"Call her Our Lady, La Nuestra Señora, Holy Mother—or one of her thousands of other names," says Dr. Estés. "She wears hundreds of costumes, dozens of skin tones, is patroness of deserts, mountains, stars and oceans. Thus she comes to us in billions of images, but at her centre, she is the Great Immaculate Heart." With *Untie the Strong Woman*, Dr. Clarissa Pinkola Estés invites us to reconnect with "the fierce and loving Blessed Mother who is friendly, but never tame—she who flies to our aid when the road is long and our hearts are broken, ever ready to rekindle the inner fire of our creative souls." In her first book in more than a decade, Dr. Estés illuminates Our Lady through blessings, images, and narrative, including: • Stories of connecting with the Blessed Mother, including "Meeting the Lady in Red", and "Untie the Strong Woman" • Blessed Mother's many images from around the world, including "Litany of The Mother Road: A Chant of Her Incandescent Names"; "A Man Named Mary"; and "The Marys of Mother Africa" • The wild side of her love, including "Massacre of the Dreamers: The Maiz Mother"; "Holy Card of Swords Through the Heart"; and "Guadalupe is a Girl Gang Leader in Heaven" "The Blessed Mother is often 'Friend to the friendless one' and Mother to all—yet too many of us have been estranged from her for far too long." *Untie the Strong Woman* opens a channel to this sacred and nurturing force—"breaking through walls that have held us back from her presence, and instead, inviting us to shelter under her starry green mantle".

A heartwarming story, perfect for the holidays, is beautifully rendered by the noted storyteller and Jungian analyst who brought readers *Women Who Run with the Wolves*. Original.

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty."

Clarissa Pinkola Estés, Ph.D., the internationally known poet, psychoanalyst, and author of the seminal classic *Women Who Run With The Wolves* (99 weeks on the New York Times bestseller list, translated into eighteen languages, and a bestseller worldwide), touches our lives anew, rendering in the strong and lyrical voice for which she has become known a powerful series of her signature healing stories. These elegantly interlocked tales of loss, survival, and fierce rebirth center around Dr. Estes's uncle, a war-ravaged Hungarian peasant farmer and refugee, a faithful gardener, and a storehouse of stories who was one of the "dancing fools, wise old crows, grumpy sages, and 'almost saints' who made up the old people" in Estés's childhood. Told with graceful simplicity, deep feeling, generous humor, and profound optimism, *The Faithful Gardener* is, at its captivating core, the story of an open-hearted child who listened well to her old-country elders and who grew up to remember, to bear witness, and, as one of the premier storytellers of our times, to remind readers and listeners of all ages of "that magisterial life force within all things that strengthens us in times of turmoil or transition, that faithful force which can never die."

“Beliefs about men and women are as old as humanity itself, but Fine’s funny, spiky book gives reason to hope that we’ve heard Testosterone rex’s last

roar.” —Annie Murphy Paul, New York Times Book Review Many people believe that, at its core, biological sex is a fundamental force in human development. According to this false-yet-familiar story, the divisions between men and women are in nature alone and not part of culture. Drawing on evolutionary science, psychology, neuroscience, endocrinology, and philosophy, Testosterone Rex disproves this ingrained myth and calls for a more equal society based on both sexes’ full human potential.

French rule in Syria and Lebanon coincided with the rise of colonial resistance around the world and with profound social trauma after World War I. In this tightly argued study, Elizabeth Thompson shows how Syrians and Lebanese mobilized, like other colonized peoples, to claim the terms of citizenship enjoyed in the European metropole. The negotiations between the French and citizens of the Mandate set the terms of politics for decades after Syria and Lebanon achieved independence in 1946. Colonial Citizens highlights gender as a central battlefield upon which the relative rights and obligations of states and citizens were established. The participants in this struggle included not only elite nationalists and French rulers, but also new mass movements of women, workers, youth, and Islamic populists. The author examines the "gendered battles" fought over France's paternalistic policies in health, education, labor, and the press. Two important and enduring political structures issued from these conflicts: \* First, a colonial welfare state emerged by World War II that recognized social rights of citizens to health, education, and labor protection. \* Second, tacit gender pacts were forged first by the French and then reaffirmed by the nationalist rulers of the independent states. These gender pacts represented a compromise among male political rivals, who agreed to exclude and marginalize female citizens in public life. This study provides a major contribution to the social construction of gender in nationalist and postcolonial discourse. Returning workers, low-ranking religious figures, and most of all, women to the narrative history of the region--figures usually omitted-- Colonial Citizens enhances our understanding of the interwar period in the Middle East, providing needed context for a better understanding of statebuilding, nationalism, Islam, and gender since World War II.

Presents a cautionary assessment of human involvement in the natural world that celebrates nature's sensuous qualities while revealing how consciousness is a ubiquitous part of the biosphere.

WINNER OF THE HILLMAN PRIZE FOR BOOK JOURNALISM, THE HELEN BERNSTEIN BOOK AWARD, AND THE LUKAS WORK-IN-PROGRESS AWARD \* A NEW YORK TIMES TOP 10 BOOKS OF THE YEAR \* NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST \* LOS ANGELES TIMES BOOK PRIZE FINALIST \* ABA SILVER GAVEL AWARD FINALIST \* KIRKUS PRIZE FINALIST NAMED ONE OF THE BEST BOOKS OF 2019 BY: Esquire, Amazon, Kirkus, Library Journal, Publishers Weekly, BookPage, BookRiot, Economist, New York Times Staff Critics “A seminal and breathtaking account of why home is the most dangerous place to be a woman . . . A tour de force.” -Eve Ensler "Terrifying, courageous reportage from our internal war zone." -Andrew Solomon "Extraordinary." -New York Times ,“Editors' Choice” “Gut-wrenching, required reading.” -Esquire "Compulsively readable . . . It will save lives." -Washington Post “Essential, devastating reading.” -Cheryl Strayed, New York Times Book Review An award-winning journalist's intimate investigation of the true scope of domestic violence, revealing how the roots of America's most pressing social crises are buried in abuse that happens behind closed doors. We call it domestic violence. We call it private violence. Sometimes we call it intimate terrorism. But whatever we call it, we generally do not believe it has anything at all to do with us, despite the World Health Organization deeming it a “global epidemic.” In America, domestic violence accounts for 15 percent of all violent crime, and yet it remains locked in silence, even as its tendrils reach unseen into so many of our most pressing national issues, from our economy to our education system, from mass shootings to mass incarceration to #MeToo. We still have not taken the true measure of this problem. In No Visible Bruises, journalist Rachel Louise Snyder gives context for what we don't know we're seeing. She frames this urgent and immersive account of the scale of domestic violence in our country around key stories that explode the common myths-that if things were bad enough, victims would just leave; that a violent person cannot become nonviolent; that shelter is an adequate response; and most insidiously that violence inside the home is a private matter, sealed from the public sphere and disconnected from other forms of violence. Through the stories of victims, perpetrators, law enforcement, and reform movements from across the country, Snyder explores the real roots of private violence, its far-reaching consequences for society, and what it will take to truly address it.

New enhanced edition of the original underground classic by Clarissa Pinkola EstA(c)s, Ph.D., features rare interview excerpts with this internationally acclaimed Jungian analyst and cantadora (keeper of the old stories). First released three years before the print edition of Women Who Run With the Wolves (Ballantine books, 1997) made publishing history (more than 2 million copies sold worldwide), this landmark audio probes the instinctual nature of women through world myths, folktales, and commentary. Through an exploration into the nature of the wild woman archetype, Dr. EstA(c)s helps listeners discover and reclaim their passion, creativity, and power.
