A leadership book by former Navy SEAL and New York Times bestselling author Mark Divine, Staring Down the Wolf focuses on harnessing the principles of purpose and discipline in life to achieve success. What does it take to command a team of elite individuals? It requires a commitment to seven key principles: Courage, Trust, Respect, Growth, Excellence, Resiliency, and Alignment. All of these are present in an elite team which commits to them deeply in order to forge the character worthy of uncommon success. Retired Navy SEAL Commander, entrepreneur and New York Times bestselling author Mark Divine (founder of SEALFIT, NavySeal.com, and Unbeatable Mind) reveals what makes the culture of an elite team, and how to get your own team to commit to serve at an elite level. Using principles he learned on the battlefield, training SEALs, and in his own entrepreneurial and growth company ventures, Mark knows what it is to lead elite teams, and how easily the team can fail by breaching these commitments. Elite teams challenge themselves to step up everyday to do the uncommon. Developing the principles yourself and aligning your team around these commitments will allow you to thrive in VUCA (volatility, uncertainty, complexity, ambiguity) environments, no matter your background or leadership experience. Drawing from his twenty years leading SEALs, and twenty five years of success and failure in entrepreneurship and ten years coaching corporate clients, Mark Divine shares a very unique perspective that will allow you to unlock the tremendous power of your team. “Mark Divine has a gift for creating highly effective dynamic teams. From the co-author of the New York Times bestseller Team of Teams, a practical guide for leaders looking to make their organizations more interconnected and unified in the midst of sudden change. Too often, companies end up with teams stuck in their own silos, pursuing goals and metrics in isolation. Their traditional autocratic structures create stability, scalability, and predictability -- but in a world that demands rapid adaptation to a new reality, this traditional model simply doesn't work. In Team of Teams, retired four-star General Stanley McChrystal and former Navy SEAL Chris Fussell made the case for a new organizational model combining the agility, adaptability, and cohesion of a small team with the power and resources of a giant organization. Now, in One Mission, Fussell channels all his experiences, both military and corporate, into powerful strategies for unifying isolated and distrustful teams. This practical guide will help leaders in any field implement the Team of Teams approach to tear down their silos improve collaboration, and avoid turf wars. By committing to one higher mission, organizations develop an overall capability that far exceeds the sum of their parts. From Silicon Valley software giant Intuit to a government agency on the plains of Oklahoma, organizations have used Fussell's methods to unite their people around a single compelling vision, resulting in superior performance. One Mission will help you follow their example to a more agile and resilient future.
