This diary of a monastic life is "a continuation of *The Seven Storey Mountain* . . . Astonishing" (Commonweal). Chronicling six years of Thomas Merton's life in a Trappist monastery, *The Sign of Jonas* takes us through his day-to-day experiences at the Abbey of Our Lady of Gethsemani, where he lived in silence and prayer for much of his life. Concluding with the account of Merton's ordination as a priest, this diary documents his growing acceptance of his vocation—and the greater meaning he found within his private world of contemplation. "This book is made unmistakably real and almost, at times, unbearably poignant by the fact that the exuberance of youth so often wells up through it with rapture, impatience, and even bluster." —*The New York Times* "A stirring book—the most readable and on the whole, most illuminating of the author's writings." —*Catholic World*

The complete and unedited edition of Thomas Merton's famous autobiography, one of the greatest works of spiritual pilgrimage ever written.

Thomas Merton was arguably the twentieth century's most widely published and widely read spiritual writer. This book explores Merton's prophetic writings and experience as they offer guidance for spiritual seekers in their search to experience God, to simplify their lives, to live more humanly, and to shape Christian community in the face of alienation, consumerism, noise, and technology. The book includes parts of three previously unpublished conference contributions by Merton on technology.

This volume is a stimulating series of spiritual reflections which will prove helpful for all struggling to find the meaning of human existence and to live the richest, fullest and noblest life. --Chicago Tribune

## Access Free The Sign Of Jonas Thomas Merton

Thomas Merton wrote *The Silent Life* a decade after he took orders. In his Prologue, Merton describes the book as "a meditation on the monastic life by one who, without any merit of his own, is privileged to know that life on the inside . . . who seeks only to speak as the mouthpiece of a tradition centuries old." It is a remarkable work—one that combines a lucid and informative description of the nature and forms of monasticism, communal and solitary, with a passionate defense of the contemplative's quest for God. The intense beauty of Merton's meditation, radiating from beneath its surface calm, makes *The Silent Life* a classic of its kind.

This is quintessential Merton.--The Catholic Review.

Thomas Merton (1915-1968) is the most admired of all American Catholic writers. His journals have recently been published to wide acclaim. The collection of Merton's letters in *The Hidden Ground of Love* were selected and edited by William H. Shannon.

In this series of notes, opinions, experiences, and reflections, Thomas Merton examines some of the most urgent questions of our age. With his characteristic forcefulness and candor, he brings the reader face-to-face with such provocative and controversial issues as the "death of God," politics, modern life and values, and racial strife—issues that are as relevant today as they were fifty years ago. *Conjectures of a Guilty Bystander* is Merton at his best—detached but not unpassionate, humorous yet sensitive, at all times alive and searching, with a gift for language which has made him one of the most widely read and influential spiritual writers of our time.

For forty years, James Finley's *Merton's Palace of Nowhere* has been the standard text for exploring, reflecting on, and understanding the rich vein of Thomas Merton's thought. Spiritual identity is the quest to know who we are, to find meaning, to overcome that sense of "Is this all there is?" Merton's message cuts to the heart of this universal quest, and Finley illuminates that message as no one else can. As a young man of eighteen, Finley left home for an unlikely destination: the Abbey of Gethsemani, where Thomas Merton lived as a contemplative. Finley stayed at the monastery for six maturing years and later wrote this *Merton's Palace of Nowhere* in order to share a taste of what he had learned on his spiritual journey under the guidance of one of the great religious figures of our time. At the heart of the quest for spiritual identity are Merton's illuminating insights—leading from an awareness of the false and illusory self to a realization of the true self. Dog-eared, tattered, underlined copies of this book are found on the bookshelves of retreat centers, parish libraries, and the homes of spiritual seekers everywhere. This anniversary edition brings a classic to a new generation and includes a new preface by Finley.
