Thomas Huber: On the Horizon presents a collection of meticulously composed, surreal architectural scenarios by the Swiss-born, Berlin-based painter that circle around an oft-considered question in contemporary art: What is becoming of the role of painting as our relationship to the visual world grows increasingly complex?

What is the place of painted pictures? What is their relevance? And what is their reality? Thomas Huber is an internationally acknowledged painter whose cool picture constructions, mostly devoid of humans, circle around these questions. In meticulously composed, surreal-looking scenarios he creates a world of paradox combinations and reflections that challenge reality.

A new take on Afrofuturism, this book gathers together a range of contemporary voices who, carrying legacies of 500 years of contact between Africa, Europe, and the Americas, reach towards the stars and unknown planets, galaxies, and ways of being. Writing from queer and feminist perspectives and circumnavigating continents, they recalibrate definitions of Afrofuturism. The editors and contributors of this exciting volume thus reflect upon the re-emergence of Black visions of political and cultural futures, proposing practices, identities, and collectivities. With contributions from AfroFuturist Affair, John Akomfrah, Jamika Ajalon, Stefanie Alisch, Jim Chuchu, Grisha Coleman, Thomas F. DeFrantz, Abigail DeVile, M. Asli Dukan with Wildseeds, Kodwo Eshun, Anna Everett, Raimi Gbadamosi, Alexis Pauline Gumbs, Milumbe Haimbe, Ayesha Hameed, Kiluanji Kia Henda, Kara Keeling, Carla J. Maier, Tobias Nagl, Tavia Nyong'o, Rasheedah Phillips, Daniel Kojo Schrade, Nadine Sievert, Robyn Smith, Greg Tate and Frohawk Two Feathers.

Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database.

A well-rounded guide for those interested in European financial markets With the advent of the euro and formation of the European Union, financial markets on this continent are slowly beginning to gain momentum. Individuals searching for information on these markets have come up empty-until now. The Handbook of European Fixed Income Markets is the first book written on this burgeoning market. It contains extensive, in-depth coverage of every aspect of the current European fixed income markets and their derivatives. This comprehensive resource includes both a qualitative approach to products, conventions, and institutions as well as quantitative coverage of valuation and analysis of each instrument. The Handbook of European Fixed Income Markets introduces readers to developed markets such as the U.K., France, Germany, Italy, Spain, and Holland, as well as emerging markets in Eastern Europe. Government and corporate bond market instruments and institutions are also discussed. U.S.-based investors, researchers, and academics as well as students and financial professionals in other parts of the world will all turn to this book for complete and accurate information on European financial instruments and markets. Frank J. Fabozzi (New Hope, PA) is a financial consultant, the Editor of the Journal of Portfolio Management, and Adjunct Professor of Finance at Yale University's School of Management. Moorad Choudhry (Surrey, UK) is a Vice President with JPMorgan Chase structured finances services in London.

Alexander and Thomas Huber have set international standards with their spectacular ascents, overcoming the most challenging of obstacles while climbing at extreme altitudes. The Wall documents the expeditions of the Huber brothers through a series of extraordinary, breathtaking photographs, with insightful commentary by respected mountaineer Reinhold Messner. It's a compelling look at the skill, determination and thirst for adventure that few people ever experience.* A gripping account of the best high-altitude expeditions of recent years* Illustrated with 125 stunning full color photographs* Includes commentary by world renowned mountaineer, Reinhold MessnerBorn in Bavaria, Germany, Thomas and Alexander Huber became accomplished mountaineers at an early age. In 1983 they teamed up and set about revolutionizing the world of sport climbing. Their achievements include the first free ascents of "Vom Winde Verweht", a grade 10 alpine route. Reinhold Messner is a world authority on mountaineering having been the first to ascend Everest without oxygen in 1978. He was also the first person to climb all 14 of the world's tallest peaks

"In 2009, the revered Swiss art publication and editions publisher, Parkett, celebrates its quarter-century with a comprehensive retrospective collecting all 200 of the artists editions it has produced since 1984. (They include Tomma Abts, Maurizio Cattelan, John Currin, Peter Fischli/David Weiss, Nan Goldin, Dan Graham, Wade Guyton, Zoe Leonard, Paul McCarthy, Marilyn Minter, Cady Noland, Raymond Pettibon, Richard Prince, Charles Ray, Gerhard Richter, Pipilotti Rist, Ed Ruscha, Dana Schutz, Hiroshi Sugimoto and Christopher Wool, to name just a few.) Originating at the celebrated SANAA-designed 21st Century Museum of Contemporary Art in Kanazawa, Japan, the exhibition builds on previous retrospectives held at Kunsthau Zurich (2005), the Irish Museum of Modern Art (2002), The Museum of Modern Art, New York (2001), and Whitechapel Art Gallery, London (2001). "Commissioned by Parkett, the most important artists of our time have created editions that represent the essence of their art or reveal an unexpected dimension... the works cover every possible medium including painting, photographs, drawings, prints, sculptures, videos, DVDs, and sound pieces," wrote Whitechapel's Iwona Blazwick in 2001." "Weighing in at more than 450 pages, this super-collectible catalogue raisonné, produced in conjunction with the 21st Century Museum of Contemporary Art, is the most comprehensive catalogue ever produced on Parkett's fabled editions. As such, it is a unique document of today's art." --Book Jacket.
