Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

""Arrogance and Ignorance Can Get You Far"" is a book of stories and life experiences from an unknown humorist named Doug Sheehy. His wit, self-deprecation and perspective on a wealth of subjects provide his slanted, yet poignant view on many topics. Stories include driving lessons, movie reviews, fictitious holidays, eBay addictions, imaginary dinners, family lessons, mowing adventures, children's stories and many more humorous truths that will make you smile. Thirty unbridled chapters of life, chaos and one man's view on it all. At the end of the book you learn a lot about who Doug is, but also about his life and how he lives it.

From a relatively normal American life to a survival situation in moments, this story follows the Drummond family as they learn to adapt to a now, very different community...and world. Beginning on a bitter cold January night, the story begins with a series of earthquakes tearing through the Pacific Northwest....and in the following days the family--and the nation--face challenges from unexpected sources....
