complications.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

All Jack Blank knows is his bleak, dreary life at St. Barnaby ' s Home for the Hopeless, Abandoned, Forgotten, and Lost, an orphanage that sinks further into the swampland of New Jersey with each passing year. His aptitude tests predict that he will spend a long, unhappy career as a toilet brush cleaner. His only chance at escape comes through the comic books donated years ago to the orphanage that he secretly reads in the dark corners of the library. Everything changes one icy gray morning when Jack receives two visitors that alter his life forever. The first is a deadly robot straight out of one of his comic books that tries its best to blow him up. The second is an emissary from a secret country called the Imagine Nation, an astonishing place where all the fantastic and unbelievable things in our world originate - including Jack. Jack soon discovers that he has an amazing ability--one that could make him the savior of the Imagine Nation and the world beyond, or the biggest threat they've ever faced.

Fans of Brandon Mull and James Riley will love this middle grade fantasy trilogy about a regular kid who discovers that the truth about his past could be the answer to saving the future. All Jack Blank knows is his bleak, dreary life at St. Barnaby ' s Home for the Hopeless, Abandoned, Forgotten, and Lost, an orphanage that sinks more and more into the swampland of New Jersey with each passing year. His aptitude tests project him as spending a long, unhappy career as a toilet brush cleaner. His only chance at escape comes through the comic books donated years ago to the orphanage that he secretly reads in the dark corners of the library. Everything changes one icy gray morning when Jack receives two visitors that alter his life forever. The first is a deadly robot straight out of one of his comic books that tries its best to blow him up. The second is an emissary from a secret country called the Imagine Nation, an astonishing place where all the fantastic and unbelievable things in our world originate—including Jack. Jack soon discovers that he has an amazing ability—one that could make him the savior of the Imagine Nation and the world beyond, or the biggest threat they ' ve ever faced.

Jack Blank confronts his destiny in this action-packed conclusion to the trilogy Publishers Weekly calls a “ no-holds-barred adventure. ” Ever since Jack Blank learned that he came from the amazing country of the Imagine Nation, he ' s known that his fate could go down two very different paths—he could either be the greatest hero the world has ever known, or its greatest villain. Now the final battle is here, and it ' s time for Jack to discover the direction of his destiny. The action-packed trilogy concludes with more surprises, twists, and adventure than ever—along with the same humor and heart that has brought so many fans to Jack ' s story.

Fans of Brandon Mull and James Riley will love this action-packed, accessible fantasy series opener about one kid ' s journey to discover magic as he ' s caught up in an epic battle between two powerful ancient orders. Twelve-year-old daydreamer Joey Kopecky ' s life has been turned upside down. After acing a series of tests, he ' s declared a genius and awarded a full scholarship at a special (year-round!) school. He ' s understandably devastated, until he takes one last test, and the room around him disappears, replaced by the interior of an old theater. There, Joey meets the washed-up magician, Redondo the Magnificent, and makes a shocking discovery...magic is real, but sadly, there isn ' t much left in the world. It may be too late to save what little remains, but for the first time in his life Joey wants to try—really try—to do something big. Soon he ' s swept up into a centuries-old conflict between two rival societies of magicians—the Order of the Majestic, that fights to keep magic alive and free for all, and the dark magicians of the Invisible Hand, who hoard magic for their own evil ends. The endless battle for control of magic itself has reached a tipping point. For Redondo and the Order to survive, Joey must inherit the lost legacy of Harry Houdini. Will he prove

himself worthy, or will the Invisible Hand strike him down? The answer will depend on Joey ' s ability to believe, not just in magic, but in himself.

When Fate puts the Secret Map of the World into Joey Kopecky, Shazad, and Leanora's hands, they set out to find a lost kingdom that could hold the key to a new age of magic.

Joey Kopecky and his friends Shazad and Leanora have one last chance to defeat the Invisible Hand.

Elam Harnish has more money than he would ever need. As he accumulates wealth as a successful entrepreneur in the Alaskan Gold Rush, Harnish must face the challenges of the Yukon Territory. After he makes a fortune, Harnish finds himself still unsatisfied. In efforts to find a new challenge and make more money, Harnish decides to move down to the mainland of America, settling in California. However, after a group of money kings threaten to take his entire amassed fortune, Harnish resorts to violence to recover it, endangering him both physically and morally as he slides down a slippery slope of immorality. Realizing that he can make even more money with undercut business practices, Harnish slowly becomes corrupt, making shady business deals, cheating, and being dishonest. While it gives him more wealth, Harnish soon realizes that money is not all he wants in life. After one of his employees catch his eye, Harnish resorts to harassing her for attention. However, she is a woman of strong will and morals, and refuses his advances. Harnish realizes that she will never reciprocate his attraction if he continues his shady business dealings, but what if it is too late to redeem himself? Filled with action and suspense, Jack London ' s *Burning Daylight* brings an exciting twist to the classic enemies to lovers storyline. Featuring two exciting settings—California and Alaska, *Burning Daylight* is an entertaining glimpse into the gold rush era of the United States. Through the use of amusing caricatures of hyper-masculinity and hyper-femininity, London ' s romance novel also provides intriguing insight on the early 20th century gender expectations. *Burning Daylight* has inspired several film adaptations over the years, and was among the list of best-selling books when it was released in 1910. With adaptations and record sales, Jack London ' s *Burning Daylight* proves that it is a prolific work able to be enjoyed by audiences even in the 21st century. This edition of *Burning Daylight* by Jack London is now presented with a new, eye-catching cover and is printed in an easy-to-read font, making it both modern and accessible.
