- Who: The A Method for Hiring
"Who: The A Method for Hiring" by Geoff Smart One-third of this book is an advertisement for itself: how great it is, how the methods are truly awesome, tested, etc. The book is for hiring CEOs and financial industry managers, not your day-to-day workers. The advice can be boiled down to a few principles: 1. Prescreen the heck out of your applicants so you only use your valuable time interviewing only those who will fit the position.

Who: The A Method for Hiring by Geoff Smart
Refined through the largest research study of its kind ever undertaken, the A Method stresses fundamental elements that anyone can implement-and it has a 90 percent success rate. A manager's guide to hiring the right employees introduces the practical and effective A Method for Hiring, which draws on the expertise of hundreds of high-level executives to present a simple, easy-to-follow program to guarantee hiring success. 50,000 first printing.

In this instant New York Times Bestseller, Geoff Smart and Randy Street provide a simple, practical, and effective solution to what The Economist calls [the single biggest problem in business today]: unsuccessful hiring. The average hiring mistake costs a company \$1.5 million or more a year and countless wasted hours. This statistic becomes even more startling when you consider that the typical hiring success rate of managers is only 50 percent. The silver lining is that [who] problems are easily preventable. Based on more than 1,300 hours of interviews with more than 20 billionaires and 300 CEOs, Who presents Smart and Street's A Method for Hiring. Refined through the largest research study of its kind ever undertaken, the A Method stresses fundamental elements that anyone can implement and it has a 90 percent success rate. Whether you're a member of a board of directors looking for a new CEO, the owner of a small business searching for the right people to make your company grow, or a parent in need of a new babysitter, it's all about Who. Inside you'll learn how to **1** avoid common [voodoo hiring] methods **1** define the outcomes you seek **1** generate a flow of A Players to your team/by implementing the #1 tactic used by successful businesspeople **1** ask the right interview questions to dramatically improve your ability to quickly distinguish an A Player from a B or C candidate **1** attract the person you want to hire, by emphasizing the points the candidate cares about most In business, you are who you hire. In Who, Geoff Smart and Randy Street offer simple, easy-to-follow steps that will put the right people in place for optimal success.

A manager's guide to hiring the right employees introduces the practical and effective A Method for Hiring, which draws on the expertise of hundreds of high-level executives to present a simple, easy-to-follow program to guarantee hiring success. 50,000 first printing.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover the secrets to successfully hiring the best recruits. You will also discover that : employees are a company's number one competitive advantage; finding good candidates is a challenge; interviews are often too random and lack methodology; to be successful in recruitment, it is necessary to define your search very precisely by giving the mission, the objectives and the skills it implies. For a company, personnel decisions are decisive: they influence its future success even more than strategy. It's not just a matter of finding qualified people, but of ensuring that they can play a specific role. Recruitment errors are very frequent and can have serious consequences for the company: only a rigorous method can avoid them. This is presented here by Geoff Smart and Randy Street, leaders of the management consulting firm gSMART. *Buy now the summary of this book for the modest price of a cup of coffee!

An inspiring case study for the next generation of start-ups by the unconventional founders of Method. Founded ten years ago by childhood pals Eric Ryan and Adam Lowry, Method has been making headlines and profits with a revolutionary blend of culture and commerce, style and substance. Today, Method's ecofriendly soaps, detergents, and cleaners are ubiquitous in stores, capturing valuable shelf space long dominated by the tired old products of giants P&G and Unilever. Ryan and Lowry obsess over seven principles at the heart of Method's business philosophy, including: *Kick Ass at Fast: Use small size to your advantage; by bringing innovations to market faster, you can stay out in front of larger rivals. *Inspire Advocates: Rather than getting caught up in costly battles for market share, foster deeper relationships with fewer customers in pursuit of greater wallet share. *Win on Product Experience: Beyond satisfying your customers' rational needs, design experiences for them. The Method Method is an irreverent, candid, firsthand case study. Readers will learn how today's consumers behave, how today's companies compete, and how both groups are acting together to drive profound global change.

Since the end of the Cold War, the United States Army has been reengineered and downsized more thoroughly than any other business. In the early 1990s, General Sullivan, army chief of staff, and Colonel Harper, his key strategic planner, took the post-Cold War army into the Information Age. Faced with a 40 percent reduction in staff and funding, they focused on new peacetime missions, dismantled a cumbersome bureaucracy, reinvented procedures, and set the guidelines for achieving a vast array of new goals. Hope Is Not a Method explains how they did it and shows how their experience is extremely relevant to today's businesses. From how to stay on top of long-range issues to how to maintain a productive work force during times of change, it offers invaluable lessons in leadership and provides proven tactics any business can implement.

The material in the Gekeler Method for Oboe is divided in two parts. The studies in Part I are for the purpose of developing musical style and interpretation; those in Part II are for the study of scales and intervals, and for improvement of articulation.

NAMED ONE OF THE BEST BOOKS OF 2020 BY NPR, THE FINANCIAL TIMES, AND GQ The hidden story of the wanton slaughter -- in Indonesia, Latin America, and around the world -- backed by the United States. In 1965, the U.S. government helped the Indonesian military kill approximately one million innocent civilians. This was one of the most important turning points of the twentieth century, eliminating the largest communist party outside China and the Soviet Union and inspiring copycat terror programs in faraway countries like Brazil and Chile. But these events remain widely overlooked, precisely because the CIA's secret interventions were so successful. In this bold and comprehensive new history, Vincent Bevins builds on his incisive reporting for the Washington Post, using recently declassified documents, archival research and eye-witness testimony collected across twelve countries to reveal a shocking legacy that spans the globe. For decades, it's been believed that parts of the developing world passed peacefully into the U.S.-led capitalist system. The Jakarta Method demonstrates that the brutal extermination of unarmed leftists was a fundamental part of Washington's final triumph in the Cold War.

Provides leaders with a simple strategy to improve the performance of their teams through the calculating of [priorities], [who] and [relationships] and by increasing that total, realize more value, impact, earnings and overall success.
