This set brings together all three of Patrick Lencioni's successful leadership fables: The Five Temptations of a CEO, The Four Obsessions of an Extraordinary Executive, and The Five Dysfunctions of a Team. Each book combines an engaging fictional story with insightful analysis to address some of th

In this stunning follow-up to his best-selling book, **The Five Temptations of a CEO**, Patrick Lencioni offers up another leadership fable that's every bit as compelling and illuminating as its predecessor. This time, Lencioni's focus is on a leader's crucial role in building a healthy organization—an often overlooked but essential element of business life that is the linchpin of sustained success. Readers are treated to a story of corporate intrigue as the frustrated head of one consulting firm faces a leadership challenge so great that it threatens to topple his company, his career, and everything he holds true about leadership itself. In the story's telling, Lencioni helps his readers understand the disarming simplicity and power of creating organizational health, and reveals four key disciplines that they can follow to achieve it.

In this stunning follow-up to his best-selling book, **The Five Temptations of a CEO**, Patrick Lencioni offers up another leadership fable that's every bit as compelling and illuminating as its predecessor. This time, Lencioni's focus is on a leader's crucial role in building a healthy organization—an often overlooked but essential element of business life that is the linchpin of sustained success. Readers are treated to a story of corporate intrigue as the frustrated head of one consulting firm faces a leadership challenge so great that it threatens to topple his company, his career, and everything he holds true about leadership itself. In the story's telling, Lencioni helps his readers understand the disarming simplicity and power of creating organizational health, and reveals four key disciplines that they can follow to achieve it.

Casey McDaniel had never been so nervous in his life. In just ten minutes, The Meeting, as it would forever be known, would begin. Casey had every reason to believe that his performance over the next two hours would determine the fate of his career, his financial future, and the company he had built from scratch. (How could my life have unraveled so quickly?!) he wondered. In his latest page-turning work of business fiction, best-selling author Patrick Lencioni provides readers with another powerful and thought-provoking book, this one centered around a cure for the most painful yet underestimated problem of modern business: bad meetings. And what he suggests is both simple and revolutionary. Casey McDaniel, the founder and CEO of Yip Software, is in the midst of a problem he created, but one he doesn't know how to solve. And he doesn't know where or who to turn to for advice. His staff can't help him; they're as dumbfounded as he is by their tortuous meetings. Then an unlikely advisor, Will Peterson, enters Casey's world. When he proposes an unconventional, even radical, approach to solving the meeting problem, Casey is just desperate enough to listen. As in his other books, Lencioni provides a framework for his groundbreaking model, and makes it applicable to the real world. Death by Meeting is nothing short of a blueprint for leaders who want to eliminate waste and frustration among their teams, and create environments of engagement and passion.

Another extraordinary business fable from the New York Times bestselling author Patrick Lencioni Written in the same dynamic style as his previous bestsellers including **The Five Dysfunctions of a Team**, Lencioni illustrates the principles of inspiring client loyalty through a fascinating business fable. He explains the theory of vulnerability in depth and presents concrete steps for putting it to work in any organization. The story follows a small consulting firm, Lighthouse Partners, which often beats out big-name competitors for top clients. One such competitor buys out Lighthouse and learns important lessons about what it means to provide value to its clients. Offers a key resource for gaining competitive advantage in tough times Shows why the quality of vulnerability is so important in business Includes ideas for inspiring customer and client loyalty Written by the highly successful consultant and business writer Patrick Lencioni This new book in the popular Lencioni series shows what it takes to gain a real and lasting competitive edge.

This set combines Pat Lencioni's three leadership fables, including the best-sellers **The Five Temptations of a CEO** and **The Four Obsessions of an Extraordinary Executive**. Lencioni's books use entertaining and easy-to-read fictional stories to illustrate his insights on building healthy organizations, then provide step-by-step analysis to help leaders implement these ideas.

A commemorative edition of the landmark book from Patrick Lencioni When it was published ten years ago, **The Five Temptations of a CEO** was like no other business book that came before. Highly sought-after management consultant Patrick Lencioni deftly told the tale of a young CEO who, facing his first annual board review, knows he is failing, but doesn't know why. Refreshingly original and utterly compelling, this razor-sharp novellette plus self-assessment (written to be read in one sitting) serves as a timeless and potent reminder that success as a leader can come down to practicing a few simple behaviors/behaviors that are painfully difficult for each of us to master. Any executive can learn how to recognize the mistakes that leaders can make and how to avoid them. The lessons of **The Five Temptations of a CEO**, are as relevant today as ever, and this special anniversary edition celebrates ten years of inspiration and enlightenment with a brand new introduction and reflections from Lencioni on the new challenges in business and leadership that have occurred in the past ten years.

In yet another page-turner, New York Times best-selling author and acclaimed management expert Patrick Lencioni addresses the costly and maddening issue of silos, the barriers that create organizational politics. Silos devastate organizations, kill productivity, push good people out the door, and jeopardize the achievement of corporate goals. As with his other books, Lencioni writes **Silos, Politics, and Turf Wars** as a fictional—but eerily realistic—story. The story is about Jude Cousins, an eager young management consultant struggling to launch his practice by solving one of the more universal and frustrating problems faced by his clients. Through trial and error, he develops a simple yet ground-breaking approach for helping them transform confusion and infighting into clarity and alignment.

An elegant, attractively priced box set of the bestselling leadership fables This set brings together all three of Patrick Lencioni's successful leadership fables: **The Five Temptations of a CEO**, **The Four Obsessions of an Extraordinary Executive**, and **The Five Dysfunctions of a Team**. Each book combines an engaging fictional story with insightful analysis to address some of the major obstacles facing leaders today. All three of the stories are aimed at helping readers build healthy organizations, focusing on results, not politics. While these tales are set in the business world, Lencioni's wisdom and practical advice will appeal to general readers and benefit leaders in any field. The classic and consistent design of the trilogy make this a perfect gift set. Patrick M. Lencioni (Emeryville, CA) is President of The Table Group, a management consulting firm specializing in executive team development and organizational effectiveness. As a consultant and executive coach, he has worked with hundreds of senior executives in organizations ranging from Fortune 500 companies and high tech start-ups to universities and nonprofits. Some of his clients include Novell, AT&T, Visa, and The Make-A-Wish Foundation of America. He has worked internationally in the United Kingdom, France, Germany, Holland, Switzerland, Canada, and Mexico.

A classic sort of love story...except somebody might wind up dead. Nobody knows Delilah like Logan does. Nobody. He makes sure of it by learning everything he can through her social media and watching her through a hidden camera he has trained on her house. Some might call him a stalker. Logan prefers to be called "romantic". But after Logan sees Delilah killing her abusive stepfather, he realizes there's still more about her to discover. His sweet, perfect Delilah isn't so perfect after all. Delilah knows she should feel guilty, but all she feels is free. She's so over the men in her life controlling her. Except Logan saw what she did, and he won't let her forget it. Delilah is done being the victim. And she refuses to be a character in Logan's twisted fantasy. If Logan won't let her go...she'll make him.

In **The Five Dysfunctions of a Team** Patrick Lencioni once again offers a leadership fable that is as enthralling and instructive as his first two best-selling books, **The Five Temptations of a CEO** and **The Four Obsessions of an Extraordinary Executive**. This time, he turns his keen intellect and storytelling power to the fascinating, complex world of teams. Kathryn Petersen, Decision Tech's CEO, faces the ultimate leadership crisis: Uniting a team in such disarray that it threatens to bring down the entire company. Will she succeed? Will she be fired? Will the company fail? Lencioni's utterly gripping tale serves as a timeless reminder that leadership requires as much courage as it does insight. Throughout the story, Lencioni reveals the five dysfunctions which go to the very heart of why teams even the best ones-often struggle. He outlines a powerful model and actionable steps that can be used to overcome these common hurdles and build a cohesive, effective team. Just as with his other books, Lencioni has written a compelling fable with a powerful yet deceptively simple message for all those who strive to be exceptional team leaders.
