This text presents basic concepts in tests and assessment and contribute to a more intelligent understanding and use of psychological and educational tests.

Outlining a step-by-step assessment model, *Psychological Assessment and Report Writing, Second Edition* covers five key topics central to psychological assessment: understanding the context of a referral; determining what data is needed to answer referral questions; gathering the data; integrating the data; and communicating the findings. Authors Karen Goldfinger and Andrew M. Pomerantz review each facet of psychological assessment and report writing—providing how-
