INSTANT NEW YORK TIMES BESTSELLER “A superb suspense writer...Brava, Ruth Ware. I daresay even Henry James would be impressed.” —Maureen Corrigan, author of *So We Read On* “This appropriately twisty *Turn of the Screw* update finds the *Woman in Cabin 10* author in her most menacing mode, unfurling a shocking saga of murder and deception.” —*Entertainment Weekly* From the #1 New York Times bestselling author of *The Lying Game* and *The Death of Mrs. Westaway* comes this thrilling novel that explores the dark side of technology. When she stumbles across the ad, she’s looking for something else completely. But it seems like too good an opportunity to miss—a live-in nanny post, with a staggeringly generous salary. And when Rowan Caine arrives at Heatherbrae House, she is smitten—by the luxurious “smart” home fitted out with all modern conveniences, by the beautiful Scottish Highlands, and by this picture-perfect family. What she doesn’t know is that she’s stepping into a nightmare—one that will end with a child dead and herself in prison awaiting trial for murder. Writing to her lawyer from prison, she struggles to explain the events that led to her incarceration. It wasn’t just the constant surveillance from the home’s cameras, or the malfunctioning technology that woke the household with booming music, or turned the lights off at the worst possible time. It wasn’t just the girls, who turned out to be a far cry from the immaculately behaved model children she met at her interview. It wasn’t even the way she was left alone for weeks at a time, with no adults around apart from the enigmatic handyman. It was everything. She knows she’s made mistakes. She admits that she lied to obtain the post, and that her behavior toward the children wasn’t always ideal. She’s not innocent, by any means. But, she maintains, she’s not guilty—at least not of murder—but

somebody is. Full of spellbinding menace and told in Ruth Ware's signature suspenseful style, *The Turn of the Key* is an unputdownable thriller from the Agatha Christie of our time.

This gothic classic, "The Turn of the Screw" is one of the most famous ghost stories of all time. On Christmas Eve, Douglas reads a manuscript written by a former acquaintance, the governess, whom Douglas claims to have known and who is now dead. The manuscript tells the story of how the young governess is hired by a man who has become responsible for his young nephew and niece after the tragic deaths of their parents. He is uninterested in raising the children. The governess's new employer gives her full responsibility for the young siblings and explicitly states that he is not to be bothered with communications of any sort. Set in a remote estate this critically acclaimed novella tells the tale of a governess who, looking after two children, becomes convinced that the grounds are haunted. This story has been adapted many times for film and television, most recently in *The Turning* (2020). Famed for its ability to create an intimate sense of confusion and suspense, this novella is a must-read for all horror and ghost story fans.

The Turn of the Screw, first published in 1898, is a novella written by Henry James, who was considered a master of creating best psychological fiction. It is a gothic novel, work of great horror, by one of the most acclaimed authors of the modern European literature.

This Modern Library Paperback Classics edition brings together one of literature's most famous ghost stories and one of Henry James's most unusual novellas. In *The Turn of the Screw*, a governess is haunted by ghosts from her young

charges past; Virginia Woolf said of this masterpiece of psychological ambiguity and suggestion, We are afraid of something unnamed, of something, perhaps, in ourselves...Henry James...can still make us afraid of the dark. In his rarely anthologized novella *In the Cage*, James brings his incomparable powers of observation to the story of a clever, rebellious heroine of Britain's lower middle class. Hortense Calisher, in her Introduction, calls it a delicious story, the more so because it confounds what we expect from James.

The Turn of the Screw is an 1898 Horrornovella by Henry James that first appeared in serial format in *Collier's Weekly* magazine (January 27 - April 16, 1898). In October 1898 it appeared in *The Two Magics*, a book published by Macmillan in New York City and Heinemann in London. Classified as both gothic fiction and a ghost story, the novella focuses on a governess who, caring for two children at a remote estate, becomes convinced that the grounds are haunted.

