In choosing a new lifetime each soul knows there are natural earth stages we each must endure to develop new earth lessons. There are seven stages that we pass through to arrive back to this eternal sacredness of ourselves. In each of us lies a quest to find our own soul's purpose, and to find our way home by becoming soul again through Silence, Hope, Suffering, Loss, Survival, Believe, Heaven. As a mother she experiences her steps of Silence, Hope, Suffering, Loss, and Survival as she comes to Believe her Soul, but she buries its profundity deep inside herself as she grieves the painful losses of her beloved ones. Throughout the story of Becoming Soul she Believes she not only heals her own grief but travels through time and heals generations of grieving in those she Believes walks her journey with her. Eddie is a wounded war veteran, an old man who has lived, in his mind, an uninspired life. His job is fixing rides at a seaside amusement park. On his 83rd birthday, a tragic accident kills him, as he tries to save a little girl from a falling cart. He awakes in the afterlife, where he learns that heaven is not a destination. It's a place where your life is explained to you by five people, some of whom you knew, others who may have been strangers. One by one, from childhood to soldier to old age, Eddie's five people revisit their connections to him on earth, illuminating the mysteries of his "meaningless" life, and revealing the haunting secret behind the eternal question: "Why was I here?"
