Twelve Steps to recovery.

This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year--one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as Alcoholics Anonymous, Twelve Steps and Twelve Traditions, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. Daily Reflections has proved to be a popular book that aids individuals in their practice of daily meditation and provides

inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

Many thousands have benefited from "The Big Book" and its simple but profound explanation of the doctrines behind Alcoholics Anonymous, which was founded in 1935 by Bill Wilson and Dr. Bob Smith. This original 1939 edition outlines the famous 12 steps, and offers counsel for those who wish to join the program but doubt the existence of a higher power. It also contains encouraging personal stories, in which AA members relate their experiences with alcohol and how they found the path to sobriety. "The Big Book" has gone through numerous editions and remains the most widely used resource for recovering alcoholics. Only this original 1939 edition includes all 29 stories of the program's pioneers, which share the details of their full journey, including initial recovery, sometimes followed by relapse and eventual success. This edition also features the key to the solution claimed by Bill Wilson: a vital spiritual experience that allows followers to rediscover, or discover, God. This realistic portrayal of the program as offered by its founders has been lost in subsequent editions of the work, and is presented here to serve as a reminder that success comes in many forms.

The Book That Started It All offers fresh insights into the history and foundation of the revolutionary Alcoholics Anonymous program. Reproduced in this elegant gift edition with essays and notes by a panel of celebrated AA historians, the original working manuscript is the missing link in our understanding of what transpired between AA founder Bill Wilson's first draft of Alcoholics Anonymous and the first published edition. In January 1939, Wilson and other AA founders distributed 400 copies of his typescript to everyone they could think of "who might be concerned with the problem of alcoholism," to test out the program. As the loan copies were returned, suggestions for revision were considered and written out in colored pencil on one master copy that was eventually submitted for publication. The many changes made in black, green, and red on page after page are shown here in their original form, revealing the opinions, debates, and discussions that went into making the Big Book.

The definitive history of writing and producing the "Big Book" of Alcoholics Anonymous, told through extensive access to the group's archives. Alcoholics Anonymous is arguably the most significant self-help book published in the twentieth century. Released in 1939, the "Big Book," as it's commonly known, has sold an estimated 37 million copies, been translated into seventy languages, and spawned numerous recovery communities around the world while remaining a vibrant plan for recovery from addiction in all its forms for millions of people. While there are many books about A.A. history, most rely on anecdotal stories told well after the fact by Bill Wilson and other early members—accounts that have proved to be woefully inaccurate at times. Writing the Big Book brings exhaustive research, academic discipline, and informed insight to the subject not seen since Ernest Kurtz's *Not-God*, published forty years ago. Focusing primarily on the eighteen months from October 1937, when a book was first proposed, and April 1939 when Alcoholics Anonymous was published, Schaberg's history is based on eleven years of research into the wealth of 1930s documents currently preserved in several A.A. archives. Woven together into an exciting narrative, these real-time documents tell an almost week-by-week story of how the book was created, providing more than a few unexpected turns and surprising departures from the hallowed stories that have been so widely circulated about early A.A. history. Fast-paced, engaging, and contrary, *Writing the Big Book* presents a vivid picture of how early A.A. operated and grew and reveals many previously unreported details about the colorful cast of characters who were responsible for making that group so successful.

Alcoholics Anonymous was founded in 1935 by Bill Wilson and Dr. Bob Smith, who developed the organization's 12-step program. In 1939, they published this volume, which sets forth the cornerstone concepts of recovery and relates stories of those who have overcome alcoholism. A lifeline to millions worldwide, it is the most widely used resource for recovering alcoholics.

The first and only modernization of the "bible" of Alcoholics Anonymous, *A Simple Program* provides an accessible, gender-equal translation for today's readers while maintaining the book's complete core text, which serves as the basis of all 12-step programs.
