**BOOK COVER.**

# Access Free The Business Writer

An alphabetically arranged resource provides information on the business writing process, appropriate grammar, and correct style usage, in a volume that includes sample writings and new coverage of current technology. 10,000 first printing.

# Access Free The Business

By combining research sources with an annotated bibliography this reference title locates the sources that offer practical solutions to business and technical communication problems.

As lawyers, we must not, in hot pursuit of common law, outrun

# Access Free The Business

Writer  
Companion 3rd  
Edition  
common sense. The  
dread of that eventuality  
prompted this book.

Learned Writing  
promotes common sense  
in legal language. Plain  
language, which is  
commonsensical,  
broadens access to legal  
documents, thus  
democratizing the law.  
If democracy is  
government of the  
people, by the people,

# Access Free The Business

and for the people, law is the language in which government interacts with the people—it is the language of democracy.

The people whose government speaks through law must understand what is said.

No democratic society should brook legalese, a dense, verbose dialect known only to lawyers.

What then should

# Access Free The Business

Writer  
Companion 5th  
Edition

society do to redress the  
lawyer-induced  
obscurity? A

Shakespearean character  
had an alarming  
proposal: “The first  
thing we do, let’s kill  
all the lawyers.”

Apparently, that  
proposal was not  
enthusiastically  
endorsed, which  
explains why we’re still  
here. A milder

# Access Free The Business

remedy—enrolling  
lawyers in language  
classes—has been muted,  
which explains why this  
book is in your hands.

Learned Writing  
motivates lawyers to  
prefer plain language to  
the legalese and  
verbosity that have  
besmirched legal  
writing for centuries.

This book is as  
sweeping a treatment of

its subject as you can  
find anywhere.

In A Writer's

prominent writers from  
various fields—to put
