That's where the expression I love you to the moon and back can come in handy—for romantic, platonic, and familial love. The phrase, which uses the celestial distance to heighten and dramatize the extent of love, may have been boosted by space exploration and the moon landing in the 1960s.

called an "artist unique" by professor Joseph Stapleton of the Arts Students League in New York, H. Lloyd Weston presents a compelling new collection of poetry that brilliantly captures the subtleties and heartbreaks of love in our digital age. With passion, humor, style, and musicality, The Many Silences of Love tempts our senses with vivid imagery and beautiful language. Weston delves into the time-tested forms of communicating love in this fast-paced, social-media drenched world. Through his intense prose, he advocates for a return to the "taste of rose-red lips", the "soft touch of hands", and the "quivering stream of tears" that should be a part of every loving relationship. Weston explores love in all its varied guises. Whether it be unrequited love as shown in "Moment," pondering what might have been in "I Often Think of You," or reveling in the freedom of being sincerely in love in "What You Mean to Me," Weston creates a moving portrait of this deepest of all human emotion. Full of sweeping emotion, The Many Silences of Love will capture your heart and stir your very soul.

What are people's love experiences in present-day Japan? This timely volume addresses fundamental questions vital to understanding Japan in the first decade of the twenty-first century. Its chapters collectively reveal a questioning of middle-class ideals once considered the essence of Japanese-ness. In the postwar model household a man was expected to obtain a job at a major firm that offered life-long employment; his counterpart, the "professional" housewife, managed the domestic sphere and the children, who were educated in a system that provided a path to mainstream success. In the past twenty years, however, Japanese society has seen a sharp increase in precarious forms of employment, higher divorce rates, and a widening gap between haves and have-nots. Contributors draw on rich, nuanced fieldwork data collected during the 2000s to examine work, schooling, family and marital relations, child rearing, entertainment, lifestyle choices, community support, consumption and waste, material culture, well-being, aging, death and memorial rites, and sexuality. The voices in these pages vary widely: They include schoolchildren, teenagers, career women, unmarried women, young mothers, people with disabilities, small business owners, organic farmers, retirees, and the elderly.

This book offers original theoretical accounts and a wealth of descriptive information concerning modality in present-day English. At the same time, it provides fresh impetus to more general linguistic issues such as grammaticalization, colloquialization, or the interplay between sociolinguistic and syntactic constraints. The articles fall into four sections: (a) the semantics and pragmatics of core modal verbs; (b) the status of emerging modal items; (c) stylistic variation and change; (d) sociolinguistic variation and syntactic models. The book is of considerable value to students and teachers of English and Linguistics at undergraduate and graduate level worldwide.

This book looks at social representations of romantic love as portrayed in films and interpreted by their audiences, using cinema as a means for analysing the state of romantic love today, and the touchpoints and disconnects between its representation on screen and the lived experiences of film audiences. Through a media sociology lens, the book draws on analysis of five contemporary romantic films and the meanings brought to and made from them by socially and economically diverse audiences. Employing both textual analysis and primary interviews, the book contends overly pessimistic perspectives on modern intimacy while acknowledging and exploring some of the challenges, woes and changes that romantic love is experiencing in late capitalism. Concerns and debates over monogamy, the teleology romantic love and the division of labour in relationships percolate in this book's examination of how audiences' responses to these films reflect their attitudes and expectations regarding romantic love. This book will have great resonance for scholars and students of not just film studies and media studies, but also audience studies, media sociology, philosophy, gender and sexuality.

Love and Intimacy in Contemporary Society reflects on relationships in contemporary society and the role of love and intimacy in framing lives. The book draws on sociological perspectives, cultural sociology and gender theory perspectives. It looks at how love and intimacy is experienced differently and intersected by gender, ethnicity, race and sexuality. This book aims to encourage people to understand theories of intimacy, emotions and desire by examining these concepts contemporaneously and cross-culturally. It also explores how love and intimacy is experienced by young people and how it is impacted by age. It looks at its representation in the media and film and focuses on how gender, ethnicity and sexuality offer different perspectives on love and intimacy. The book shows how relationships are impacted by social networking and new technologies and the opportunities and challenges posed by these new platforms for building relationships. Finally, the book examines how intimacy has become commercialised in late capitalism and how that acts to change relationships. The book is written in an accessible way and explores a range of theoretical debates and contemporary research around emotions, which can be useful for undergraduate, postgraduate and doctoral study.

This volume offers an array of newly commissioned essays, addressing the topic of love in the Christian tradition. Drawn from a range of expert theologians and philosophers in contemporary analytic and non-analytic theory, these essays join current debates within the theology of love, and aim to propose new avenues for future research. Including the last essay written by Marilyn McCord Adams, Love, Divine and Human deals with a rich variety of issues related to divine and human love. The broad scope of the book includes divine transcendence and its methodological bearing on the doctrine of divine love, the nature and scope of divine love, the interrelation between God's love and wrath, the plausibility of an impassable God of love, and the application of various conceptions of divine love to the problem of divine hiddenness, human ethics, and human free will, among other topics. This unified collection of cutting-edge papers will advance discussion for all those focused on the theology of love.

The Latin American Literary Boom was marked by complex novels steeped in magical realism and questions of nationalism, often with themes of surreal violence. In recent years, however, those revolutionary projects of the sixties and seventies have given way to quite a different narrative vision and ideology. Dubbed the new sentimentalism, this trend is now keenly elucidated in Love and Politics in the Contemporary Spanish American Novel. Offering a rich account of the rise of this new mode, as well as its political and cultural implications, Anibal González delivers a close reading of novels by Miguel Barnet, Elena Poniatowska, Isabel Allende, Alfredo Bryce Echenique, Gabriel García Márquez, Antonio Skármeta, Luis Rafael Sánchez, and others. González proposes that new sentimental novels are inspired principally by a desire to heal the division, rancor, and fear produced by decades of social and political upheaval. Valuing pop culture above the avant-garde, such works also tend to celebrate again—the love of one's neighbor—while denouncing the negative effects of passion (eros). Illuminating these and other aspects of post-Boom prose, Love and Politics in the Contemporary Spanish American Novel takes a fresh look at contemporary works.

For this sweet bookstore owner, avoiding the charms of a famed-football-player-turned-author was supposed to be easy... Funny, sinfully sexy, opposite-attracts romance. Amber Montgomery is perfectly happy with her quiet life, running her bookstore, taking long walks with Reno, her Labrador retriever seizure-response dog, and spending time with her close-knit family. She's never needed thrills the way some of her sisters have. In an effort to control her epilepsy, she tries to avoid anything that creates too much excitement or stress—including relationships. When Amber hosts a book signing for famed-athlete-turned-author Dash Pennington, he's everything she's spent her life avoiding: loud, aggressive, and far too handsome, as proven by the hordes of women who surround him everywhere he goes. Amber can't ignore the sparks flying between her and Dash, but this is a no-brainer for her: Ignore their chemistry and hold her breath until he leaves town. Dash Pennington has spent his life running. Running the ball in for a touchdown, running from town to town to appease his public relations reps, and for years, running into the arms of too many women to count. He's also an expert at protecting—his reputation, his family, and lately, his sanity. But he's ready to make a change. When he comes to the sleepy little town of Oak Falls, Virginia, and witnesses the most beautiful woman he's ever seen living the life he craves, she refuses to have anything to do with him. But now that Dash has found the one thing he doesn't want to run from, he'll stop at nothing to win her over. ** Within the Love in Bloom big-family romance collection, characters from each sub-series appear in future books.
