* An Instant Wall Street Journal Bestseller * From founder Kent Taylor, the incredible made-from-scratch success story of Texas Roadhouse. In Made From Scratch, the late business maverick Kent Taylor tells the legendary story of Texas Roadhouse and in the process reveals its recipe for success: embracing unorthodox business practices. Because isn't it a little unusual for a company to do almost no advertising? Is it wild to give away free peanuts and rolls and keep prices low, even as costs rise, or to keep the menu basically the same since it opened? Does it fly in the face of reason to prohibit coats and ties at headquarters and to have a CEO who dressed like he was part of the landscaping crew? These business practices might be unconventional, but for Kent and Texas Roadhouse, they worked. What Kent and his Roadies cooked up is an island of misfits who are cool with being different. They love to have fun, but are serious about following meticulous recipes to serve up hand-cut steaks, fall-off-the-bone ribs, made-from-scratch sides, ice-cold beer, and irresistible fresh-baked bread. It's Legendary Food, Legendary Service, the Texas Roadhouse way. To show how this company became a staple of American dining and survived a once-in-a-lifetime pandemic, Kent took a trip back in time to offer the lessons learned from his pathbreaking life, revealing how a distracted kid from Louisville, Kentucky, created anything worthwhile at all.

The #1 Principle of Sustainable Business Success Is Simpler Than You Think "Do the Right Thing is about how any company can stay true to its soul. Jim Parker's deep and abiding belief in the power of people and culture in building a business of lasting worth is evident everywhere; so too is his humility and selflessness as a leader—his stories are not about his own achievements, which are many, but those of the people he led, one of the great success stories of our time." —Sean Moriarty, CEO, Ticketmaster "Do the Right Thing offers insightful views into the culture, leadership, and decisions that build great companies the right way. A must-read for my management team. THIS BOOK ROCKS." —Kent Taylor, Founder and Chairman, Texas Roadhouse Restaurants "The book is a fun read filled with memorable stories that get at the heart of what it takes to lead in a way that simultaneously satisfies employees, customers, and shareholders.

Jim Parker plays the role of eloquent detective and ferrets out the interweaving parts that distributed leadership, culture, values, and teamwork play as the underlying layers of a company's success. This is a book about heroes at all levels and the environment needed to create those heroes. A must-read for today's leaders." —Professor Deborah Ancona, Seley Distinguished Professor of Management and Faculty Director of the MIT Leadership Center, Sloan School of Management "You'll laugh and cry reading Jim's book, and probably won't be able to put it down. It will forever change the way you view the employees in your organization." —Beverly K. Carmichael, Member, Board of Directors, Society for Human Resource Management People matter most. You know that. But most companies would rather slash costs, cut headcount, replace well-paid employees with lower-paid employees or outsourced workers, and reduce customer service. No wonder so many fail—while others focused on doing the right thing remain profitable and growth oriented for decades. James F. Parker shows why "doing the right thing" isn't just naïve "feel-goodism;" it's the most powerful rule for business success. Parker's stories won't just convince you: They'll move you. Naïve? No way. In this book, Southwest Airlines' former CEO proves why doing what's right is the #1 rule of business success. James F. Parker tells how after 9/11, Southwest made three pivotal decisions: no layoffs, no pay cuts, and no-hassle refunds for any customer wanting them. The result: Southwest remained profitable and its revenue passenger miles for 4Q01 held steady while the rest of its industry nearly collapsed...and Southwest's market cap soon exceeded all its major competitors combined. These pivotal decisions grew naturally from Southwest's culture of mutual respect and trust. Parker offers deeply personal insights into that culture, revealing how those same principles are used by other people and organizations, showing you that it's really not that hard to Do The Right Thing! Why doing what's right is the surest way to optimize and sustain value Putting people first...honesty, for real Finding great leaders at every level of the organization Hiring for attitude, training for skills Achieving unprecedented levels of teamwork (and fun!)
