Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hoey Alerts! Watch for Hoey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA ***** The Simple Board Member Orientation Process Using This Book: 1.Your board members read Chapters 1-9 of the book, which will provide them with insights regarding the key elements of nonprofit board service. 2.You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3.You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!

A new framework for helping nonprofit organizations maximize the effectiveness of their boards. Written by noted consultants and researchers attuned to the needs of practitioners, Governance as Leadership redefines nonprofit governance. It provides a powerful framework for a new covenant between trustees and executives: more macrogovernance in exchange for less micromanagement. Informed by theories that have transformed the practice of organizational leadership, this book sheds new light on the traditional fiduciary and strategic work of the board and introduces a critical third dimension of effective trusteeship: generative governance. It serves boards as both a resource of fresh approaches to familiar territory and a lucid guide to important new territory, and provides a road map that leads nonprofit trustees and executives to governance as leadership. Governance as Leadership was developed in collaboration with BoardSource, the premier resource for practical information, tools and best practices, training, and leadership development for board members of nonprofit organizations. Through its highly acclaimed programs and services, BoardSource enables organizations to fulfill their missions by helping build effective nonprofit boards and offering credible support in solving tough problems. Now even with limited resources, nonprofit leaders will learn how to: eliminate redundant or outdated policies; add new policies more effectively; clearly guide the CEO and evaluate his or her performance; ensure compliance with relevant legislation and regulations; understand why certain policies should be included; and adapt the authors' templates to their specific needs.

THE PRACTITIONER 'S GUIDE TO GOVERNANCE AS LEADERSHIP The Practitioner 's Guide to Governance as Leadership offers a resource that shows how to achieve excellence and peak performance in the boardroom by putting into practice the groundbreaking model that was introduced in the book, Governance as Leadership. This proven model of effective governance explores how to attain proficiency in three governance modes or mindsets: fiduciary, strategic, and generative. Throughout the book, author Cathy Trower offers an understanding of the Governance as Leadership model through a wealth of illustrative examples of high-performing nonprofit boards. She explores the challenges of implementing governance as leadership and suggests ideas for getting started and overcoming barriers to progress. In addition, Trower provides practical guidance for optimizing the practices that will improve organizational performance including: flow (high skill and high purpose), discernment, deliberation, divergent thinking, insight, meaningfulness, consequence to the organization, and integrity. In short, the book is a combination of sophisticated thinking, instructive vignettes, illustrative documents, and practical recommendations. The book includes concrete strategies that can help improve critical thinking in the boardroom, a board 's overall performance as a team, as well as information for creating a strong governance culture and understanding what is required of an effective CEO and a chairperson. To determine a board 's fitness and help the members move forward, the book contains three types of assessments: board members evaluate each other; individual board member assessments; and an overall team assessment. This practitioner 's guide is written for nonprofit board members, chief executives, senior staff members, and anyone who wants to reflect on governance, discern how to govern better, and achieve higher performance in the process.

Designed to help nonprofit board members and senior staff, "The six books address all of the fundamental elements of service common to most boards, including board member responsibilities, how to structure the board in the most efficient manner, and how to accomplish governance work in the spirit of the mission of the organization."--Pg. 2 of Book 1.

Nonprofits leaders are optimistic by nature: they believe with time, energy, smarts, strategy and sheer will, they can change the world. But too many cooks, not enough money, an abundance of passion, can make you feel there are too many obstacles to overcome. Garry shows you how to build a powerhouse board, create an impressive and sustainable fundraising program, renew your passion for your mission and organization, and become a bigger difference in the world.

Ah, simplicity.That's not a word usually voiced in the same breath as ?board evaluation.? Or conciseness ? and clarity ? and cogency.Yet all four aptly describe Gayle Gifford's book, How Are We Doing: A 1-Hour Guide to Evaluating Your Performance as a Nonprofit Board. Until now, almost all books dealing with board evaluation have had an air of unreality about them. The perplexing graphs, the matrix boxes, the overlong questionnaires. It took only a thumbing through to render a judgment: "My board's going to use this? Get real!"Enter Gayle Gifford. Inhale the fresh air. See the ground break. Watch the clutter clear.Gifford has pioneered an elegantly simple and enjoyable ? yes, enjoyable ? way for nonprofit boards to evaluate and improve its overall performance.It all comes down to answering a host of straightforward questions ? questions that, as Graham Greene would say, get to "the heart of the matter." Here is a sampling:-Have we set a goal for the good we want to do?-How well do we know our community's needs?-Do we know if our programs are having an impact?-Do we ask the right financial questions?-Do we govern and resist the temptation to manage?-Do we recruit the board members we need?-Have we decided the board's role in fundraising?It doesn't matter whether the setting is formal, as in a special board meeting, or casual ? the chairperson's living room. It doesn't matter whether you have 75 board members or seven.It doesn't matter whether yours is an established institution or a grassroots start-up. All that matters is that the questions are answered candidly and the responses discussed. It doesn't get any easier than that.It's all so refreshing ? the thought of an invigorating discussion taking place, without pretense or pedantry, during which board members reflect on their job, gain a fuller understanding of their organization, explore their strengths and shortcomings, grow more cohesive, sense new potential ? and come away genuinely energized by the process ? and far better equipped to govern.Gifford has done nothing less than transform the way boards will evaluate themselves from this day forward.Oh, the simplicity of it all.
