At an obscure South Carolina nursing home, a lost world reemerges as a disabled elderly woman undergoes newfangled brain-restoration procedures and begins to explore her environment with the assistance of strap-on robot legs. At a deluxe medical spa on a nameless Caribbean island, a middle-aged woman hopes to revitalize her fading youth with grotesque rejuvenating therapies that combine cutting-edge medical technologies with holistic approaches and the pseudo-religious dogma of Zen-infused self-help. And in a rinky-dink mill town, an adolescent girl is unexpectedly inspired by the ravings and miraculous levitation of her fundamentalist friend's weird grandmother. These are only a few of the scenarios readers encounter in Julia Elliott's debut collection, *The Wilds*. In these genre-bending stories, teetering between the ridiculous and the sublime, Elliott's language-driven fiction uses outlandish tropes to capture poignant moments in her humble characters' lives. Without abandoning the tenets of classic storytelling, Elliott revels in lush lyricism, dark humor, and experimental play.

From the author of *The Wilds*, which *Publishers Weekly* called “a brilliant combination of emotion and grime, wit and horror,” comes a debut novel that is part dystopian satire, part Southern Gothic tall tale: a disturbing yet hilarious romp through a surreal New South where newfangled medical technologies change the structure of the human brain and genetically modified feral animals ravage the blighted landscape. Down on his luck and still pining for his ex-wife, South Carolina taxidermist Romie Futch spends his evenings drunkenly surfing the Internet before passing out on his couch. In a last-ditch attempt to pay his mortgage, he replies to an ad and becomes a research subject in an experiment conducted by the Center for Cybernetic Neuroscience in Atlanta, Georgia. After “scientists” download hifalutin humanities disciplines into their brains, Romie and his fellow guinea pigs start debating the works of Foucault and hashing out the intricacies of postmodern subjectivity. The enhanced taxidermist, who once aspired to be an artist, returns to his hometown ready to revolutionize his work and revive his failed marriage. As Romie tracks down specimens for his elaborate animatronic taxidermy dioramas, he develops an Ahab-caliber obsession with bagging “Hogzilla,” a thousand-pound feral hog that has been terrorizing Hampton County. Cruising hog-hunting websites, he learns that this lab-spawned monster possesses peculiar traits. Pulled into an absurd and murky underworld of biotech operatives, FDA agents, and environmental activists, Romie becomes entangled in the enigma of Hogzilla's origins. Exploring the interplay between nature and culture, biology and technology, reality and art, *The New and Improved Romie Futch* probes the mysteries of memory and consciousness, offering a darkly comic yet heartfelt take on the contemporary human predicament.

The first substantial collection of short fiction from "a writer with enough electricity to light up the country" (Ann Patchett) "I guess the things that scare you are the things that are almost normal," observes one narrator in this collection of effervescent and often uncanny stories. Drawing on fifteen years of work, *See You in Paradise* is the fullest expression yet of J. Robert Lennon's distinctive and brilliantly comic take on the pathos and surreality at the heart of American life. In Lennon's America, a portal to another universe can be discovered with surprising nonchalance in a suburban backyard, adoption almost reaches the level of blood sport, and old pals return from the dead to steal your girlfriend. Sexual dysfunction, suicide, tragic accidents, and career stagnation all create surprising opportunities for unexpected grace in this full-hearted and mischievous depiction of those days (weeks, months, years) we all have when things just don't go quite right.

The "splendid genre-pushing" (People) Vera Kelly series returns in full force as our recently out-of-the-spy-game heroine finds herself traveling from Brooklyn to a sprawling countryside estate in the Caribbean in her first case as a private investigator. When ex-CIA agent Vera Kelly loses her job and her girlfriend in a single day, she reluctantly goes into business as a private detective. Heartbroken and cash-strapped, she takes a case that dredges up dark memories and attracts dangerous characters from across the Cold War landscape. Before it's over, she'll chase a lost child through foster care and follow a trail of Dominican exiles to the Caribbean. Forever looking over her shoulder, she nearly misses what's right in front of her: her own desire for home, connection, and a new romance at the local bar. In this exciting second installment of the Vera Kelly series, Rosalie Knecht challenges and deepens the Vera we love: a woman of sparkling wit, deep moral fiber, and martini-dry humor who knows how to follow a case even as she struggles to follow her heart.

Featuring work by some of the most exciting contemporary women writers in the United States, *Fantastic Women* comprises eighteen inventive, insightful narratives steeped in a heady potion of surrealism and macabre black comedy. Meet the daughters of Franz Kafka, Mary Shelley, the Brothers Grimm, and Angela Carter. *Fantastic Women* assembles the work of eighteen inventive, insightful women authors who steep their narratives in a heady potion of surrealism and macabre black comedy. The results are wildly creative stories that capture the truth about human nature far more than much of the fiction (or, for that matter, the nonfiction) being written today. Why just women? More and more women writers are creating work that not only pushes the envelope but also folds realistic fiction into an origami dragon, transporting readers into worlds we've never seen before and digging deeper into the psychic bedrock than their male counterparts. So slip into a pocket universe, drive through a family's home, awake in the night to find you've become a deer, and dive into the ocean to join your mermaid mother. We can't imagine ever wanting to escape this spellbinding world, but if you must, best leave a trail of crumbs along your way.

