"The Romantics is a smart, edgy novel that is wickedly insightful about class and privilege, amusingly cynical about love and friendship, and thoroughly entertaining throughout. Galt Niederhoffer is an elegant prose stylist and a shrewd social observer."—Tom Perrotta Laura and Lila were once as close as could be--college roommates at the center of a tight-knit group of friends. But the friendship has wilted a bit. Now, ten years after college, the friends--and the boyfriend they shared--have reunited for Lila's wedding at her family's seaside estate in Maine. Laura is reserved, single, and the only Jew in the group, while the bride, Lila, is a WASP-y moneyed golden girl, and the groom, Tom, a swim team star from a working class Catholic background, is a perfect paradox of confidence and confusion. As the wedding draws near and wine flows faster, the disappointments and desires of the reuniting friends come quickly to the surface. A drunken game on the estate's dock goes awry when the revelers are pulled out to sea by the current. When they swim back to shore, they are short by one—the groom. The search throws the group's shifting allegiances into relief and results in new betrayals as well as confessions. With Lila's family's picture-perfect Maine summer house as the backdrop, Laura not only sees her old friends in a new light, but reassesses herself as well—is she the only one of the group destined to be unmarried into her thirties? Was it always this obvious that she was the only Jew in a pride of WASPs? Struggling with the traditionally thankless role of maid of honor—not to mention contending with Lila's formidable mother Augusta—Laura also realizes she can't stop thinking about her complicated, long and intense relationship with the groom. But isn't that relationship far in the past? A wry observer of cultural and social mores, Niederhoffer creates a pitch-perfect group of characters and a winning novel about friendship, class and love.

The Barnacle sisters--Bell, Bridget, Benita, Beryl, Belinda and Beth--have been raised in New York bytheir eccentric, self-made father in a fabulous, gigantic Fifth Avenue apartment that, encrusted with Barry Barnacle's scientific collections, feels like a little piece of the Museum of Natural History transplanted to the other side of Central Park. Now that most of the sisters have come of age, Barry Barnacle proposes a contest, a test of wits and wills that should at long last settle what is to Barry the most essential of all questions: nature, or nurture? Whichever of his daughters can most spectacularly carry on his name will inherit his fortune; the others are out cold. It's a proposition to set a Jane Austen heroine on her ear, but in Galt Niederhoffer's A Taxonomy of Barnacles, the Barnacle girls are up to the challenge. Throw the girls' mother Bella and their childhood crushes--the Finch twins next door--into the mix and the stage is set for a completely inventive and utterly fresh social comedy that is as beautifully written as it is unique.

From the bestselling author whose prose "matches the best of John Grisham and Scott Turow" (Providence Journal) comes a gripping thriller featuring attorney Dismas Hardy as he investigates the murder of a wealthy man whose heirs are all potential suspects. Finally recovered from two gunshot wounds, Dismas Hardy is looking forward to easing into retirement and reconnecting with his family. But he is pulled back into the courtroom when Grant Wagner, the steely owner of a successful family business, is murdered. The prime suspect is Wagner's bookkeeper Abby Jarvis, a former client of Hardy's, who had been receiving large sums of cash under-the-table from the company—but she insists that she's innocent. Preparing for trial, Dismas investigates the Wagner clan and discovers dark, twisted secrets, jealous siblings, gold-digging girlfriends, betrayals, and blackmail. The closer he gets to the Wagners, the clearer it becomes that Dismas has a target painted on his back. With razor-sharp dialogue and whip-smart plotting, Poison once again demonstrates that "Lescroart is a master craftsman" (Associated Press).

In Nora Zelevansky's hilarious debut, Semi-Charmed Life, an Upper West Side naïf, Beatrice Bernstein, gets swept up in the seemingly magical life of famous-for-nothing twenty-something, Veruca Pieffermoose, while ghost writing her blog. But when her new glitzy lifestyle starts to take on dark undertones, Beatrice has to decide who she is—once and for all. With her own magical touch, Zelevansky deftly explores the world of rarified Manhattan in this sparkling modern fairy tale of first love, finding one's voice and growing up.

Joe, an unemployed alcoholic, tries to improve his relationship with his teenage daughter Adele, set in a remote town in northern New Brunswick. This is a story of love, hate, desire and survival.

Twenty-two of today's most talented writers (and comics fans) unite in Who Can Save Us Now?, an anthology featuring brand-new superheroes equipped for the threats and challenges of the twenty-first century -- with a few supervillains thrown in for good measure. Edited and with contributions by Owen King (We're All in This Together) and John McNally (America's Report Card), Who Can Save Us Now? enriches the superhero canon immeasurably. With mutations stranger than the X-Men and with even more baggage than the Hulk, this next generation of superheroes is a far cry from your run-of-the-mill caped crusader. From the image-conscious and not-very-mysterious masked meathead who swoops in and sweeps the tough girl reporter off her feet; to the Meerkat, who overcomes his species' cute and cuddly image to become the resident hero in a small Midwestern city; to the Silverfish, "the creepy superhero," who fights crime while maintaining the slipperiest of identities; to Manna Man, who manipulates the minds of televangelists to serve his own righteous mission, these protectors (and in some cases antagonizers) of the innocent and the virtuous will delight literary enthusiasts and comic fans alike. With stunning illustrations by artist Chris Burnham, Who Can Save Us Now? offers a vibrant, funny, and truly unusual array of characters and their stories.

This novel follows the 8 protagonists of series 3 and the forthcoming series 4 over the course of the college summer break. Brand new storylines, that don't feature in the series, or the upcoming film. Effy, Freddie, JJ, Cook, Naomi, Pandora, Thomas and Katie are all dealing with the aftermath of the events at the end of series 3. Effy has fled to Italy with her mum, where she tries to put her feelings for Freddie, and the guilt she feels for stealing him from Katie out of her mind. The perfect distraction comes in the form of sophisticated older man, Aldo... Naomi and Emily are struggling with spending time apart when Em goes to France with her parents and battles with her stubborn twin sister, Katie. Back in Bristol, Naomi pines for Emily while wondering about her future education. Thomas and Pandora are sweetly in love, and finding it difficult to consummate their feelings for each other. Freddy and Cook are engaged in a vigorous game of sexual one-upmanship with a frustrated JJ as referee... By the end of the summer, the gang will have resolved some issues and brought up some more, but always in the raw, uncompromising, contradictory and authentic narrative style that makes the series so popular and compelling. WARNING: EXPLICIT CONTENT. Language and sexual references are graphic.

Jean Banks won't give up on love. It's the prism through which she sees the world, the stuff of the independent movies she produces in New York City, and it created the son and daughter she shares with her director husband, Sam. But the course of love doesn't run smooth for a harried woman in her mid-thirties who feel her choices and responsibilities solidifying around her, becoming permanent. And what's wrong with keeping alive a private connection to love by remembering the paths not taken, the men not engaged with? Love and Happiness tackles the eternal, essential subjects of love and commitment through one woman's struggle to sort out her romantic life. How will Jean resolve the emotional chaos raised in her heart by her attractions to her husband, a former flame and a mysterious but tantalizing stranger? Is it possible to love more than one man fully? Set partly in the illogical world of independent movies—a world author Galt Niederhoffer knows well—and in New York City and Los Angeles, Love and Happiness is a rich, intense story of love and attraction, choice and consequence.
