I've imagined this in my head so many times. I've always thought about what I would say; what I would do, and how it would all turn out to be. And every time I would remove some detail . . . She's a flight attendant—young, bright and living her dream. He's a heartbroken singer on his way to becoming big. She's an ardent fan of his. He can't imagine why and yet seems to find comfort in her words. It's the first time they are together and in their hearts both are wishing, hoping and praying that the night would never end. That the time they are spending together lasts and lasts... In the world of love, there is always someone perfectly right for you.

Extinction describes a way forward in light of our terminal diagnosis. In this book, professor emeritus of conservation biology Guy McPherson describes how we can proceed with urgency in the face of habitat loss for our species. While describing the evidence underlying human extinction within a few years, McPherson also provides an urgent and reasoned response to this prognosis.

What happens to the dying in the final days and weeks of their lives? What emotions come to the surface and what do they want to talk about? Attilio Stajano, a volunteer worker at the palliative care ward of a Brussels hospital, presents a series of deeply-moving personal encounters with seriously-ill patients. The dying, he discovers, have much to teach the living. Whilst their stories are all different, they share one thing in common: in the end, when all is said and done, only love remains... How should we respond to the challenge of death? As a society and as individuals, we can choose to be patient and sensitive, giving dignity to those reaching the end of their lives – even when those lives appear to have no further value. The period leading to death can be full of profound experiences, telling us much about the meaning of life and the abiding nature of love. If we see the terminally-ill as an inconvenience, however, we forego the possibility of finding unexpected resources in ourselves: a tenderness, a touch, a readiness to assist that we did not know we were capable of. Underlying this book is the momentous and very current debate over euthanasia. In a comprehensive appendix, the author reports on the provision of palliative care services and the laws governing euthanasia in European and English-speaking countries around the world, and the implications these have for the way we value and care for the dying.

From the winner of the Nobel Prize in Literature, here is the universally acclaimed novel—winner of the Booker Prize and the basis for an award-winning film. This is Kazuo Ishiguro's profoundly compelling portrait of Stevens, the perfect butler, and of his fading, insular world in post-World War II England. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a journey through the past in an effort to reassure himself that he has served humanity by serving the "great gentleman," Lord Darlington. But lurking in his memory are doubts about the true nature of Lord Darlington's "greatness," and much graver doubts about the nature of his own life.

In the tradition of Michener, "The Love Remains" chronicles the dramatic events of 19th century Maui, through the life of Kale Davis, the last Hawaiian Chiefess to rule the land now known as Kapalua Resort. 'He waiwai 'oukou i ka'u 'ike.so precious are our ancestors in my eyes. I was transported to the times of my kupuna, as if it were a 'movie in my mind'. This is a historical novel that won't disappoint." -Aloha Keko'olani, M.A., Instructor, Hawaiian-Pacific Island Studies, Honolulu Community College 'With consummate skill, Katherine Smith creates far more than a mere romance. Through interaction of her main protagonists, she documents the rich cultural, ethnic, and linguistic history of Hawai'i's Old Kingdom during a period of irrevocable expansion." -Randolph Klawiter, PhD., Professor Emeritus, Notre Dame University In 1817, 20-yr-old Kale Davis flees a broken marriage, hoping Honokahua, Maui will be her refuge and a place of belonging. Instead, this poor fishing and farming village awarded to Kale's late father by Kamehameha the Great, makes far greater demands-and offers much

sweeter rewards-than the young chiefess could even imagine. Torn between her Hawaiian and Caucasian roots, uncertain about her own abilities and unprepared for leadership, Kale can offer only her keen intelligence, a deep love for the land and her solemn oath to rule her people righteously. With steadfast determination and help from her five husbands, Kale leads Honokahua through drought, famine, epidemics and a time of frenetic change that threatens to sweep away a millennia-old culture, transforming Hawai'i from Old Kingdom to Industrial Age in just five decades. Even as Honokahua and her people thrive, Kale suffers sacrifice, violence and heartbreak before finding spiritual completeness and enduring love.

"Heartifacts" shares the message that Maggie Horgan has already used to help hundreds of grieving families at hospitals and memorial services in her home state of Pennsylvania. A message of hope for parents and siblings facing a loss that no person should have to bear: the loss of a child. Maggie has experienced such a loss herself. In 2001, her firstborn son, Neil, lost his life to cancer. Drowning in grief, Maggie knew that she needed to find a way to move on as the single mother of three other children. Her strength and ability to do so came from her son Neil-and a heart-shaped stone that appeared in the most unlikely of places. For parents, siblings, doctors, nurses, social workers, and educators-and all those who grieve for a child-"Heartifacts" shares a compassionate message of healing in line with the work of Melody Beattie and Mitch Albom; it is anchored in the profoundly personal.

Hemda Horovitz is nearing the end of her life. As she lies in bed in Jerusalem, the present flickers in and out as memories from the past flood her thoughts: her childhood in the kibbutz spent under the disappointed gaze of her stern, pioneer father; the lake that was her only solace; and her own two children, one whom she could never love and the other whom she loved too much. Avner, the beloved child, has grown up to be a heavy, anguished man, disillusioned by his work and trapped in a loveless marriage. When visiting his mother in hospital he witnesses an elegant couple's final poignant moments together; after the man's death Avner becomes obsessed with finding the woman, and a strange and delicate relationship unfolds. Dina, Hemda's daughter, has put aside her career in order to give her

teenage daughter, Nitzan, the warmth she never received from her own mother. But Nitzan is withdrawing from her, and as Dina slides into despair she is overcome by a longing to adopt a child - a longing that, if fulfilled, may destroy her fragile family. Zeruya Shalev's electrifying new novel is at once a meditation on the state of modern Israel and a profound exploration of family, yearning, compromise and the insistent pull of the past.
