People love films. Whether it is going out for an evening to the cinema or curling up at home with a DVD, movies are one of our favourite forms of entertainment. It is important for our Christian growth that we learn to watch films thoughtfully rather than just seeing them as entertainment. It's important that we understand the messages which films communicate and how they relate to the good news of Jesus Christ. There are also important sections on 'questions to consider when watching a film' and 'the problem of content - sex and

"A damning denunciation of things as they are, and a platform for how we can do better."—Andrew Leonard, Salon Building on the international bestseller *Globalization and Its Discontents*, Joseph E. Stiglitz offers here an agenda of inventive solutions to our most pressing economic, social, and environmental challenges, with each proposal guided by the fundamental insight that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world. As economic interdependence continues to gather the peoples of the world into a single community, it brings with it the need to think and act globally. This trenchant, intellectually powerful, and

inspiring book is an invaluable step in that process.

An account of the Flint water crisis shows that Flint's struggle for safe and affordable water is part of a broader struggle for democracy. When Flint, Michigan, changed its source of municipal water from Lake Huron to the Flint River, Flint residents were repeatedly assured that the water was of the highest quality. At the switchover ceremony, the mayor and other officials performed a celebratory toast, declaring "Here's to Flint!" and downing glasses of freshly treated water. But as we now know, the water coming out of residents' taps harbored a variety of contaminants, including high levels of lead. In *Flint Fights Back*, Benjamin Pauli examines the water crisis and the political activism

that it inspired, arguing that Flint's struggle for safe and affordable water was part of a broader struggle for democracy. Pauli connects Flint's water activism with the ongoing movement protesting the state of Michigan's policy of replacing elected officials in financially troubled cities like Flint and Detroit with appointed emergency managers. Pauli distinguishes the political narrative of the water crisis from the historical and technical narratives, showing that Flint activists' emphasis on democracy helped them to overcome some of the limitations of standard environmental justice frameworks. He discusses the pro-democracy (anti-emergency manager) movement and traces the rise of the "water warriors"; describes the uncompromising activist culture that developed out of the experience

of being dismissed and disparaged by officials; and examines the interplay of activism and scientific expertise.

Finally, he explores efforts by activists to expand the struggle for water justice and to organize newly mobilized residents into a movement for a radically democratic Flint.

In October 2003 Paul Rico, a 78-year old retired FBI agent, was arrested and charged with the 1981 murder of a Tulsa Oklahoma based millionaire. Rico died a few months later in January 2004, before a trial or even a preliminary hearing could be held. An investigation by two retired agents proves two things: 1) he was a great agent and 2) he was not guilty. This is the true story of FBI Agent H. Paul Rico. The writers, Joe Wolfinger and Christophir Kerr, are both retired FBI

agents and attorneys. They never met Rico. They are, however, both veteran investigators who made their bones by working the streets building complicated cases and winning difficult convictions. They appreciate first rate agents, like Rico, who take the risk of mixing it up with criminals and persuading some of them to cooperate with law enforcement or, as they used to refer to it when they were active agents, persuading them to "join America's team." When they began they were surprised at what they found and, more particularly, at what was missing. Over the past several years, they reviewed hundreds of court documents and public records, and conducted several hundred interviews. Ultimately, they were shocked at the total miscarriage of justice that surrounded and eventually consumed

the Rico case. With the assistance of veteran newsman Jerry Seper, who helped reorganize and refocus the Rico story, the truth about the veteran agent is considerably different from what the public has been told or read in some newspapers, seen on the Internet or heard from some blustery Congressman. Wolfinger and Kerr repeatedly developed information that contradicts the "evidence" used in the case against Rico and show that the myth of his involvement in the 1981 murder was the concoction of two desperate Boston mobsters. More than that, they detail how the false charges that led to Rico's lonely death can only be explained by a perfect storm of corruption, ambition, raw politics and incompetence.

Surveys the online social habits of

Shackled Again Tony A

Working American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

In 1950, Tony Bettellini is seven years old when his haunting beautiful mother, Clothilde, becomes the mistress of a powerful Harlem drug lord, Royston Carter, to escape a life of prostitution on the streets. Tony harbors deep inside him hidden terrors stemming from his early childhood. As the only white boy in a poor Negro gang, Tony experiences the colorful streets of Harlem for five years. However he despises the enigmatic Royston and runs away at the age of twelve, hanging around Times Square, where he struggles to survive, but develops his passion for acting. In

1967, Tony, a handsome, young Irish-Italian, is outwardly warm, funny and happy-go-lucky. He works in a famous old restaurant in Times Square, which attracts movie and Broadway stars, showgirls and celebrities. Unable to afford decent accommodation, he lives in a slum tenement on the Lower East Side, His best friends are long-haired Sonny Gracia, a Vietnam vet and anti-war activist, who lost a lower leg and his Vietnamese sweetheart while serving in the war, and a cute, feisty, seven-year-old Negro boy, Billy, who is a street child. Tony is having a tumultuous affair with glamorous, international model and heiress, Veronica Idlewilde, when he falls madly in love with a beautiful blond girl from Virginia, Shenandoah Buchanan. Sonny, too, falls hopelessly in love - but with his best friend's girl! Terrible

things to start to happen, which culminate in Tony being arrested for a brutal murder of a drug dealer. In the sensational trial that follows, the ruthless District Attorney for Manhattan, John Sirilli, is pushing for the death penalty.... Set in the 1950s and the radical upheaval of the 1960s, *Haunted by Shadows*, is another unforgettable epic novel by the author Brenda George!

The Meaning of Success: Insights from Women at Cambridge makes a compelling case for a more inclusive definition of success. It argues that in order to recognise, reward and realise the talents of both women and men, a more meaningful definition of success is needed. Practical ways of achieving this are explored through interviews with female role models at the

Download File PDF Shackled Again Tony A

University of Cambridge. First-person stories bring alive the achievements and challenges women experience in their working lives, and the effect gender has on careers. The book stimulates a debate about how to bring about a more inclusive working environment.

Human society is full of would-be "change agents," a restless mix of campaigners, lobbyists, and officials, both individuals and organizations, set on transforming the world. They want to improve public services, reform laws and regulations, guarantee human rights, get a fairer deal for those on the sharp end, achieve greater recognition for any number of issues, or simply be treated with respect. Striking then, why so many universities lack programs for social activists, to which students can

Download File PDF

Shackled Again Tony A

turn for advice and inspiration. Instead, scholarly discussions of change are fragmented with few conversations crossing disciplinary boundaries, rarely making it onto the radar of those actively seeking change. This book bridges the gap between academia and practice, bringing together the best research from a range of academic disciplines and the evolving practical understanding of activists to explore the topic of social and political change. Drawing on many first-hand examples from the global experience of Oxfam, one of the world's largest social justice NGOs, as well as the author's insights from studying and working on international development, it tests ideas on how change happens and offers the latest thinking on what works to achieve progressive change.
