Set against Iceland's stark landscape, Hannah Kent brings to vivid life the story of Agnes, who, charged with the brutal murder of her former master, is sent to an isolated farm to await execution. Set against Iceland's stark landscape, Hannah Kent brings to vivid life the story of Agnes, who, charged with the brutal murder of her former master, is sent to an isolated farm to await execution. Horrified at the prospect of housing a convicted murderer, the family at first avoids Agnes. Only Tv=ti, a priest Agnes has mysteriously chosen to be her spiritual guardian, seeks to understand her. But as Agnes's death looms, the farmer's wife and their daughters learn there is another side to the sensational story they've heard. Riveting and rich with lyricism, Burial Rites evokes a dramatic existence in a distant time and place, and asks the question, how can one woman hope to endure when her life depends upon the stories told by others?

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. Monsieur Lecoq is an energetic young Parisian police officer created by Émile Gaboriau, who solves crimes and mysteries in methodical and scientific manner. The character of Monsieur Lecoq was based on a real-life thief turned police officer - Vidocq. "No writer better articulates our interest in the confluence of hope, eccentricity, and the timelessness of the bold and strange than Paul Collins."—Dave Eggers On Long Island, a farmer finds a duck pond turned red with blood. On the Lower East Side, two boys playing at a pier discover a floating human torso wrapped tightly in oilcloth. Blueberry pickers near Harlem stumble upon neatly severed limbs in an overgrown ditch. Clues to a horrifying crime are turning up all over New York, but the police are baffled: There are no witnesses, no motives, no suspects. The grisly finds that began on the afternoon of June 26, 1897, plunged detectives headlong into the era's most baffling murder mystery. Seized upon by battling media moguls Joseph Pulitzer and William Randolph Hearst, the case became a publicity circus. Reenactments of the murder were staged in Times Square, armed reporters lurked in the streets of Hell's Kitchen in pursuit of suspects, and an unlikely trio—a hard-luck cop, a cub reporter, and an eccentric professor—all raced to solve the crime. What emerged was a sensational love triangle and an even more sensational trial: an unprecedented capital case hinging on circumstantial evidence around a victim whom the police couldn't identify with certainty, and who the defense claimed wasn't even dead. The Murder of the Century is a

Sea-Wolves of the Mediterranean' is Edward Hamilton Currey's most famous work. It was originally published in 1910, and is an audacious text. It attempts to place Mediterranean piracy in the context of its times, when life was violent, politics was crude and greatness determined by force. The book was celebrated by many as a factually accurate, measured and generally empathetic account. In the preface to the text, Currey wrote that the book's 'supreme qualification' was its 'interest.' We are republishing this wonderful history of piracy with a short introduction to the text and it's author.

Every fifty years, a cult claims twelve men to murder in a small Texas town. Can one girl end the cycle of violence - and save the boy who broke her heart? "A richly woven tale of magic and murder and vengeance. This book kept me up all night! One of the best stories I've read all year." - Shea Ernshaw, New York Times bestselling author of *The Wicked Deep* San Solano, Texas, is a quaint town known for its charm, hospitality, and history of murder. Twice now, twelve men have been brutally killed, and no one knows who did it. A shadowy witch? A copycat killer? Or a man-hating murderess? Eighteen-year-old Natalie Colter is sure that the rumors about her great-great-grandmother's cult of wronged women are just gossip, but that doesn't stop the true-crime writers and dark tourism bloggers from capitalizing on the town's reputation. It's an urban legend that's hard to ignore, and it gets harder when Nat learns that the sisterhood is real. And magical. And they want her to join. The more Nat learns of the Wardens' supernatural history, the more she wonders about the real culprits behind the town's ritualistic murders. Are the Wardens protecting San Solano from even darker forces? There are shadows in the woods, bones on the outskirts of town, and questions Nat needs answered. But everything becomes more urgent when people start getting "marked" as new victims—including Levi Langford, the boy whose kiss haunted Nat for a year. With Levi in danger, doing nothing would be harder than fighting back. Nat knows that no one is safe. Can she and the sisterhood stop the true evil from claiming their town?

Turn-of-the-century Paris was the beating heart of a rapidly changing world. Painters, scientists, revolutionaries, poets -- all were there. But so, too, were the shadows: Paris was a violent, criminal place, its sinister alleyways the haunts of Apache gangsters and its cafes the gathering places of murderous anarchists. In 1911, it fell victim to perhaps the greatest theft of all time -- the taking of the Mona Lisa from the Louvre. Immediately, Alphonse Bertillon, a detective world-renowned for pioneering crime-scene investigation techniques, was called upon to solve the crime. And quickly the Paris police had a suspect: a young Spanish artist named Pablo Picasso....
