pages of this disturbing book. India, China, Wales, Scotland, England, Australia, and the United States all have roads, streets, interstates, routes, and highways that connect one end of a country to the other. There are hundreds of thousands of roads and streets that no one experiences anything mysterious upon. Then there is a handful of streets notorious for the abnormal, disturbing, paranormal things that occur on or near them on a regular basis. While some of these hauntings only began recently, others extend back hundreds of years when the roads were dirt trails. Some of these haunted avenues are infamous, like those along Tuen Mun Road in Hong Kong, Archer Avenue in Chicago, or Mona Lisa Drive in New Orleans. Those more unknown are equally horrifying, like along A541 in Pontblyddyn, Wales and Route 2A in Maine. Regardless, you will agree this book comprises the scariest, most disturbing true tales of haunted roads and highways. One of the most unusual aspects of these stories, when compared to most true horror stories, is that just about every eyewitness encounter in the chapters of this book was experienced by someone who wasn't out looking to encounter the supernatural. These people were minding their own business when they were thrown first hand into experiences beyond the natural that would mark them for life, which means it could happen to you, too. Are you ready to never feel quite as comfortable driving along the road in the dark? Then this book is exactly what you need. Ready to scare yourself senseless? My neighbor asked as she entered a guest bedroom that felt icy to the touch. "We aren't sure. My daughter used to sleep there but had he move to a different room because of the darn temperature. Even in the middle of summer, that room doesn't get any warmer" Upon saying this, I recalled old exorcism stories about rooms going inexplicably cold when inhabited by spirits. My neighbor then asked for a cross and rosary. She was familiar with the paranormal "Leave this place at once! Leave and be gone," She repeated while brandishing the crucifix. "It's getting warming in here," I said. And that's when everything went to Hell... If you're looking for that creepy feeling you get after reading something scary...
