A business parable that teaches the value of cultivating multiple streams of income—the surest, most achievable means of creating generational wealth. The Honey Bee tells the story of Noah—a disappointed, disaffected salesman who feels like his life is going nowhere until the day he has a chance encounter with a man named Tom Barnham, the beekeeper. In his charming, down-home way, Tom the “ Bee Man ” teaches Noah and his wife Emma how to grow their personal wealth using the lessons he learned from his beekeeping passion. Full of concrete lessons delivered through chapter after chapter of engaging vignettes, each of which includes actionable advice for new or aspiring entrepreneurs. Workbook-style sections at the end of each chapter help bring the lessons home, including questions to help you apply the lessons to your own business, and links to rich digital resources for even more information on how to get started creating your own multiple streams of income.

Discover the (surprising) secret to lifelong financial freedom with real estate investing. Real estate has always been a powerful tool for investing, and many people believe that a single-family home investment strategy will help them achieve their goals. However, the true path to financial freedom using real estate is found in apartment buildings. Real estate investing expert and author Michael Blank learned that once investors did their first deal, the curious "Law of the First Deal" led to the second and third deals in rapid succession. Most were able to quit their jobs within 3-5 years of getting started. Of course, when most people hear "apartment buildings" they immediately assume they need years of investing experience and money saved up to be able get into the game. This simply isn't true. Michael has compiled the results of his research into his new book, Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash.

THE BESTSELLING AUTHOR OF PITCH ANYTHING IS BACK TO FLIP YOUR ENTIRE APPROACH TO PERSUASION. Is there anything worse than a high-pressure salesperson pushing you to say "yes" (then sign on the dotted line) before you're ready? If there's one lesson Oren Klaff has learned over decades of pitching, presenting, and closing long-shot, high-stakes deals, it's that people are sick of being marketed and sold to. Most of all, they hate being told what to think. The more you push them, the more they resist. What people love, however, is coming up with a great idea on their own, even if it's the idea you were guiding them to have all along. Often, the only way to get someone to sign is to make them feel like they're smarter than you. That's why Oren is throwing out the old playbook on persuasion. Instead, he'll show you a new approach that works on this simple insight: Everyone trusts their own ideas. If, rather than pushing your idea on your buyer, you can guide them to discover it on their own, they'll believe it, trust it, and get excited about it. Then they'll buy in and feel good about the chance to work with you. That might sound easier said than done, but Oren has taught thousands of people how to do it with a series of simple steps that anyone can follow in any situation. And as you'll see in this book, Oren has been in a lot of different situations. He'll show you how he got a billionaire to take him seriously, how he got a venture capital firm to cough up capital, and how he made a skeptical Swiss banker see him as an expert in banking. He'll even show you how to become so compelling that buyers are even more attracted to you than to your product. These days, it's not enough to make a great pitch. To get attention, create trust, and close the deal, you need to flip the script.

In a book poised to become the bible of innovation, a renowned creativity expert reveals the key to the creative process-"borrowing". As a former aerospace scientist, Fortune 500 executive, chief innovation officer, inventor, and software entrepreneur, David Kord Murray has made a living by coming up with innovative ideas. In Borrowing Brilliance he shows readers how new ideas are merely the combination of existing ones by presenting a simple six-step process that anyone can use to build business innovation: ?Defining-Define the problem you're trying to solve. ?Borrowing-Borrow ideas from places with a similar problem. ?Combining-Connect and combine these borrowed ideas. ?Incubating-Allow the combinations to incubate into a solution. ?Judging-Identify the strength and weakness of the solution. ?Enhancing-

Eliminate weak points while enhancing strong ones. Each chapter features real-life examples of brilliant borrowers, including profiles of Larry Page and Sergey Brin (the Google guys), George Lucas, Steve Jobs, and other creative thinkers. Murray used these methods to re-create his own career and he shows readers how to harness them to find creative solutions.

