Examines the growing problem of identity theft, explaining

Where To Download Stealing Your Life The Ultimate Identity Theft Prevention Plan

how easy it is for anyone to assume someone else's identity, the devastating impact of such a crime, ways identity thieves work, and concrete ways to protect oneself against the crime.

The charismatic forger immortalized in *Catch Me If You Can* exposes the astonishing tactics of today's identity theft criminals and offers powerful strategies to thwart them based on his second career as an acclaimed fraud-fighting consultant. When Frank Abagnale trains law enforcement officers around the country about identity theft, he asks officers for their names and addresses and nothing more. In a matter of hours he can obtain everything he would need to steal their lives: Social Security numbers, dates of birth, current salaries, checking account numbers, the names of everyone in their families, and more. This illustrates how easy it is for anyone from anywhere in the world to assume our identities and in a matter of hours devastate our lives in ways that can take years to recover from. Considering that a fresh victim is hit every four seconds, *Stealing Your Life* is the reference everyone needs by an unsurpassed authority on the latest identity theft schemes. Consider these sobering facts:

- Six out of ten American companies and government agencies have already been hacked.
- An estimated 80 percent of birth certificate requests are fulfilled through the mail for people using only a name and a return address.
- Americans write 39 billion checks a year, and half of them never reconcile their bank statements.
- A Social Security number costs \$49 on the black market. A driver's license goes for \$90. A birth certificate will set you back \$79.

Abagnale offers dozens of concrete steps to transform anyone from an easy mark into a hard case that criminals are likely to bypass:

- Don't allow your kids to use the computer on which you do online banking and store financial records (children are apt to download games and attachments that

host damaging viruses or attract spyware). • Beware of offers that appeal to greed or fear in exchange for personal data. • Monitor your credit report regularly and know if anyone's been "knocking on your door." • Read privacy statements carefully and choose to opt out of sharing information whenever possible. Brimming with anecdotes of creative criminality that are as entertaining as they are enlightening, *Stealing Your Life* is the practical way to shield yourself from one of today's most nefarious and common crimes.

This is your opportunity to get my best content on time management, time protection, productivity, and life and business success with this Amazon book for just \$6.99 for a limited time only. Regularly priced at \$9.99. Why You Must Read This Book This book will help you if you are someone who knows your true worth. You understand that you can accomplish so much more in this world, support your family so much better, or even run your business more efficiently. You are someone who is looking for the right tools and direction to take back control of your life. As you are aware of the number of distractions that one faces from family, friends, and work, and you know that this amount of lost time is mind-boggling. With all the technology we have at our disposal, we are actually getting less done, and being much less productive than we used to. There are many things you will discover in this book that will be eye-opening, and from there, you will know and be able to identify these areas in life and work where you can make drastic improvements on right away to get you on the right track. This book is for those who want to be the best they can be and who understand that time can be used against you, or it can be used to help you. Unfortunately, most people throw away this extremely precious commodity that they are given, but by you taking the first step and reading this book, you are right away taking

back control of your life and getting ahead of millions that are not. You will take away life-changing methods and tactics to rewire your brain, the way you think, and the way you currently live your life. I want to offer you a blueprint that has dramatically helped me to take back control of my days and not let anything take away from the real things I need to do to grow as a person, and I hope you get the same and even better results. Remember one thing throughout this book - your life is a straight line from birth to death. Throughout that time, people, commitments, situations, everything and anything will try to divert you from your path in life and your ultimate goals. You then end up living someone else's life and not yours. No matter what age you are now, I don't want you to have any regrets. I want to give you the strength and confidence through the teachings of this book to always be mindful of where you are going and what you need to do to get there. Here Is Exactly What You Will Learn In This Book

How to get time to work in your favor instead of you constantly fighting to find more of it. How you can get more done in a few hours, then most people can get done in an entire day. Learn all the sneaky tricks people, life, and work are using to steal your time right from underneath you. Why you need to focus on your time protection and the best ways to do this to achieve maximum success. Why protecting your time can make less stressful and allow you to enjoy your life much more. How multitasking is actually slowing you down and what you need to do instead. How to buy more time for yourself by having others give you theirs. How to use your north star for the ultimate guidance in how you should be always using your time. Plus so much more! Buy Your Copy Today Your success is closer than you think. Take action right now and buy this book for a limited time discount of only \$6.99 and better your life right now.

Describes the tricks of the scam trade, offering advice on how to identify and outsmart perpetrators of fraud and how to safeguard oneself against identity theft and the misuse of Social Security numbers.

Protect yourself from identity theft! Nearly 17 million Americans were victimized by identity theft in 2012 alone: for 13 straight years, it has been America's #1 consumer crime. No one is immune: children, the elderly and even the dead have been victimized. Identity theft can be high-tech, low-tech, or even no tech, via "dumpster diving." You're vulnerable, and you need to act. Fortunately, you can take practical steps to safeguard your identity right now. In *Identity Theft Alert*, award-winning author and attorney Steve Weisman shows you exactly what to do, and how to do it. Equally important, he also tells you what to stop doing: the common, inadvertent behaviors that could be setting you up as a victim. Weisman starts with a clear-eyed assessment of the problem, helping you understand just how much risk you face. Next, he helps you understand, anticipate, and prevent all these frightening forms of identity theft: Identity theft via Facebook and other social media Identity theft via your iPhone or Android smartphone Theft of your credit or debit cards, and other access to your finances Crime sprees performed in your name Medical identity theft that could lead to you getting the wrong treatment – and could even kill you The fast-growing scourge of income tax identity theft, including stolen refunds Don't be the next victim: read this book, follow its step-by-step advice, and protect yourself!

Whether you take something that is not yours, or you withhold the belongings of others, whether you evade prompt payment

Where To Download Stealing Your Life The Ultimate Identity Theft Prevention Plan

of debts or you extort from people. It is all stealing. This book highlights the reasons why people steal, the different kinds of stealing, and the consequences of stealing. It goes on to give us the prescriptions for overcoming stealing and what to do in order to come out of the cage of the spirit of stealing.

Explains how identity theft occurs; outlines strategies to protect personal information at the office, at home, and online; and shows how to analyze a credit report and tell if you are already a victim of this crime.

A time to reflect on my seventy years of life. Maybe some folks will be interested in my life and the folks I have met, or maybe not. This is a non-traditional memoir, filled with alphabetical vignettes not chronological ones. I have made a foray into fiction with an asterisk: in those cases where I have marked the vignette as fictional, it might be 100 percent not true, but in many cases I knew of, was part of, or heard from others about the story itself. At any rate, the entire book is my recollection of things past, and as in all recollections, the more distant the memory the clearer the details.

Clarence loves to steal cakes. He steals them in all shapes and sizes from the other people in the town. What happens when he finally gets caught? Read the book to find out Clarence's fate!
