A fascinating exploration of slavery and its laws and an unforgettable portrait of a young woman in pursuit of freedom. “Reads like a legal thriller” (The Washington Post). It is a spring morning in New Orleans, 1843. In the Spanish Quarter, on a street lined with flophouses and gambling dens, Madame Carl recognizes a face from her past. It is the face of a German girl, Sally Miller, who disappeared twenty-five years earlier. But the young woman is property, the slave of a nearby cabaret owner. She has no memory of a “white” past. Yet her resemblance to her mother is striking, and she bears two telltale birthmarks. In brilliant novelistic detail, award-winning historian John Bailey reconstructs the exotic sights, sounds, and smells of mid-nineteenth-century New Orleans, as well as the incredible twists and turns of Sally Miller’s celebrated and sensational case. Did Miller, as her relatives sought to prove, arrive from Germany under perilous circumstances as an indentured servant or was she, as her master claimed, part African, and a slave for life? *The Lost German Slave Girl* is a tour de force of investigative history that reads like a suspense novel. “Bailey keeps us guessing until the end in this page-turning true courtroom drama of 19th-century New Orleans . . . [He] brings to life the fierce legal proceedings with vivid strokes.” —Publishers Weekly, starred review

Historical narrative based in 19th century America, about the battle to free an enslaved German girl. In 1843 New Orleans, Madame Carl recognises the daughter of her closest friend who she last saw 25 years ago. The young woman is the slave of a Frenchman owner of a nearby caberet. Narrative

examines slavery laws during the 19th century, describes the court room drama surrounding the case, and offers a portrait of a young woman in pursuit of freedom. Includes endnotes. Author is winner of the NSW Premier's Award for History, and the WA Premier's Literary Award for Non-fiction. He has previously written 'The White Divers of Broome'.

In brilliant novelistic detail, an award-winning historian presents the story of a slave named Sally Miller, who in 1843 was believed by members of the New Orleans' German community to have been illegally enslaved.

White Cargo is the forgotten story of the thousands of Britons who lived and died in bondage in Britain's American colonies. In the seventeenth and eighteenth centuries, more than 300,000 white people were shipped to America as slaves. Urchins were swept up from London's streets to labor in the tobacco fields, where life expectancy was no more than two years. Brothels were raided to provide "breeders" for Virginia. Hopeful migrants were duped into signing as indentured servants, unaware they would become personal property who could be bought, sold, and even gambled away. Transported convicts were paraded for sale like livestock. Drawing on letters crying for help, diaries, and court and government archives, Don Jordan and Michael Walsh demonstrate that the brutalities usually associated with black slavery alone were perpetrated on whites throughout British rule. The trade ended with American independence, but the British still tried to sell convicts in their former colonies, which prompted one of the most audacious plots in Anglo-American history. This is a saga of exploration and cruelty spanning 170 years that has been submerged under the overwhelming memory of black slavery. White Cargo brings the brutal, uncomfortable story to the surface.

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

The personal story of the former Secretary of State traces her childhood in segregated Alabama, describes the influence of people who shaped her life and pays tribute to her parents' characters and sacrifices. Reprint. A best-selling book.

A thrilling piece of undiscovered history, this is the true account of a young Jewish woman who survived World War II

Online Library The Lost German Slave Extraordinary True Story Of Sally Miller And

in Berlin. In 1942, Marie Jalowicz, a twenty-year-old Jewish Berliner, made the extraordinary decision to do everything in her power to avoid the concentration camps. She removed her yellow star, took on an assumed identity, and disappeared into the city. In the years that followed, Marie took shelter wherever it was offered, living with the strangest of bedfellows, from circus performers and committed communists to convinced Nazis. As Marie quickly learned, however, compassion and cruelty are very often two sides of the same coin. Fifty years later, Marie agreed to tell her story for the first time. Told in her own voice with unflinching honesty, *Underground in Berlin* is a book like no other, of the surreal, sometimes absurd day-to-day life in wartime Berlin. This might be just one woman's story, but it gives an unparalleled glimpse into what it truly means to be human.

Color illustrations accompany the words to the well-known hymn written by John Newton. Includes sheet music.

BEST BOOKS of 2017 SELECTION by * THE WASHINGTON POST * NEW YORK POST * The harrowing, but triumphant story of Ellen Johnson Sirleaf, leader of the Liberian women's movement, winner of the Nobel Peace Prize, and the first democratically elected female president in African history. When Ellen Johnson Sirleaf won the 2005 Liberian presidential election, she demolished a barrier few thought possible, obliterating centuries of patriarchal rule to become the first female elected head of state in Africa's history. *Madame President* is the inspiring, often heartbreaking story of Sirleaf's evolution from an ordinary Liberian mother of four boys to international banking executive, from a victim of domestic violence to a political icon, from a post-war president to a Nobel Peace Prize winner. Pulitzer Prize-winning journalist and bestselling

Online Library The Lost German Slave Extraordinary True Story Of Sally Miller And

author Helene Cooper deftly weaves Sirleaf's personal story into the larger narrative of the coming of age of Liberian women. The highs and lows of Sirleaf's life are filled with indelible images; from imprisonment in a jail cell for standing up to Liberia's military government to addressing the United States Congress, from reeling under the onslaught of the Ebola pandemic to signing a deal with Hillary Clinton when she was still Secretary of State that enshrined American support for Liberia's future. Sirleaf's personality shines throughout this riveting biography. Ultimately, Madame President is the story of Liberia's greatest daughter, and the universal lessons we can all learn from this "Oracle" of African women.
