The 7th novel in the Jack Caffery series and unfortunately he's missing for large chunks of his own story and that's a shame. The plot is certainly dark and violent enough, plenty of that surreal creepiness Mo Hayder's so good at, but Wolf reads like two separate stories almost until the end with very little to tie the two parts together.

7 books in this series. Mo Hayder's Jack Caffery series is not for the faint-hearted. DI Jack Caffery specialises in the most gruesome, twisted and terrifying crimes. Against the clock to find the killer before the next murder is committed, Caffery is young, unshockable and driven. Birdman #1.

Edgar Award winner and internationally bestselling author Mo Hayder has made her name with nightmarishly dark, impeccably-plotted thrillers that hook readers from the first page and won't let them go. With her latest novel, *Wolf*, the frighteningly talented Hayder ratchets up the terror yet another notch, with a bone-chilling novel about a family held hostage in their country home. Wolf kicks off when a vagrant—the Walking Man, an enigmatic, recurring character in Hayder's fiction—finds a dog wandering alone with a scrap of paper with the words "HELP US" attached to its collar. He's sure it's a desperate plea from someone in trouble and calls on Detective Inspector Jack Caffery to investigate. Caffery is reluctant to get involved—until the Walking Man promises in exchange new information regarding the childhood disappearance of Caffery's brother. Caffery has no idea who or what he is searching for, but one thing he is sure of: it's a race against time. Meanwhile, the Anchor-Ferrers, a wealthy local family, are fighting for their lives, held hostage in their remote home ten miles away. As their ordeal becomes increasingly bizarre and humiliating, the family begins to wonder: is this really a random crime?

A serial killer stalks the streets of London in this “top-notch debut thriller”—the first Jack Caffery novel from the acclaimed author of *Gone* (Kirkus Reviews). In his first case as lead investigator with London’s murder squad, Det. Inspector Jack Caffery is called on to investigate the murder of a young woman whose body has been discovered near the Millennium Dome in Greenwich, southeast London. Mutilated beyond recognition, the victim is soon joined by four others discovered in the same area—all female and all ritualistically murdered. And when the postmortem examination reveals a gruesome signature connecting the victims, Caffery realizes exactly what he’s dealing with—a dangerous serial killer. A finalist for the Edgar Award, *Birdman* explores the darkest reaches of the human mind and introduces a fascinating detective to the world of British crime fiction. “Treading the grisly path blazed by Thomas Harris in 1981 with *Red Dragon*, promising newcomer Hayder crafts a blood-curdlingly creepy debut thriller.” —Publishers Weekly, starred review “A deftly plotted assault on the nerves . . . Birdman preys on the reader’s expectations expertly, and Hayder handles her story’s complicated time scheme with enviable assurance. Graphic, disturbing, splendidly readable.” —Kirkus Reviews

Now a major motion picture: A boy’s abduction reawakens a haunted past for British detective Jack Caffery in this “deliciously chilling thriller” (Publishers Weekly, starred review). In a quiet residential area in London, a couple is discovered bound and imprisoned in their own home. Savagely battered and severely dehydrated, the worst revelation is yet to come: Their eight-year-old son has been abducted. When the boy’s body is found, forensic evidence reveals disturbing parallels to events in Det. Jack Caffery’s own past. As more evidence accumulates, Caffery struggles to maintain his professional distance. But the case is hurtling toward a terrifying conclusion that will force him to confront the demons he’s tried so hard and so long to bury . . . “The most frightening book I've ever read.” —The Guardian “Hayder handles procedural detail, dialogue, and volatile subject matter with powerful dexterity.” —Publishers Weekly, starred review

A “profoundly creepy and creepily convincing thriller” of religious fanatics and hoax debunkers from the Edgar Award–winning author of *Hanging Hill* (Publishers Weekly, starred review) Journalist Joe Oakes makes a living exposing supernatural hoaxes, but when he visits a secretive religious community on a remote Scottish island, everything he thought he knew is overturned. Following the trail of a strange creature caught briefly on film, so deformed it can hardly be human, Oakes crosses a border of electrical fencing, toxin-filled oil drums, and pig skulls to infiltrate the territory of the groups’ isolated founder, Malachi Dove. Their confrontation, and its violent aftermath, is so catastrophic that it forces Oakes to question the nature of evil—and whether he might be responsible for the heinous crime about to unfold . . . This latest entry from the acclaimed British author of the Jack Caffery novels “taps into the current fascination with all things supernatural and questions our assumptions about a number of subjects, from faith healing to cultish religious groups and society’s definition of evil” (Marilyn Stasio, *The New York Times* Book Review). “[Hayder] remains one of our most adventurous, unpredictable and ambitious writers.” —The Guardian “Hayder offers both a riveting story and a nuanced, distinctly modern look at secrecy and publicity, belief and skepticism, normal and taboo, (in)sight and blindness.” —Publishers Weekly, starred review “An adventurous, edgy, literate writer.” —Kirkus Reviews

'Hayder has a profound ability to shock and surprise her readers.' Karin Slaughter
The Maude is outside. It wants to come in. It wants to sit on your chest. The patients at Beechway High Secure Unit are terrified. Unexplained power cuts have lead to a series of horrifying incidents. And now fear has spread from the inmates to the staff. DI Jack Caffery is called to investigate, whilst working the most impossible case of his life. Will he be able to stare pure evil in the eye, and survive? ____ Readers are gripped by Poppet: ***** 'Full of twists, turns and lots of tension . . . deliciously dark and creepy.' ***** 'Completely compulsive reading . . . gritty and often shocking.' ***** 'Poppet had the hairs on the back of my neck standing up from the very beginning.'

