It was the terrible magic of the gray sword Sorrow that caused Ineluki's death - that, and mankind's attack on Sithi. The League of the Scroll believes that Sorrow has been given to Elias as the first step in some incomprehensible plan of revenge, a plan that will bring the earth beneath the heel of the undead Storm king. The only hope comes from a prophetic poem that seems to suggest that "three swords" might help turn back Ineluki's powerful magic.
