been the adventurous sort. One fateful night - different from the night he died, which was more inconvenient than fateful - Fred reconnects with an old friend at his high school reunion. This rekindled relationship sets off a chain of events thrusting him right into the chaos that is the parahuman world, a world with chipper zombies, truck driver wereponies, maniacal necromancers, ancient dragons, and now one undead accountant trying his best to "survive." Because even after it's over, life can still be a downright bloody mess.

Four Non-Player Characters (NPCs) find themselves forced to pretend they're adventurers in order to save their town and loved ones.

The third book in Drew's outrageously adventurous and satirical series, including THE UTTERLY UNINTERESTING AND UNADVENTUROUS TALES OF FRED, THE VAMPIRE ACCOUNTANT (Book 1) and UNDEATH & TAXES (Book 2). With a thriving parahuman accounting practice, a steady relationship, and a circle of trusted friends, Fred's undead life has become more enjoyable than his normal one ever was. Unfortunately, it also seems that he's no longer the only vampire to appreciate the up-and-coming city of Winslow, Colorado. A new clan of vampires is moving in, and they aren't well known for tolerating outsiders in their territory. Now, Fred must cope with the growing presence-and threat-of other vampires even as he struggles to keep up with his

business's demands and make time for his friends. Between hidden parahuman towns, crazed vampire hunters, quarreling mages, and the world's least subtle spy, it will take all of Fred's wiles just to keep his head above water. And as the new clan sinks their fangs deeper and deeper into his city, the undead accountant is faced with a choice between two equally unappealing options: flee his home, or stand against an entire clan of fellow vampires.

Gifted with metahuman powers in a world full of capes and villains, Tori Rivas kept away from the limelight, preferring to work as a thief in the shadows. Join them or be eliminated. Apprenticed to one of the world's most powerful (and supposedly dead) villains, she is thrust into a strange world where the lines that divide superheroes and criminals are more complex than they seem. The education of a villain is not an easy one, and Tori will have to learn quickly if she wants to survive. On top of the peril she faces from her own teacher, there are also the capes and fellow apprentices to worry about, to say nothing of having to keep up a civilian cover. Most dangerous of all, though, are those who loathe the guild's very existence. Old grudges mean some are willing to go to any length to see the guild turned to ash, along with each one of its members. Even the lowly apprentices

Knowledge is power. That would be the motto of Lander University, had it not been snatched up and used to death by others long before the school was founded. For while Lander offers a full range of courses to nearly all students, it also offers a small number of specialty classes to a very select few. Lander is home to the Hero Certification Program, a curriculum designed to develop student with superhuman capabilities, commonly known as Supers, into official Heroes. Five of this year's freshmen are extra special. They have a secret aside from their abilities, one that they must guard from even their classmates. Because for every one person in the world with abilities they can control, there are three who lack such skill. Determined to reestablish his bloodstained reign, Yulric sets out to correct this disgusting turn of events or, at the very least, murder the person responsible. Adventuring is a costly affair, and while the tolls are often paid in blood, gold can drain away just as quickly. Fortunately, they have drawn near Camnarael, Alcatham's capital, where all manner of quests--and rewards--await. But all is not as expected in the capital. Unusual occurrences have been happening throughout Camnarael: figures in the shadows making unsavory bargains, attackers harassing innocent parishioners, and adventurers from all over the land gathering to partake in a Grand Quest offered by the royal family.