In her debut novel, award-winning poet Brynne Rebele-Henry re-imagines the Orpheus myth as a love story between two teenage girls who are sent to conversion therapy after being caught together in an intimate moment. Abandoned by a single mother she never knew, 16-year-old Raya—obsessed with ancient myths—lives with her grandmother in a small conservative Texas town. For years Raya has fought to hide her feelings for her best friend and true love, Sarah. When the two are outed, they are sent to Friendly Saviors: a re-education camp meant to "fix" them and make them heterosexual. Upon arrival, Raya vows to assume the role of Orpheus, to return to the world of the living with her love—and after she, Sarah, and the other teen residents are subjected to abusive and brutal "treatments" by the staff, Raya only becomes more determined to escape. In a haunting voice reminiscent of Sylvia Plath and the contemporary lyricism of David Levithan, Brynne Rebele-Henry weaves a powerful inversion of the Orpheus myth informed by the disturbing real-world

truths of conversion therapy. *Orpheus Girl* is a story of dysfunctional families, trauma, first love, heartbreak, and ultimately, the fierce adolescent resilience that has the power to triumph over darkness and ignorance. CW: There are scenes in this book that depict self-harm, homophobia, transphobia, and violence against LGBTQ characters.

"This book is wild. And smart. And hilarious. And weird ... in all kinds of good ways. Prepare to be weirded out. And to enjoy it." —Charles Yu, author of *How to Live Safely in a Science Fictional Universe* What do you do when you wake up hung over and late for work only to find a stranger on your couch? And what if that stranger turns out to be an Adversarial Manifestation—like Satan, say—who has brewed you a fresh cup of fair-trade coffee? And what if he offers you your life's goal of making the bestseller list if only you find his missing Lucky Cat and, you know, sign over your soul? If you're Billy Ridgeway, you take the coffee. From the Trade Paperback edition.

The New York Trilogy is perhaps the most astonishing work by one of America's most consistently astonishing writers. The Trilogy is three cleverly interconnected novels that exploit the elements of standard detective fiction and achieve a new genre that is all the more gripping for its starkness. It is a riveting work of detective fiction worthy of Raymond Chandler, and at the same time a profound and unsettling existentialist enquiry in the tradition of Kafka or Borges. In each story the search for clues leads to remarkable coincidences in the universe as the simple act of trailing a man ultimately becomes a startling investigation of what it means to be human. The New York Trilogy is the modern novel at its finest: a truly bold and arresting work of fiction with something to transfix and astound every reader. 'Marks a new departure for the American novel.' Observer 'A shatteringly clever piece of work . . . Utterly gripping, written with an acid sharpness that leaves an indelible dent in the back of the mind.' Sunday Telegraph 'The New York Trilogy established him as the only author one could compare to Samuel Beckett.' Guardian

A magical, wonderful modern classic about the destinies of Napoleon's faithful cook and the daughter of a Venetian boatman. Set during the tumultuous years of the Napoleonic Wars, *The Passion* intertwines the destinies of two remarkable people: Henri, a simple French soldier, who follows Napoleon from glory to Russian ruin; and Villanelle, the red-haired, web-footed daughter of a Venetian boatman, whose husband has gambled away her heart. In Venice's compound of carnival, chance, and darkness, the pair meets their singular destiny. In her unique and mesmerizing voice, Jeanette Winterson's "concentrated, beautifully detailed prose" (*The New York Times*) unfurls a "historical novel quite different from any other" (*Vanity Fair*). "Recalls García Márquez . . . Magical touches dance like highlights over the brilliance of this fairy tale about passion, gambling, madness, and androgynous ecstasy." —Edmund White

Prepare yourself for the heart-stopping romance of newcomer Liz Carlyle. *My False Heart* is the luminescent love story of a chance meeting between two strangers one dark, rain-swept night in the English countryside. From that moment on, their destinies are forever changed. When Elliot Armstrong, the dissolute marquis of Rannoch, pursues a spiteful mistress into the wilds of Essex to sever their relationship, he is surprised to find himself hopelessly lost -- in more ways than one. Inexplicably drawn to a warmly fit house along an isolated country lane, he is mistaken for an overdue guest -- but he dares not reveal his identity for fear of being tossed back out into the torrential rain, a fate he admittedly deserves. The loving family that innocently welcomes Rannoch into their midst soon challenges his cynical convictions, and ultimately, resurrects his shattered dreams. The beautiful Evangeline van Artevalde is an artist of exceptional talent and extraordinary secrets. Isolated from society by choice, the half-Flemish refugee has fled her homeland in search of a

Read Free The Wilds Julia Elliott

secure haven for the children in her family. But even the Essex countryside, she finds, is not without danger. As the clutches of her aristocratic English relatives tighten, Evangeline holds them at bay by sheer force of will, unleashing her emotions only within the walls of her studio. The furthest thing from her heart is desire -- until a drenched, strikingly handsome man shows up at her doorstep late one night. Soon, Evangeline finds she can no longer confine her passions to oil paint and canvas. Drawn by desire, Elliot and Evangeline discover a powerful love neither thought possible. But malevolent forces surround them, and soon their secrets will be exposed and their hearts tested to unthinkable limits. Only if they can forgive the past will they have a future....
