Kumihimo is an ancient Japanese form of braiding using multiple strands of cord and/or ribbon. Kumihimo braids are very popular for bracelets but can also be used in necklaces. Different designs and patterns are possible by changing your braiding material, varying the thickness or number of your strands, using a round disk versus a square plate, and also by adding beads to your kumihimo braid. It's easy to learn, and modern tools make the projects portable for busy people! In this book, you will be learning everything you need to know about kumihimo and at the end you will be able to carry out kumihimo braid projects like bracelets and necklaces. **GET YOUR COPY TODAY** by clicking the buy now button and become an expert in kumihimo

Learn how to make braided jewellery using the popular Japanese braiding technique Kumihimo. This beginner-friendly book covers a wide range of braiding techniques plus a handful of contemporary projects

so you can put your newfound braiding skills to use straight away. It also features templates to make your own Kumihimo disk and plate.

Learn the calming, traditional craft of kumihimo - Japanese braiding - through step-by-step projects. Kumihimo is the ancient art of Japanese braidmaking; admired for its dual qualities of usefulness and beauty, and associated with both fashion and the samurai. In this instructional book, Jacqui Carey teaches the use of a marudai (round stand) to produce a variety of different types of braids, which can then be used to create countless combinations of colour, texture and material. Clear step-by-step photographs guide the beginner through each of the projects, and many inspirational examples of the variety you can create are shown. The rhythmic movements, feel and sound of the marudai in use make this traditional craft a soothing, absorbing and aesthetically pleasing experience; perfect for weaving a calm area in your day.

An introduction to the ancient art of Japanese silk braiding. The book contains a variety of elegant and complex braids, which can be used as decoration, tie-backs for curtains, or jewellery. It also offers instructions for making 12 different braids.

Kumihimo is a shape of jap braiding using diverse sorts of stringing material, regularly blended with beads to make super jewelry. The time period Kumihimo in japanese method the collection of threads. This approach involves using special types of looms to achieve extraordinary sorts of braids. The possibilities are countless and may be customized to in shape everybody, so find your Kumihimo supplies and get started out when

doing Kumihimo you will study that the use of an exceptional range of strands, as well as one-of-a-kind colors, will alternate the overall appearance. distinctive forms of stringing cloth can also trade the appearance, as well as adding beads to all or some of the strands. understand that you could now not need to apply a stringing material that stretches. In Kumihimo, every thread in one single "slit" is called a warp. here we are able to be the use of the spherical Kumihimo disk with 32 slits to create an 8 warp basic round braid. a very good rule of thumb when measuring stringing fabric is to multiply the period you need by using three. this can accommodate most designs except you are the usage of larger beads, in which case you could need to modify the period. as soon as you've got mastered the simple round braid, learn how to upload beads to Kumihimo.

Kumihimo Basics & Beyond presents techniques for creating all-cord braids and beaded braids, then teaches beaders how to transform them into finished jewelry. Short demonstrations of the key techniques needed for each project are presented in easy-to-grasp portions, allowing beaders to learn and practice as they go. Rebecca Combs demystifies tricky "kumihimo math" by providing detailed supply lists for each project in the book, plus teaches beaders how to calculate the amount of fiber and how many beads they 'll need for their future kumihimo projects.

The renowned jewelry crafter teaches readers how to make beautiful creations using the traditional Japanese braiding technique of Kumihimo. Kumihimo is the centuries-old Japanese artform of creating elegant braids using intricate and beautiful patterns and designs. These braids are then fashioned into all kinds of objects, such as bracelets, necklaces and more.
