"Without peer." "Trust me -- it works." "Just the right blend of rigor, encouragement, and fun." "Both useful and a pleasure." "A bounty of usable information." Those are just a handful of raves for The Elements of Writing (previously published as The Big Book of Writing), the only comprehensive system for writing well. Building on the latest research on learning and the brain, The Elements offers a complete apprenticeship on writing. Every skill in this book has been tested in college and high school classrooms, business and nonprofit seminars, and coaching sessions with authors. The Elements of Writing is filled with case studies. In each one, a master of writing shows you a "trick of the trade." So this book is really a group effort, with contributions from the ancients (Homer, Aristotle), timeless writers (Shakespeare, Twain, Charlotte Bronte, Crane, Miller, Hemingway, Henry Roth, Robert Penn Warren), modern masters (Capote, Kundera, Caro, Updike, McPhee, Martin Amis, Tom Wolfe, Gladwell, Agassi, O'Brien, and Zadie Smith, Mernissi), historic figures (Lincoln, Martin Luther King), and classic films ("Casablanca," "Vertigo," and "Hannah and Her Sisters"), and more. People in all fields -- high school, higher education, journalism and publishing, business and government -- have discovered the power of this unique system. Whether you're in business, school, government or nonprofit agencies, or journalism/blogging or publishing, The Big Book offers a powerful way to improve your writing right away. Developed by author and teacher Charles Euchner, The Elements of Writing draws lessons from the masters to show the skills and "tricks of the trade" you need to write with clarity and power. The Elements also uses the latest research on learning and the brain to help you manage the creative process. Euchner is the author or editor of ten books, most recently the acclaimed "Nobody Turn Me Around: " A People's History of the 1963 March on Washington" (Beacon Press, 2010). Euchner has also written a trilogy of the world of modern sports ("Playing the Field," "The Last Nine Innings," and "Little League, Big Dreams"), studies of grassroots politics ("Urban Policy Reconsidered," with Steve McGovern, and "Extraordinary Politics"), and works on regional policy and planning (the two-part "Governing Greater Boston" series).

Paragraph Development helps students edit their own writing for clarity and accuracy and offers a three-phase strategy for building writing skills through planning, writing, and revising. The approach in each chapter is direct and functional: a model is provided and graphically explained, then students use the model to write their own paragraphs.-- Offers controlled information-transfer exercises, a choice of writing topics, and peer consultation and writing-evaluation methods.

Both teachers and parents appreciate how effectively this series helps students master skills in mathematics, penmanship, reading, writing, and grammar. Each book provides activities that are great for independent work in class, homework assignments, or extra practice to get ahead. Text practice pages are included!
