Dauids prose is a bit dry and clinical, but he doesn't shy away from the reality of life in a "Tommy Cooker", nor his contempt for some staff officers. He describes tank tactics very well, and also the problems faced when coming from the classic tank fields of North Africa, to the close in fighting of Normandy and western Germany.

*Tank Action: An Armoured Troop Commander's War 1944-45 ...*

Troop Leader by Bill Bellamy is a bit dull as far as WWII memoirs go. He lands in Normandy 3 days after the invasion, and sees very little action until the end of the war. He commands 3 Cromwell tanks and never really get in a shooting match with any Germans.

Captain Bill Bellamy, MC KHS (1 December 1923 - 18 March 2009) was an officer in the 8th King's Royal Irish Hussars between 1943 and 1955. He served briefly with his regiment in the North African Campaign and extensively in Northern Europe as part of the D Day landings. His book, *Troop Leader: A Tank Commander's Story* is a rare example of the experiences of front line tank warfare in the Second World War written not from an analytical point of view, but as a diary of the events which happened.

Bill Bellamy was a young officer in the 8th King's Royal Irish Hussars from 1943 to 1955. He served in 7th Armoured Division in the North West Europe campaign, landing in Normandy on D+3, fought throughout the Battle for Normandy and into the Low Countries as a troop leader in Cromwell tanks, and was latterly a member of the initial occupying force in Berlin in May 1945. Against the rules, Bill kept diaries and notes of his experiences. His account is fresh and open, and his descriptions of battle are vivid. He witnessed many of his contemporaries killed in action, and this life-altering experience clearly informs his narrative. The accounts of tank fighting in the leafy Normandy bocage in the height of summer, or in the iron hard fields of Holland in winter, are graphic and compelling.

A gripping account of the Second World War, from the perspective of a young tank commander. In 1944, David Render was a nineteen-year-old second lieutenant fresh from Sandhurst when he was sent to France. Joining the Sherwood Rangers Yeomanry five days after the D-Day landings, the combat-hardened men he was sent to command did not expect him to last long. However, in the following weeks of ferocious fighting in which more than 90 per cent of his fellow tank commanders became casualties, his ability to emerge unscathed from countless combat engagements earned him the nickname of the 'Inevitable Mr

## Online Library Troop Leader A Tank Commanders Story

Render'. In Tank Action Render tells his remarkable story, spanning every major episode of the last year of the Second World War from the invasion of Normandy to the fall of Germany. Ultimately it is a story of survival, comradeship and the ability to stand up and be counted as a leader in combat.

The story of Operation Crusader launched by the Eighth Army on 18 November 1941, against the Axis forces which stood on the borders of Egypt and around beleaguered Tobruk.

A remarkable World War II survival story and combat memoir by “an indestructible wartime tank commander” (The Telegraph). In campaign after campaign, from the defense of Calais in 1940 to the defeat of Germany in 1945, Bill Close served as a tank commander in Britain’s Royal Tank Regiment—and he survived. His tanks were hit eleven times by enemy shellfire and he bailed out. He was wounded three times. He finished the war as one of the most experienced and resourceful of British tank commanders, and in later life, he set down his wartime experiences in graphic detail. His book is not only an extraordinary memoir; it is also a compelling account of the exploits of the Royal Tank Regiment throughout the conflict. As a record of the day-to-day experience of the tank crew of seventy-five years ago—of the

## Online Library Troop Leader A Tank Commanders Story

conditions they faced and the battles they fought—it has rarely been equaled.

'One of the best half-dozen personal accounts of the Normandy campaign' - Richard Holmes Stuart Hills embarked his Sherman DD tank on to an LCT at 6.45 a.m., Sunday 4 June 1944. He was 20 years old, unblooded, fresh from a public-school background and Officer Cadet training. He was going to war. Two days later, his tank sunk, he and his crew landed from a rubber dinghy with just the clothes they stood in. After that, the struggles through the Normandy bocage in a replacement tank (of the non-swimming variety), engaging the enemy in a constant round of close encounters, led to a swift mastering of the art of tank warfare and remarkable survival in the midst of carnage and destruction. His story of that journey through hell to victory makes for compulsive reading.

'I thought Tank Men was a triumph ...it is a really fine piece of work' - Richard Holmes 'Some of the eye witness accounts Kershaw has collected for this comprehensive review of tank warfare have the power to chill the reader to the bone. This is warfare at the sharp end'  
--NOTTINGHAM EVENING POST The First World War saw the birth of an extraordinary fighting machine that has fascinated three generations:

## Online Library Troop Leader A Tank Commanders Story

the tank. In *Tank Men*, ex-soldier and military historian Robert Kershaw brings to life the grime, the grease and the fury of a tank battle through the voices of ordinary men and women who lived and fought in those fearsome machines. Drawing on vivid, newly researched personal testimony from the crucial battles of the First and Second World Wars, this is military history at its very best.

Soon after we landed it became apparent that there was more than enough artillery here, that the enemy were excellent shots, and that their ammo supply seemed to be endless. With the Japanese deeply entrenched and determined to die rather than surrender, Robert Dick and his fellow soldiers quickly realized that theirs would be a war fought inch by bloody inch—and that their Sherman tanks would serve front and center. As driver, Dick had to maneuver his five-man crew in and out of dangerous and often deadly situations. Whether crawling up beaches, bogged down in the mud-soaked Leyte jungle, or exposed in the treacherous valleys of Okinawa, the Sherman was a favorite target. A land mine could blow off the tracks, leaving its crew marooned and helpless, and the nightmare of swarms of Japanese armed with satchel charges was all too real. But there was a war to be won, and Americans like Robert Dick did their jobs without fanfare, and without glory. This gripping account of tanker combat is a ringing testament to the

# Online Library Troop Leader A Tank Commanders Story

awe-inspiring bravery of ordinary Americans.

The day after Vasiliy Krysov finished school, on 22 June 1941, Germany attacked the Soviet Union and provoked a war of unparalleled extent and cruelty. For the next three years, as a tank commander, Krysov fought against the German panzers in some of the most intense and destructive armored engagements in history including those at Stalingrad, Kursk and Knigsberg. This is the remarkable story of his war. As the commander of a heavy tank, a self-propelled gun -a tank destroyer-and a T-34, he fought his way westward across Russia, the Ukraine and Poland against a skillful and determined enemy which had previously never known defeat. Krysov repeatedly faced tough SS panzer divisions, like the SS Leibstandarte Adolf Hitler Panzer Division in the Bruilov-Fastov area in 1943, and the SS Das Wiking Panzer Division in Poland in 1944. . Krysov was at Kursk and participated in a counterattack at Ponyri. The ruthlessness of this long and bitter campaign is vividly depicted in his narrative, as is the enormous scale and complexity of the fighting. Honestly, and with an extraordinary clarity of recall, he describes confrontations with German Tiger and Panther tanks and deadly anti-tank guns. He was wounded four times, his crewmen and his commanding officers were killed, but he was fated to survive and record his experience of

## Online Library Troop Leader A Tank Commanders Story

combat. His memoirs give a compelling insight into the reality of tank warfare on the Eastern Front.

Explores the total experience of battle - the fear and incomprehension, the boredom and exaggerated importance of mundane detail, the fleeting exhilaration and lasting grief. The book tells the story of a crew of men who fought against the Germans in World War II.
