Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Guess what -- Gary Paulsen was being kind to Brian. In *Guts*, Gary tells the real stories behind the Brian books, the stories of the adventures that inspired him to write Brian Robeson's story: working as an emergency volunteer; the death that inspired the pilot's death in *Hatchet*; plane crashes he has seen and near-misses of his own. He describes how he made his own bows and arrows, and takes readers on his first hunting trips, showing the wonder and solace of nature along with his hilarious mishaps and mistakes. He shares special memories, such as the night he attracted every mosquito in the county, or how he met the moose with a sense of humor, and the moose who made it personal. There's a handy chapter on "Eating Eyeballs and Guts or Starving: The Fine Art of Wilderness Nutrition." Recipes included. Readers may wonder how Gary Paulsen survived to write all of his books -- well, it took guts.

You ever open your locker and find that some joker has left something really weird inside? Seventh-grader Dorso Clayman opens his locker door to find a dead body. Thirty seconds later it disappears. It's not the first bizarre thing that has appeared in his locker and then vanished. Something's going on. Somebody has decided to make Dorso and his buddy Frank the target of some strange techno-practical jokes. The ultimate gamesters have hacked into the time line, and things from the past are appearing in the present. Soon, the jokes aren't funny anymore—they're dangerous. Dorso and Frank have got to beat the time hackers at their own game by breaking the code, before they get lost in the past themselves.

skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Only 13, John must track a deer in the Minnesota woods for his family's winter meat, and in doing so finds himself drawn to the doe he's been tracking and hating his role as hunter.

LOS ANGELES TIMES BESTSELLER • A stunning debut novel about love and forgiveness, about the violence of memory and the equal violence of its loss—from O. Henry Prize-winning author Emily Ruskovich WINNER OF THE PACIFIC NORTHWEST BOOK AWARD • WINNER OF THE DUBLIN LITERARY AWARD • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED Ann and Wade have carved out a life for themselves from a rugged landscape in northern Idaho, where they are bound together by more than love. With her husband's memory fading, Ann attempts to piece together the truth of what happened to Wade's first wife, Jenny, and to their daughters. In a story written in exquisite prose and told from multiple perspectives—including Ann, Wade, and Jenny, now in prison—we gradually learn of the mysterious and shocking act that fractured Wade and Jenny's lives, of the love and compassion that brought Ann and Wade together, and of the memories that reverberate through the lives of every character in Idaho. In a wild emotional and physical landscape, Wade's past becomes the center of Ann's imagination, as Ann becomes determined to understand the family she never knew—and to take responsibility for them, reassembling their lives, and her own. FINALIST FOR: International Dylan Thomas Prize • Edgar First Novel Award • Young Lions Fiction Award “You know you're in masterly hands here. [Emily] Ruskovich's language is itself a consolation, as she subtly posits the troubling thought that only decency can save us. . . . Ruskovich's novel will remind many readers of the great Idaho novel, Marilynne Robinson's *Housekeeping*. . . . [A] wrenching and beautiful book.”—The New York Times Book Review (Editors' Choice) “Sensuous, exquisitely crafted.”—The Wall Street Journal “The first thing you should know about Idaho, the shatteringly original debut by O. Henry Prize winner Emily Ruskovich, is that it upturns everything you think you know about story. . . . You could read *Idaho* just for the sheer beauty of the prose, the expert way Ruskovich makes everything strange and yet absolutely familiar.”—San Francisco Chronicle “Mesmerizing . . . [an] eerie story about what the heart is capable of fathoming and what the hand is capable of executing.”—Marie Claire “Idaho is a wonderful debut. Ruskovich knows how to build a page-turner from the opening paragraph.”—Ft. Worth Star-Telegram

Currency fluctuation, currency wars and even potential currency collapse (the Euro, the Bitcoin) are all risks that commercial parties must consider and guard against. This book gathers together in one volume all the information and advice practitioners are likely to need when advising on, advancing or defending claims involving a foreign currency element. The determination of the proper currency (or currencies) of a claim often has a dramatic effect on the level of a court judgment or arbitration award that is ultimately obtained. It is, therefore, vital for practitioners to accurately assess claims which involve a foreign currency element. The authors guide the reader through the legal principles governing how foreign

currency claims are treated in English law. The book covers both the treatment of foreign currency in substantive law as well as such procedural matters as how to claim interest correctly on a foreign currency claim and how to plead, prove or disprove the applicability of a particular currency. This book is an invaluable and essential resource for all lawyers involved in international commerce, but will be of particular interest to those engaged in international finance, commodity transactions, international shipping and transport, and the insurance of assets and liabilities abroad. "Those who practise in this country need guidance in navigating the tricky waters that *The Despina R* unleashed. This excellent book provides that guidance." The authors "have been uniquely well placed to meet the challenge of analysing what is a perplexing body of jurisprudence, and to suggest principled answers to currency issues that have not yet been the subject of judicial decision. They consider not merely claims in contract and tort, but every type of claim that might raise an issue in relation to a foreign currency." The Rt Hon. The Lord Phillips of Worth Matravers, KG, PC, President of the Supreme Court of the United Kingdom, 2009-2012

After escaping the claws of Corrigan, the Lord Alpha of the Brethren, Mack is trying to lead a quiet lonely life in Inverness in rural Scotland, away from anyone who might happen to be a shapeshifter. However, when she lands a job at an old bookstore owned by a mysterious elderly woman who not only has a familiar passion for herbal lore but also seems to know more than she should, Mack ends up caught in a maelstrom between the Ministry of Mages, the Fae and the Brethren. Now she has to decide between staying hidden and facing the music, as well as confronting her real feelings for the green eyed power of Corrigan himself. This is the second book in the popular urban fantasy series, *Blood Destiny*.

Seven fifth-graders at Snow Hill School in Connecticut relate how their lives are changed for the better by "rookie teacher" Mr. Terupt.
