Moreover, it is a book that walks skillfully across genres, like only very good literature can do. It is as much fantasy as it is historical fiction and steampunk, playing all along with Jungian archetypes.

The Vorrh is a dark historical fantasy novel by multi-disciplinary artist B. Catling that was first published in November of 2012. Aided in its publicity by a glowing foreword from author and graphic-novelist Alan Moore, it garnered significant critical coverage in the media when republished for an international audience in 2015. The first in a trilogy of novels (rounded out by 2017's The ...

**The Vorrh: Book One in the Vorrh Trilogy: Amazon.co.uk**  ▯▯▯

The Vorrh The first title of The Vorrh trilogy was published in 2012 and features a foreword by acclaimed writer Alan Moore. [11] Taking inspiration from the imaginary forest of the same name in Raymond Roussel 's Impressions of Africa the Vorrh is the backdrop to an epic fantasy/surrealist narrative led by hunter Tsungali and the Cyclops, Ishmael.

**Erstwhile Book Two in Vorrh Trilogy by Brian Catling**  ▯▯▯

At the same time, The Erstwhile doesn't depart radically from the devastating scope and dark spectacle that made The Vorrh one of the most arresting fantasy debuts in years!or Catling one of contemporary speculative fiction's most imaginative writers. ▯▯ NPR.org  ▯▯A dazzling psychedelic quest. . . . viciously surreal. . . .

In a novel that combines history and fantasy, the author explores the Vorrh, a vast forest at the edge of Essenwald, a colonial city in a parallel Africa. Original.

Prepare to lose yourself in the heady, mythical expanse of The Vorrh, a daring debut that Alan Moore has called  ▯▯a phosphorescent masterpiece ▯▯ and  ▯▯the current century's first landmark work of fantasy. ▯▯ Next to the colonial town of Essenwald sits the Vorrh, a vast ▯▯perhaps endless ▯▯forest. It is a place of demons and angels, of warriors and priests. Sentient and magical, the Vorrh bends time and wipes memory. Legend has it that the Garden of Eden still exists at its heart. Now, a renegade English soldier aims to be the first human to traverse its expanse. Armed with only a strange bow, he begins his journey, but some fear the consequences of his mission, and a native marksman has been chosen to stop him. Around them swirl a remarkable cast of characters, including a Cyclops raised by robots and a young girl with tragic curiosity, as well as historical figures, such as writer Raymond Roussel and photographer and Edward Muybridge. While fact and fictional blend, and the hunter will become the hunted, and everyone's fate hangs in the balance, under the will of the Vorrh.

Taking its name from the imaginary African forest in Raymond Roussel's Impressions of Africa, The Vorrh is a magnificent, vibrant backdrop on which to stage a high octane narrative led by hunter, Tsungali, the Cyclops, Ishmael and famous photographer Eadweard Muybridge. In contrast with the tired clichs of the traditional fantasy tale, The Vorrh is an invigorating, epic fantasy at its most original, ground-breaking and visionary. Features a foreword from the legendary comics and graphic novel creator, Alan Moore

The Erstwhile brings readers back to the singular world and mind of B. Catling, continuing the groundbreaking storytelling of his hit The Vorrh. In London and Germany, strange beings are reanimating themselves. They are the Erstwhile, the angels that failed to protect the Tree of Knowledge, and their reawakening will have major consequences. In Africa, the colonial town of Essenwald has fallen into disarray because the timber workforce has disappeared into the Vorrh. Now a team of specialists are dispatched to find them. Led by Ishmael, the former cyclops, they enter the forest, but the Vorrh will not give them back so easily. To make matters worse, an ancient guardian of the forest has plans for Ishmael and his crew. Meanwhile a child of mixed race has been found abandoned in a remote cottage. Her origins are unknown, but she has powers beyond her own understanding. Conflict is coming, as the old and new, human and inhuman are set on a collision course. Once again blending the real and the imagined, The Erstwhile brings historical figures such as William Blake and places such as the Bedlam Asylum, as well as ingenious creations such as The Kin (a family of robots) together to create unforgettable novel of births and burials, excavations and disappearances.

A standalone novel by iconic artist and author of cult bestseller, The Vorrh Not since Edgar Allan Poe and the Bulgakov's The Master and Margarita has there been such a masterly tale of feline evil. Earwig got his nickname from his grandfather. At the start of this story he is employed to look after a strange little girl in a flat in Liege. He spies on her, listens to her by holding a glass up to the wall. But he never touches her except when, as part of his duties, he is required to is to make teeth of ice and insert them in her gums. Earwig takes a rare day off, which he spends drinking by himself in Au Metro, a seedy bar full of drunks, dancers and eccentrics. It is St Martin's day and in the evening as crowds parade through the street carrying lanterns through the snow, he is drawn reluctantly into a conversation with a sinister stranger called Tyre. As a result Earwig accidentally maims a waitress with a broken bottle. He understands that on some level Tyre meant this to happen. Shortly afterwards a black cat is delivered to the flat, unasked for. The girl forms an immediate bond with it, but Earwig identifies it as the enemy. Travelling across country by train, transporting the girl and her black cat, Earwig is increasingly caught up in a web of unfortunate and increasingly violent coincidences.

The first of Roussel's two major prose works, Impressions of Africa is not, as the title may suggest, a conventional travel account, but an adventure story put together in a highly individual fashion and with an unusual time sequence, whereby the reader is even made to choose whether to begin with the first or the tenth chapter. A veritable literary melting pot, Roussel's groundbreaking text makes ample use of wordplay and the surrealist techniques of automatic writing and private allusion.

In Children of God, Mary Doria Russell further establishes herself as one of the most innovative, entertaining and philosophically provocative novelists writing today. The only member of the original mission to the planet Rakhat to return to Earth, Father Emilio Sandoz has barely begun to recover from his ordeal when the So-ciety of Jesus calls upon him for help in preparing for another mission to Alpha Centauri. Despite his objections and fear, he cannot escape his past or the future. Old friends, new discoveries and difficult questions await Emilio as he struggles for inner peace and understanding in a moral universe whose boundaries now extend beyond the solar system and whose future lies with children born in a faraway place. Strikingly original, richly plotted, replete with memorable characters and filled with humanity and humor, Children of God is an unforgettable and uplifting novel that is a potent successor to The Sparrow and a startlingly imaginative adventure for newcomers to Mary Doria Russell's special literary magic.

In Enchantment, Orson Scott Card works his magic as never before, transforming the timeless story of Sleeping Beauty into an original fantasy brimming with romance and adventure. The moment Ivan stumbled upon a clearing in the dense Carpathian forest, his life was forever changed. Atop a pedestal encircled by fallen leaves, the beautiful princess Katerina lay still as death. But beneath the foliage a malevolent presence stirred and sent the ten-year-old Ivan scrambling for the safety of Cousin Marek's farm. Now, years later, Ivan is an American graduate student, engaged to be married. Yet he cannot forget that long-ago day in the forest!or convince himself it was merely a frightened boy's fantasy. Compelled to return to his native land, Ivan finds the clearing just as he left it. This time he does not run. This time he awakens the beauty with a kiss . . . and steps into a world that vanished a thousand years ago. A rich tapestry of clashing worlds and cultures, Enchantment is a powerfully original novel of a love and destiny that transcend centuries . . . and the dark force that stalks them across the ages.

"Drawn from over fifty years of writing, including his most recent work from the pages of the 'New York times' and the 'Guardian,' along with obscure and now unobtainable sources, the pieces (fully revised for this edition) in [this work] showcase Moorcock at his acerbic best."--P. [4] of cove
