When master-thief Wolfgang Peters arrives on the Cook Islands, Inspector Janet Hunter of the New Zealand Police is waiting for him.

Award-winning original fiction for learners of English. At seven levels, from Starter to Advanced, this impressive selection of carefully graded readers offers exciting reading for every student's capabilities. Rarotonga, in the beautiful Pacific Cook Islands, is the setting for a daring robbery. When master-thief Wolfgang Peters arrives on the island, Inspector Janet Hunter of the New Zealand Police is waiting for him. Will Peters manage to escape justice once again, or will Hunter and the Rarotongan police catch him? Paperback-only version. Also available with Audio CD including complete text recordings from the book.

There are over 519 million Black Women on the planet Earth, give or take a dozen. There's a Black Woman on each of the seven continents, in almost every country and in almost every context.mThere are even Black Women in the space program. So no matter where you go, she's already been there. She travels with forces greater than herself. Her presence is everywhere. Black Women For Beginners is a documentary comic book that chronicles the trials and triumphs of Black Women from antiquity to the present, reflecting with wit and humor the challenges they have faced and the fortitude and strength that have sustained Black Women and patterned history with a diversity of excellence. As warriors, healers, teachers, mothers, queens, and liberators Black Women have had tremendous impact on issues from food to fashion, from politics to poetry. Replete with a glossary of reference terms, Black Women For Beginners whimsically details the influence of stereotypes on the portrayal of Black Women in various venues and punctuates the absurd.

Lose weight and feel great with juicing and smoothies For those of us who don't have time to cut up or cook fruits and vegetables with every meal, juices and smoothies are a fast and easy way to consume them at home or on the go. Packed with over 100 recipes, Juicing & Smoothies For Dummies covers the most up-to-date information on incorporating this healthy lifestyle into your everyday routine. From how to safely cleanse the body of toxins to the hottest ingredients to bolster juices and smoothies—including chia seeds, coconut oil, hemp seeds, bee pollen, and more—it arms you with everything you need to sip your way to a healthier, happier you. There are many health benefits to drinking freshly juiced fruits and vegetables. These tasty and nutrition-packed beverages can help protect you against cardiovascular disease, cancer, cellular damage, and various inflammatory diseases, such as rheumatoid arthritis. Plus, it's great for weight loss because juices and smoothies have hunger-reducing properties, on top of being filling. In this friendly and accessible guide, you'll find expert guidance on how to use juices and smoothies to reap all of these excellent rewards, while getting the recommended daily amount of fruits and vegetables—in a glass! Concoct more than 120 juicing and smoothie recipes using the hottest, most nutritious ingredients Find the best juicers and blenders for the job Ward off colds and migraines, promote longevity, and shed pounds Get a month's worth of grocery items to have on hand to make healthy juices and smoothies in minutes Whether you want to lose weight, cleanse, or simply add more healthy fruits and veggies to your diet, Juicing & Smoothies For Dummies makes it easy.

Joe and Sandy love their new life in Canada. But everything changes when Pan Global come to town. Can Joe find out what the new mine is really for?

A crowd of onlookers gawked from the sidewalk as four young black men dressed in black leather jackets and berets leaped from a Volkswagen, each of them wielding shotguns with bandoliers strapped across their bodies. The young men surrounded two white police officers who had accosted a black man and had him spread-eagled against a building. The young men did not say a word as the police officers watched them nervously, their eyes fixed on the shotguns. One of the young men held a large law book in his hand.This was the Black Panther Party in ideal action. The real story—the whole story—was both more and less heroic. So begins Black Panthers For Beginners. The late 1960s, when the Panthers captured the imagination of the nation's youth, was a time of regulation. While their furious passage was marked by death, destruction and government sabotage, the Panthers left an instructive legacy for anyone who dares to challenge the system. Herb Boyd has done exhaustive research, examined the claims of all parties involved, and boiled the story down to "the truth." We believe this is the most truthful book on the market, but each Panther has his or her own story to tell. We suggest that you check out the stories of all the Black Panthers.

A Turing Award-winning computer scientist and statistician shows how understanding causality has revolutionized science and will revolutionize artificial intelligence "Correlation is not causation." This mantra, chanted by scientists for more than a century, has led to a virtual prohibition on causal talk. Today, that taboo is dead. The causal revolution, instigated by Judea Pearl and his colleagues, has cut through a century of confusion and established causality -- the study of cause and effect -- on a firm scientific basis. His work explains how we can know easy things, like whether it was rain or a sprinkler that made a sidewalk wet; and how to answer hard questions, like whether a drug cured an illness. Pearl's work enables us to know not just whether one thing causes another: it lets us explore the world that is and the worlds that could have been. It shows us the essence of human thought and key to artificial intelligence. Anyone who wants to understand either needs The Book of Why.

The British Prince is in Penang, Malaysia. But so is Sergio, and Sergio wants to kill him. Can Ian Munro find Sergio before it is too late?

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.
