2017.10.10 (revised 2017.10.14) | By Gregory Nagy My set of comments on the first two sentences in the text of Pausanias 1.1.1 is divided into seven paragraphs. § § 1–7. Among the many points of interest noted by Pausanias in these two sentences is his mention of a temple of the goddess Athena at the headland of Sounion—a mention that seems to anticipate what he will say at a later point ...

[A Student Commentary on Pausanias Book 2 \(Michigan](#)

In A Student Commentary on Pausanias Book 1, Hogan reintroduced students to Pausanias after nearly a century. In this new volume he does not focus exclusively on the topography and material remains of the areas he describes: his line-by-line commentary on Pausanias ' text devotes equal attention to explicating the vocabulary and syntax of the Greek and putting into context the myriad historical and mythological references found throughout the text, for example, the life of the Sicyonian ...

Patrick Paul Hogan guides students through Pausanias' description of the strategic and rich city of Corinth and its neighbors

Patrick Paul Hogan's A Student Commentary on Pausanias, Book 1, introduces the first book of Pausanias "Description of Greece" to students of Classical Greek. Pausanias' second century CE work is the only surviving ancient description of the monuments and artwork of mainland Greece. Book 1 of the "Description" covers Athens, its demes, and Megara—that is, Attica, the heart of the ancient Greek world. It offers not only a walking description of buildings, statues, and artwork by an ancient traveler but also insight into the mindset of an educated Greek of the Roman imperial age: his reaction to Roman domination and Classical Greek history and culture, his deeply felt religious beliefs, and his ideas regarding Hellenism and Hellenic identity. This textbook, the first on Pausanias aimed at students in almost a century, brings Pausanias back into the classroom for a new generation of readers. It is based on the Greek text edited by Rocha-Pereira and includes philological and historical commentary by Patrick Paul Hogan. A Student Commentary on Pausanias, Book 1aims at elucidating difficult syntax and helping the reader with the immense number of names and places Pausanias mentions. This volume is suitable for students of Classical Greek at the graduate and undergraduate levels, whether Classical philologists or Classical archaeologists and art historians. Professors of archaeology will find this textbook an excellent starting point for any course on Pausanias and easily supplemented by their own knowledge of material remains and modern finds.

[The first English commentary on Plautus' unabridged text](#)

Offers a better way to read Thucydides through the explanation of grammar and a glimpse into the history of classical scholarship

[Pausanias' Description of Greece, tr. with a commentary](#)

Primarily designed as a textbook, this volume will be an effective classroom tool and a useful acquisition for any library supporting a classics program. The book will find readers among high school and college Greek students, advanced students in Homer or epic poetry classes, graduate students working on reading-list requirements, and anyone interested in maintaining Greek reading skills.

This is the first volume of a projected six-volume Commentary on Homer's Iliad, under the General Editorship of professor G. S. Kirk. Professor Kirk himself is the editor of the present volume, which covers the first four Books of Iliad. It consists of four introductory chapters, dealing in particular with rhythm and formulaic techniques, followed by the detailed commentary which aims at helping serious readers by attempting to identify and deal with most of the difficulties which might stand in the way of a sensitive and informed response to the poem. The Catalogues in Book 2 relieve especially full treatment. The book does not include a Greek text - important matters pertaining to the text are discussed in the commentary. It is hoped that the volume as a whole will lead scholars to a better understanding of the epic style as well as of many well-known thematic problems on a larger scale. This Commentary will be an essential reference work for all students of Greek literature. Archaeologists and historians will also find that it contains matters of relevance to them.

Pausanias, the Greek historian and traveler, lived and wrote around the second century AD, during the period when Greece had fallen peacefully to the Roman Empire. While fragments from this period abound, Pausanias' Periegesis ("description") of Greece is the only fully preserved text of travel writing to have survived. This collection uses Pausanias as a multifaceted lens yielding indispensable information about the cultural world of Roman Greece.

Discover a holistic perspective on Ovid 's Metamorphoses Book 10 with this insightful resource. In A Student 's Commentary on Ovid 's Metamorphoses Book 10, Shawn O 'Bryhim offers an insightful and concise examination of the literary, grammatical, and textual matters integral to Book 10 of Ovid 's Metamorphoses. Expanding the scope of more traditional textbooks on Book 10, the author explores the archaeological, religious, and cultural elements of the work as it relates to Greece, Rome, and the Near East. Readers will benefit from the inclusion of: A multidisciplinary approach that examines the religious, archaeological, and cultural background of Ovid 's myths A Near Eastern perspective on the material, which will allow a deeper understanding of the subject matter An exploration of the grammatical and literary components that characterize Book 10 Intended primarily for undergraduates in advanced Latin courses on Ovid, A Student 's Commentary on Ovid 's Metamorphoses Book 10 will also earn a place in the library of anyone who desires a broader approach to the study of Book 10 of the Metamorphoses.
