Lonely, middle-aged women, women with a bit of property perhaps... Matters go from bad to worse: for Kurt Janisch, for the women who fall for him. Someone sees too much, knows too much. Soon there's a body in a lake and a murderer to be caught. A thriller set amid the mountains and small towns of southern Austria, Greed is Elfriede Jelinek's most accessible novel since *The Piano Teacher*. But as always Jelinek gives the

reader a lot more to think about: the ecological costs of affluence, the inescapable burden and inadequacy of our everyday words, the exploitative nature of relations between men and women, the impossibility of life without relationships. A meditative reflection on ageing, Greed is another chapter in Jelinek's chronicling of her love/hate relationship with Austria.

Nobel Prize winner Elfriede Jelinek is known as a writer who works in response to contemporary crises and cultural phenomena. Perhaps none of her works display that quality as clearly as *On the Royal Road*. Three weeks after Donald Trump's election, Jelinek mailed her German editor the first

In this drama we discover that a 'king', blinded by himself, who has made a fortune with real estate, golf courses and casinos, suddenly rules the United States, and the rest of the people of the world rub their eyes in disbelief until no one sees anything anymore. On the Royal Road brings into focus the phenomenon of right-wing populism.