An unsettling new collection of Henry James's best short stories exploring ghosts and the uncanny 'There had been a moment when I believed I recognised, faint and far, the cry of a child; there had been another when I found myself just consciously starting as at the passage, before my door, of a light footstep' 'I see ghosts everywhere', wrote Henry James, who retained a fascination with the supernatural and sensational throughout his writing career. This new collection brings together eight of James's tales exploring the uncanny, including his infamous ghost story, 'The Turn of the Screw', a work saturated with evil, in which a fraught governess becomes convinced that malicious spirits are menacing the children in her care. The other masterly works here include 'The Jolly Corner', 'Owen Wingrave' and further tales of

visitations, premonitions, madness, grief and family secrets, where the living are just as mysterious and unknowable as the dead. With an introduction and notes by Susie Boyt General Editor Philip Horne

As big and exciting as the next century, this is a novel of real life at our giddy, feverish, topsy-turvy edge of the millennium. Turn of the Century is a good old-fashioned novel about the day after tomorrow--an uproarious, exquisitely observed panorama of our world as the twentieth century morphs into the twenty-first, transforming family, marriage, and friendship and propelled by the supercharged global businesses and new technologies that make everyone's lives shake and spin a little faster. As the year 2000 progresses, George Mactier and Lizzie Zimbalist, ten years married, are caught up in the whirl of their centrifugally accelerating lives. George is a TV producer for the upstart network MBC, launching a truly and weirdly groundbreaking new show that blurs the line between fact and fiction. Lizzie is a software entrepreneur dealing with the breakneck pleasures and pains of running her own company in an industry where the rules are rewritten daily. Rocketing between Los Angeles and Seattle, with occasional stopovers at home in Manhattan for tag-team parenting of their three children, George and Lizzie are the kind of businesspeople who, growing up in the sixties and seventies, never dreamed they would end up in business. They're too busy to spend the money that's rolling in, and too smart not to feel ambivalent about their crazed, high-gloss existences, but nothing seems to slow the roller-coaster momentum of their inter-secting lives and careers. However, after Lizzie, recovering from a Microsoft deal gone awry, becomes a confidante and adviser to George's boss, billionaire media mogul Harold Mose, the couple discovers that no amount of sophisticated spin can obscure basic instincts: envy, greed,

Access Free The Turn Of The And Other Stories Oxford Worlds Clics

suspicion, sexual temptation--and, maybe, love. When they and their children are finally drawn into a thrilling, high-tech corporate hoax that sends Wall Street reeling (and makes one person very, very rich), George and Lizzie can only marvel at life's oversized surprises and hold on for dear life. Like Tom Wolfe's *Bonfire of the Vanities*, Kurt Andersen's *Turn of the Century* lays bare the follies of our age with laser-beam precision, creating memorable characters and dissecting the ways we think, speak, and navigate this new era of extreme capitalism and mind-boggling technology. Entertaining, imaginative, knowing, and wise, *Turn of the Century* is a richly plotted comedy of manners about the way we live now.

Specifically designed for undergraduates, the series will be a powerful resource for anyone engaged in the critical analysis of major American novels and other important texts.

A young, inexperienced governess is charged with the care of Miles and Flora, two small children abandoned by their uncle at his grand country house. She sees the figure of an unknown man on the tower and his face at the window. It is Peter Quint, the master's dissolute valet, and he has come for little Miles. But Peter Quint is dead. Like the other tales collected here - 'Sir Edmund Orme', 'Owen Wingrave', and 'The Friends of the Friends' - 'The Turn of the Screw' is to all immediate appearances a ghost story. But are the appearances what they seem? Is what appears to the governess a ghost or a hallucination? Who else sees what she sees? The reader may wonder whether the children are victims of corruption from beyond the grave, or victims of the governess's 'infernal imagination', which torments but also entrals her? 'The Turn of the Screw' is probably the most famous, certainly the most eerily equivocal, of all ghostly

Access Free The Turn Of The And Other Stories Oxford Worlds Clics

tales. Is it a subtle, self-conscious exploration of the haunted house of Victorian culture, filled with echoes of sexual and social unease? Or is it simply, 'the most hopelessly evil story that we have ever read'? The texts are those of the New York Edition, with a new Introduction and Notes. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
