In these seven exquisitely interlinked episodes, the grown-up protagonist Peter Fortune reveals the secret journeys, metamorphoses, and adventures of his childhood. Living somewhere between dream and reality, Peter experiences fantastical transformations: he swaps bodies with the wise old family cat; exchanges existences with a cranky infant; encounters a very bad doll who has come to life and is out for revenge; and rummages through a kitchen drawer filled with useless objects to discover some not-so-useless cream that actually makes people vanish. Finally, he wakes up as an eleven-year-old inside a grown-up body and embarks on the truly fantastic adventure of falling in love. Moving, dreamlike, and extraordinary, The Daydreamer marks yet another imaginative departure for Ian McEwan.

Peter Fortune is a daydreamer. He's a quiet ten year old who can't help himself from dropping out of reality and into the amazing world of his vivid imagination. His daydreams are fantastic and fascinating - only in the bizarre and disturbing world of dreams can he swap bodies with the family cat and his baby cousin, Kenneth, or wipe out his entire family with vanishing cream.

'A classic!' Financial Times The trouble with being a daydreamer who doesn't say much, like Peter Fortune, is that people are likely to think you are rather stupid or dull. No one can see the amazing things that are going on in your head, such as swapping bodies with a cat, or a baby; vanquishing the school bully; or discovering a mysterious cream that makes your family disappear. Peter learns that the best thing to do, if he wants people to understand him, is to write down some of the things that happen to him while he is staring out of the window or lying on his back looking at the sky. So in this book you'll find some of those strange and wonderful adventures, written down exactly as they happened.

Ten-year-old Peter Fortune has a vivid imagination. He understands just how it would feet to be a cat slinking around on soft paws, purring in the sun. He's experienced the terror and the excitement of being chased by evil dolts bent on vengeance. And he's felt the thrill of using a vanishing cream that can actually make people disappear. Peter's imagination takes him to extraordinary places. But when it takes him to the place where reality and daydreams meet, has it finally taken him too far? 1995 Notable Trade Books in the Language Arts (NCTE) Best Books 1994 (SLJ) 100 Titles for Reading and Sharing (WY Public Library)

From the pen of a master – the #1 bestselling, Booker Prize-winning author of Atonement – comes an astonishing novel that captures the fine balance of happiness and the unforeseen threats that can destroy it. A brilliant, thrilling page-turner that will keep readers on the edge of their seats. Saturday is a masterful novel set within a single day in February 2003. Henry Perowne is a contented man – a successful neurosurgeon, happily married to a newspaper lawyer, and enjoying good relations with his children. Henry wakes to the comfort of his large home in central London on this, his day off. He is as at ease here as he is in the operating room. Outside the hospital, the world is not so easy or predictable. There is an impending war against Iraq, and a general darkening and gathering pessimism since the New York and Washington attacks two years before. On this particular Saturday morning, Perowne’s day moves through the ordinary to the extraordinary. After an unusual sighting in the early morning sky, he makes his way to his regular squash game with his anaesthetist, trying to avoid the hundreds of thousands of marchers filling the streets of London, protesting against the war. A minor accident in his car brings him into a confrontation with a small-time thug. To Perowne’s professional eye, something appears to be profoundly wrong with this young man, who in turn believes the surgeon has humiliated him – with savage consequences that will lead Henry Perowne to deploy all his skills to keep his family alive.

Set in late 1980s Europe at the time of the fall of the Berlin Wall, Black Dogs is the intimate story of the crumbling of a marriage, as witnessed by an outsider. Jeremy is the son-in-law of Bernard and June Tremaine, whose union and estrangement began almost simultaneously. Seeking to comprehend how their deep love could be defeated by ideological differences Bernard and June cannot reconcile, Jeremy undertakes writing June's memoirs, only to be led back again and again to one terrifying encounter forty years earlier—a moment that, for June, was as devastating and irreversible in its consequences as the changes sweeping Europe in Jeremy's own time. In a finely crafted, compelling examination of evil and grace, Ian McEwan weaves the sinister reality of civiliation's darkest moods—its black dogs—with the tensions that both create love and destroy it.

A child’s abduction sends a father reeling in this Whitbread Award-winning novel that explores time and loss with “narrative daring and imaginative genius” (Kirkus Reviews, starred review). Stephen Lewis, a successful author of children’s books, is on a routine trip to the supermarket with his three-year-old daughter. In a brief moment of distraction, she suddenly vanishes—and is irretrievably lost. From that moment, Lewis spirals into bereavement that effects his marriage, his psyche, and his relationship with time itself: “It was a wonder that there could be so much movement, so much purpose, all the time. He himself had none at all.” In The Child in Time, acclaimed author Ian McEwan “sets a story of domestic horror against a disorienting exploration in time” producing “a work of remarkable intellectual and political sophistication” that has been adapted into a PBS Masterpiece movie starring Benedict Cumberbatch (Kirkus Reviews, starred review). “A beautifully rendered, very disturbing novel.” —Publishers Weekly

From the Booker Prize winning author of Amsterdam, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis’s cleaning lady, whose education has been subsidized by Cecilia’s and Briony’s father, and who, like Cecilia, has recently come down from Cambridge. By day’s end, their lives will be changed – irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone. Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, An Atonement is a profound – and profoundly moving – exploration of shame and forgiveness, of atonement and of the possibility of absolution.

Somerset Maugham Award winner: Dark early fiction by the author of Nutshell—“a splendid magician of fear” (Village Voice Literary Supplement). Taut, brooding, and densely atmospheric, the stories here show us how murder can arise out of boredom, perversity from adolescent curiosity—and how sheer evil can become the solution to unbearable loneliness. These short fiction pieces from the early career of the New York Times–bestselling and Man Booker Prize–winning author of Atonement and On Chesil Beach are claustrophobic tales of childhood, twisted psychology, and disjointed family life as terrifying as anything by Stephen King—and finely crafted with a lyricism and an intensity that compels us to confront our secret kinship with what repels us. “A powerful talent that is both weird and wonderful.” —TheBoston Sunday Globe “Ian McEwan’s fictional world combin[es] the bleak, dreamlike quality of de Chirico’s city-scapes with the strange eroticism of canvases by Balthus. Menace lies crouched between the lines of his neat, angular prose, and weird, grisly things occur in his books with nearly casual aplomb.” —The New York Times