In this “powerful and frightening” British thriller, two estranged sisters confront a crime that exposes the nightmares that lurk at the edges of domesticity (Irish Independent). On a picture-perfect morning in Bath, England, a teenage girl's body is found on the towpath of a canal. Police detective Zoe Benedict is convinced the department head should look beyond the usual domestic motives to solve the brutal murder case. But no one wants to hear any far-fetched ideas from the department's black sheep. Meanwhile, Zoe's sister, Sally, has started working as a housekeeper for a wealthy entrepreneur whose eccentricities are beginning to seem increasingly repugnant, and possibly dangerous. As Zoe digs into the case and Sally's suspicions grow, all signs point to one conclusion: There's something very wrong at the house on Hanging Hill. “A chiller to the very end. Hayder deals with Britain at its grittiest.” —Peter Millar, *The Times* (London) “Mo Hayder has crafted a powerful and frightening thriller that grips the reader from page one to the blood-freezing shock of the final page. Utterly compelling.” —Irish Independent “[A] superbly plotted tale [with] an end more alarming than anything that comes before.” —New York Daily News

Detective Jack Caffery hunts a twisted carjacker in this Edgar Award–winning thriller from the “maestro of the sinister” and author of *Birdman* (New York Daily News). Jack Caffery’s new case seems like a routine carjacking until he realizes the sickening truth: The thief wasn’t after the car, but the eleven-year-old girl in the back seat. And she’s not the only young girl who’s been taken. Meanwhile, police diver Sgt. Flea Marley is pursuing her own theory of the case, and what she finds in an abandoned, half-submerged tunnel could put her in grave danger. The carjacker is always one step ahead of the Major Crime Investigation Unit, and as the chances for the victims’ survival grow slimmer, Caffery and Marley race to fit the pieces together. With this award-winning entry in her acclaimed series set first in London, and now in Bristol, England, “Hayder, again, proves expert at ratcheting up the tension” (The Independent). “It’s a tribute to Hayder’s powers as a suspense writer that she completely turns the over-familiar premise of this novel inside out and upside down.” —The Washington Post “Compelling . . . First-rate mystery that takes full advantage of the wintry, moonlit West Country and the unusual skills of its lady diver.” —Kirkus Reviews

A murder leads detective Jack Caffery into England’s drug underground in this “brilliant, dense, scary” crime thriller in the Edgar Award–winning series (The Globe and Mail, Toronto). Nine feet under water, police diver Flea Marley closes her gloved fingers around a human hand. The fact that there’s no body attached is disturbing enough—until the discovery of the matching appendage a day later. Both hands have been freshly amputated, and there are indications that the victim was still alive when they were removed. Newly seconded to the Major Crime Investigation Unit in Bristol, DI Jack Caffery soon establishes that the hands belong to a young man who has recently disappeared. As Caffery and Marley search for the rest of the victim—and for his abductor—they journey into the darkest recesses of Bristol’s underworld, where drug addiction is rife, street kids sell themselves for a hit, and a disturbing occult ritual may be making an unexpected appearance. “Hayder . . . moves to another level in this spellbinder. With characters so complex, so fascinating that they could populate a dozen novels . . . Definitely one of the best crime novels of [the year].” —The Globe and Mail “Ritual moves from the eerie and dangerous to the downright ferocious as steadily as an oncoming train . . . You're going to love the ride.” —Jack Ketchum, author of *The Lost* and *The Girl Next Door* “Superb . . . Hayder vividly evokes torture and drug abuse, but the violence is never gratuitous. Readers looking for visceral thrills need look no further than this gritty English series.” —Publishers Weekly, starred review “Hayder . . . outdoes herself, flip-flopping the supernatural and the explainable like a cycle of poison and antidote that will remain with the reader long after the final page.” —Booklist, starred review

Detective Jack Caffery and police driver Flea Marley follow a trail of apparent suicides to Elf's Grotto, a nearly bottomless network of flooded quarries, where someone—or something—lurks, ready to disappear into darkness or slip into houses unseen.

Ein einsames Haus am Waldrand. Es war ihr Zufluchtsort. Jetzt ist es die Hölle. „Es hört sich an, als würden sie gerade meine Tochter oder meine Frau bedrohen. Ich weiß nicht, was passiert. Jetzt ist es still.“ Vor vierzehn Jahren wurde ein junges Liebespaar brutal ermordet. Der Hauptverdächtige gestand das Verbrechen und wurde verurteilt. Aber die Erinnerung an die Morde ist noch nicht verblasst. Als Oliver Anchor-Ferrers mit seiner Familie in das einsam gelegene Ferienhaus in der Nähe des damaligen Tatorts zurückkehrt, macht er eine schockierende Entdeckung: Ist der Täter von einst etwa wieder auf freiem Fuß? Noch kann er nicht ahnen, dass das schon bald nicht mehr seine größte Sorge sein wird. Der Albraum kehrt mit voller Macht zurück, nur diesmal ist er die Hauptfigur ...