LEARN A SYSTEMATIC APPROACH TO INVESTING IN COMMERCIAL REAL ESTATE AND MULTIFAMILY HOUSING. From his roots in Hyderabad, India, to the heart of America's Southwest, Shравan Parsi tells the story of his journey from pharmaceutical scientist to founder and CEO of successful real estate investment firm American Ventures. The secret to his investment success is like any science: a marriage between quantitative and qualitative facts, between abstract numbers and concrete action. Here Parsi outlines the technical information you need to learn how to invest in multifamily and commercial real estate, how to understand what makes a good potential investment, and when to walk away. In conversational style, the book shares ideas about how to identify, evaluate, and mitigate risks; how to learn from downsides as well as upsides; and how giving back to your community is as important to success as the right numbers. It's wisdom that benefits any entrepreneur.

The American Dream has shifted...Not long ago, Americans were bent on home ownership. Most viewed it as one of their great life goals and their largest investment. No more. Almost overnight, the demographics have shifted. For an increasing number of Americans of all ages and backgrounds, renting is in, and home ownership is out. Experienced commercial real estate investors know that the risk profile, returns and tax benefits of large scale multifamily are virtually unmatched. Unfortunately, access to these investments is unavailable to most investors. The author takes you on a journey through his surprising discoveries about the power of this unique asset class. The Perfect Investment teaches you... The secrets used by the super-wealthy to attain and maintain their wealth over generations (and why you're not invited to their party). Why multifamily investing scored 460% better than the stock market on a key risk vs. reward ratio. Why investing in flips, single family rentals, and small apartments is a not a path to multi-generational wealth for the vast majority of people. Why US demographics, the economy, and the fallout from the last recession have caused the perfect storm for the success of this asset class. How multifamily investors "partner" with the IRS to reap significant profits while paying virtually no taxes. (Your CPA may not know these tax codes, but you need to!) "The Perfect Investment is extremely compelling. So much so, that as soon as I finished reading the book, I contacted Paul and said, "I'm in!" As an early stage entrepreneur that is always swinging for the fences on high-risk, high-growth startups, this is a much-needed wakeup call to balance my investment strategy with the highest return/lowest risk investment available. Well done, Paul!"- Wade Myers, Chairman of RealManage (an Inc 5000 tech-enabled real estate management firm), tech entrepreneur and investor, and Harvard MBA and case study author "Paul Moore has written a terrific book for real estate investors, new or experienced. He explains the benefits and provides a detailed but concise pathway based upon personal experience and in easy to understand language. A great recommendation for getting started in commercial real estate investment."- Allen Smith, Vice President Investments, Marcus & Millichap (top 10 US commercial brokerage with \$33B in annual sales) "The book is very impressive and complete. It goes beyond the basics and informs investors of all of the opportunities, and pitfalls, of investing in real estate. The ability for a potential investor, at any level of sophistication, to go to one location to access information about investing in multifamily real estate is very unique."- Rick Graf, President & CEO, Pinnacle Property Management Services (top 5 US property management firm with 146,000 apartment units under management) "As

an investment advisor I am always seeking investments that will compliment the portfolio of a family or individual looking to grow their wealth without taking extraordinary risks. In this book, Paul builds a strong case for why multifamily housing provides a highly attractive risk to reward ratio on an investment you can actually touch and see!"- Micah Spruill, Managing Partner, Aurora Investment Advisors "The Perfect Investment is a great introduction for anyone looking to venture into commercial multifamily investing. Paul's approach during each step of the process is well defined and thoroughly explained. A perfect guide for the perfect investment."- Neal Golden, Vice Chairman and Texas Regional President of Newmark Grubb Knight Frank (top 3 US commercial brokerage-\$100B in annual sales)

From bestselling writer David Graeber— “ a master of opening up thought and stimulating debate ” (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled “ On the Phenomenon of Bullshit Jobs. ” It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society ’ s most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. “ Clever and charismatic ” (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and “ a thought-provoking examination of our working lives ” (Financial Times).
