marriage, detailing their little-known histories and personalities. Reprint.

The New York Times bestselling history of the legendary six wives of Henry VIII--from the acclaimed author of Marie Antoinette. Under Antonia Fraser's intent scrutiny, Catherine of Aragon emerges as a scholar-queen who steadfastly refused to grant a divorce to her royal husband; Anne Boleyn is absolved of everything but a sharp tongue and an inability to produce a male heir; and Catherine Parr is revealed as a religious reformer with the good sense to tack with the treacherous winds of the Tudor court. And we gain fresh understanding of Jane Seymour's circumspect wisdom, the touching dignity of Anna of Cleves, and the youthful naivete that led to Katherine Howard's fatal indiscretions. The Wives of Henry VIII interweaves passion and power, personality and politics, into a superb work of history.

If your school's homecoming king had a little too much in common with Henry VIII, would you survive with your head still attached? You'd think being the new girl in a tiny town would equal one very boring senior year. But if you're me--Annie Marck, alias Cleves--and you accidentally transform into teenage royalty by entering Lancaster High on the arm of the king himself? Life becomes the exact opposite

of boring. Henry has it all: he's the jock, the genius and the brooding bad boy all in one. Which sort of explains why he's on his sixth girlfriend in two years. What it doesn't explain is why two of them—two of us—are dead. My best friend thinks it's Henry's fault, which is obviously ridiculous. My nemesis says we shouldn't talk about it, which is straight-up sketchy. But as the resident nosy new girl, I'm determined to find out what really happened to Lancaster's dead queens...ideally before history repeats itself.

No one in history had a more eventful career in matrimony than Henry VIII. His marriages were daring and tumultuous, and made instant legends of six very different women. In this remarkable study, David Starkey argues that the king was not a depraved philanderer but someone seeking happiness -- and a son. Knowingly or not, he elevated a group of women to extraordinary heights and changed the way a nation was governed. *Six Wives* is a masterful work of history that intimately examines the rituals of diplomacy, marriage, pregnancy, and religion that were part of daily life for women at the Tudor Court. Weaving new facts and fresh interpretations into a spellbinding account of the emotional drama surrounding Henry's six marriages, David Starkey reveals the central role that the queens played in determining policy. With an equally keen eye for romantic and

political intrigue, he brilliantly recaptures the story of Henry's wives and the England they ruled.

For a King renowned for his love life, Henry VIII has traditionally been depicted as something of a prude, but the story may have been different for the women who shared his bed. How did they take the leap from courtier to lover, to wife? What was Henry really like as a lover? Henry's women were uniquely placed to experience the tension between his chivalric ideals and the lusts of the handsome, tall, athletic king; his first marriage, to Catherine of Aragon, was on one level a fairy-tale romance, but his affairs with Anne Stafford, Elizabeth Carew and Jane Popincourt undermined it early on. Later, his more established mistresses, Bessie Blount and Mary Boleyn, risked their good names by bearing him illegitimate children. Typical of his time, Henry did not see that casual liaisons might threaten his marriage, until he met the one woman who held him at arm's length. The arrival of Anne Boleyn changed everything. Her seductive eyes helped rewrite history. After their passionate marriage turned sour, the king rapidly remarried to Jane Seymour. Henry was a man of great appetites, ready to move heaven and earth for a woman he desired; Licence readdresses the experiences of his wives and mistresses in this frank, modern take on the affairs of his heart. What was it really like to be Mrs

Henry VIII?

(Vocal Selections). Six has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! From Tudor queens to pop princesses, the six wives take the mic to remix five hundred years of historical heartbreak into an exuberant celebration of 21st century girl power! Songs include: All You Wanna Do * Don't Lose Ur Head * Ex-Wives * Get Down * Haus of Holbein * Heart of Stone * I Don't Need Your Love * No Way * Six.

The marital ups and downs of England's most infamous king. The story of Henry VIII and his six wives has passed from history into legend - taught in the cradle as a cautionary tale and remembered in adulthood as an object lesson in the dangers of marrying into royalty. The true story behind the legend, however, remains obscure to most people, whose knowledge of the affair begins and ends with the aide memoire 'Divorced, executed, died, divorce, executed, survived'. David Loades masterly book recounts the whole sorry tale in detail from Henry's first marriage, to his brother's widow, to more or less contented old age in the care of the motherly Catherine Parr.

“Fascinating . . . Alison Weir does full justice to the subject.”—The Philadelphia

Alison Weir

Inquirer At his death in 1547, King Henry VIII left four heirs to the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the fragile Lady Jane Grey, to the savagery of "Bloody Mary," and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of the most enduring myths in English history, combining the best of the historian's and the biographer's art. "Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed--and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted."—The New York Times Book Review

Henry VIII, King of England and Ireland in

the first half of the 16th century, is one of history's most famous monarchs for many reasons. He ruled ruthlessly, was quick to cry "treason!" and execute, and equally quick to fall in and out of love. Henry changed the religious fabric of England forever and left his mark on the wider world.
