This timely work examines the scale and root causes of terrorism across Southeast Asia, including the role of al-Qaeda's ascendancy in the region. It begins with an overview of the analytical and theoretical framework for discussing the subject. Individual chapters then examine terrorist activities from both functional and country-specific perspectives. The book traces fundamental linkages

Online Library Terrorism In Southeast Asia

between terrorism and security issues, such as illegal immigration, narcotics trafficking, and other criminal activity. In addition, it considers the issue of convergence - the growing connection between criminal groups and terrorism, and how this may facilitate future violence. Written by a range of experts in the field, the individual chapters reflect a variety of perspectives. The contributions fall into two broad categories - chapters that directly address terrorism (the groups, their ideologies, their modus operandi, their origins, and state responses to them); and chapters that address the "enabling environment" that exists in Southeast Asia (the role of transnational crime, porous borders, convergence between terrorism and crime).

Online Library Terrorism In Southeast Asia International Insute For

This is an important and worthwhile book that should be read by anyone seeking to understand the history and evolution of political violence in Southeast Asia, including the origins of contemporary militant Islamist terrorism. Paul J. Smith, Contemporary Southeast Asia This very fine collection shows how and why Southeast Asia has been afflicted with terrorism from the end of World War II to the present time. No other volume tells us as much about the period and area. Anyone interested in the general theory and practice of terrorism and insurgency will find it indispensable. David C. Rapoport, University of California, Los Angeles, US and Editor of Journal of Terrorism

Online Library Terrorism In Southeast Asia

and Political Violence This stimulating collection of essays underlines how Southeast Asia has again, as at the height of the Cold War, been pushed towards the top of the list of world conflict zones by the collision between long-standing regional problems and more recent external frictions. Anyone needing to learn more about the relationship between the war on terror and Southeast Asia, particularly regarding terrorism in Thailand, Indonesia and the Philippines, will need to consult this work. Brian P. Farrell, National University of Singapore, and author of *The Defence and Fall of Singapore 1940 1942* This book is an excellent addition to the literature on political violence in Southeast Asia providing a wealth of detail on terrorism, guerilla insurgency, and the use of terror and

Online Library Terrorism In Southeast Asia

repression by governments. The book is especially valuable for the broad coverage of many different groups (not just Islamic ones), inclusion of the activities of governments, and a variety of opinions and views on terrorism and political violence. This book should be one of the essential resources for academics, policymakers, or anyone else interested in terrorism, insurgency, and political violence in the region. It is an extremely valuable tool for one and all. James M. Lutz, Indiana University Purdue University, US and co-author of Global Terrorism, with Brenda Lutz This is an excellent volume, which is very well conceived and balanced in its treatment of the problem of terrorism and insurgency in Southeast Asia. This volume will greatly advance our empirical

Online Library Terrorism In Southeast Asia

Understanding of conflict and violence in this pivotal region. The book contains many insightful contributions and, overall, the Handbook will serve as a standard reference on the subject matter for years to come. M.L.R. Smith, King's College, University of London, UK This timely and significant book seeks to explain the deep-seated complexities of terrorism and insurgency in Southeast Asia. In the aftermath of 9/11, this region has been designated by the United States to be the second front in the war on terrorism. Yet despite the emergence of this new global terrorism, the authors argue that armed rebellion in Southeast Asia is a phenomenon that predates Al Qaeda and the global Jihadist movement and that much can be learned from the motivations behind

Online Library Terrorism In Southeast Asia

it. Written by a group of leading Western and emerging Southeast Asian scholars, this extensive volume demonstrates the difficulty and diversity of rebellion in Southeast Asia, and explores its intricate historical, political, social and economic roots. The book will serve as an excellent reference and educational text, providing an empirical and regional guide to the complex problem of insurgency in Southeast Asia. It will also contribute to a more educated understanding that could provide the basis for appropriate counter-terrorism strategies in this important part of the world. Comprehensive and engaging, this volume will find widespread appeal amongst researchers, students and policymakers interested in terrorism,

Online Library Terrorism In Southeast Asia

International relations and Asian studies and will also be an invaluable tool for studies into political violence and security.

This book critically analyses the specific threat of terrorism in Southeast Asia since the Bali blasts of 12 October 2002 and the US-led war on Iraq. It offers a comprehensive and critical examination of the ideological, socioeconomic and political motivations, trans-regional linkages, and media representations of the terrorist threat in the region, assesses the efficacy of the regional counter-terror response and suggests a more balanced and nuanced approach to combating the terror threat in Southeast Asia. The contributors include leading scholars of political Islam in the region,

Online Library Terrorism In Southeast Asia

renowned terrorism and regional security analysts, as well as highly regarded regional journalists and commentators. This represents a formidable and unequalled combination of expertise.

Zachary Abuza has traveled to most of the hot spots of Islamic militancy in Southeast Asia. Drawing on this intensive on-the-ground investigation, he explains the growing--and increasingly violent--Islamic political consciousness in Southeast Asia.

Building on prior RAND research analyzing the motives, drivers, and capabilities of the principal extremist groups operating in the Philippines, southern Thailand, and Indonesia, this study examined the historical roots of militancy in these countries,

Online Library Terrorism In Southeast Asia

the development and perpetuation of extremist ideological frameworks, and national and international government response efforts.

In recent years, a steady stream of reportage and commentary has spotlighted a dangerous "Islamist threat" in Southeast Asia. This study, by contrast, offers a very different account. In descriptive terms, this study suggests that such an alarmist picture is highly overdrawn, and it traces instead a pattern of marked decline, demobilization, and disentanglement from state power in recent years for Islamist forces in Southeast Asia. This trend is evident both in the disappointments experienced in recent years by previously ascendant Islamist forces in Indonesia and Malaysia, and in the

Online Library Terrorism In Southeast Asia

diminished position of Muslim power brokers in southern Thailand and the Philippines after more than a decade of cooperation with non-Muslim politicians in Manila and Bangkok. In explanatory terms, moreover, this study shows the significance of social and political context. A fuller appreciation of aggression by anti-Islamists and non-Muslims, and of the insecurity, weakness, and fractiousness of Islamist forces themselves, helps to explain the nature, extent, and limitations of Islamist violence, aggression, and assertiveness. This overarching alternative framework not only provides a very different explanation for the "Islamist threat" in Southeast Asia, but also suggests very different policy implications from those offered by specialists on terrorism working on

Online Library Terrorism In Southeast Asia the region. International Insute For

"This collection of essays provides readers with specialist knowledge of terrorist organizations, their modus operandi and the threat they pose."
"It helps the reader to look at the multidimensional character of terrorism as well as the general and specific responses of regional states."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved
