The BBC eventually recovered the series from a domestic off-air FM recording, apparently comprising 90- and 60-minute compilations edited together from the original episodes. The sound quality of these recordings is clear and legible, though it is noticeably inferior to a studio-quality recording and exhibits prominent tape hiss .

Amazon.com: Customer reviews: The Hobbit (BBC Radio ...
In 1981 BBC Radio 4 produced a dramatisation of J. R. R. Tolkien's The Lord of the Rings in 26 half-hour stereo installments. The novel had previously been adapted as a 12-part BBC Radio adaptation in 1955 and 1956, and a 1979 production by The Mind's Eye for National Public Radio in the USA. Like the novel on which it is based, The Lord of the Rings is the story of an epic struggle

It's rubbish. Really bad. Like so many productions of "children's
books" this is almost like the BBC talking in that fake voice people
who don't know any children use. Lousy pronunciation, poor acting.

John Ronald Reuel Tolkien (1892-1973) was a brilliant writer who continues to leave his imaginative imprint on the mind and hearts of readers. He was once called the "creative equivalent of a people," and for more than sixty years his Middle-earth tales have captivated and delighted readers of all ages from all over the world. The Hobbit has long been recognized as a children's fantasy classic, and the heroic romance the Lord of the Rings has been called the most

influential story of all time. These stories have sold over 150 million copies worldwide and have been translated into over forty languages, and they, along with works such as the Silmarillion and the History of Middle-Earth, have convinced scores of readers and critics that Tolkien is the master writer of fantasy. Whether you've been a fan for years or you've just recently been hooked by the blockbuster Lord of the Rings movies, "I Am in Fact a Hobbit" is an excellent starting point into the life and work of J. R. R. Tolkien. Book jacket.

A detailed work of reference and scholarship, this one volume Encyclopedia includes discussions of all the fundamental issues in

in Tolkien's works theological/ philosophical concepts and philosophers Tolkien's contemporary history and culture works of literature

The painstakingly crafted world that J.R.R. Tolkien created for The Hobbit, The Lord of the Rings, and The Silmarillion is so vivid that it's easy to briefly imagine Middle-earth as a real place—even Tolkien himself had said it existed somewhere on Earth. From the languages spoken and the creatures that peopled it to the wars and cosmology, the richly imagined Middle-earth has left many artists and fans worldwide imagining what it would look and feel like to inhabit such a wildly inspired world. Tolkien left out no details in his picture so it is no surprise that Middle-earth has inspired such inventiveness in turn.

Envisioned is the first book to explore the artistic legacy left by Tolkien's world. Paintings, drawings, theatrical performances, radio serials, and films inspired by The Hobbit and The Lord of the Rings are all discussed in a manner that further illuminates the brilliance of Tolkien's creation. Readers will discover details surrounding an attempted Beatles live-action version (with Paul McCartney as Frodo Baggins), a nearly four-hour Canadian musical, the West End stage production of Lord of the Rings, and of course, the Peter Jackson films—including the Hobbit trilogy—and much more. In this beautifully illustrated gift book, discover the richness of Middle-earth anew, through the works of the artists inspired by it.

From NYT bestselling author Brian J. Robb and Paul Simpson, TV guide writer/reporter and the former editor of the Star Trek magazine.
