Maugham : A Biography by...

Like George Orwell, Henry James, and other untrusting souls, W. Somerset Maugham wanted no biography; but unlike them, he provided a lesson in the odium which an indiscreet account of a life can bring by composing his own. Written when he was 88, Maugham ' s memoir, Looking Back, was met by disgust and dismay at the venomous portrait the author drew of his deceased former wife.

Weaves an illuminating story of human ingenuity. Design journalist Kassia St. Clair guides us through the technological advancements and cultural customs that would redefine human civilization—from the fabric that allowed mankind to achieve extraordinary things (traverse the oceans and shatter athletic records) and survive in unlikely places (outer space and the South Pole). She peoples her story with a motley cast of characters, including Xiling, the ancient Chinese empress credited with inventing silk, to Richard the Lionhearted and Bing Crosby. Offering insights into the economic and social dimensions of clothmaking—and countering the enduring, often demeaning, association of textiles as “merely women’s work”—The Golden Thread offers an alternative

guide to our past, present, and future.

Selina Hastings

Fact is a poor story-teller as Maugham reminds us. Fact starts a story at random, rambles on inconsequently and tails off , leaving loose ends, without a conclusion. It works up to an interesting situation, has no sense of climax and whittles away its dramatic effects in irrelevance. While some novelists believe this is a proper model for fiction, Maugham believes that fiction should not seek to copy life, but instead choose from life what is curious, telling, and dramatic, but keep to it closely enough not to shock the reader into disbelief. In short, fiction should excite, interest, and absorb the reader. Ashenden: The British Agent is founded on Maugham's experiences in the English Intelligence Department during World

War I, but rearranged for the purposes of fiction. This fascinating book contains the most expert stories of espionage ever written. For a period of time after it was first published the book became official required reading for persons entering the secret service. The plot follows the imaginary John Ashenden who during World War I is a spy for British Intelligence. He is sent first to Geneva and later to Russia. Instead of one story from start to finish, the chapters contain individual stories involving many different characters. All of the people whom Ashenden meet during his travels have their own reason for being involved in the spy game, and each are more complex than they first look.
