"Handwriting is proven to develop fine motor skills and eye-hand connection, strengthening the ability to translate ideas into words. In fact, it equips students to write and read more efficiently than reading and instruction alone. So when it comes time to assess students' yearly progress, it's not just about reading (or math, or science). It's about preparing confident communicators equipped with cross-disciplinary skills that translate directly to demonstrating proficiency on standardized tests. "Tumultuous, vibrant, tragic and over too soon." --Newsday Handwriting is Michael Ondaatje's first new book of poetry since *The Cinnamon Peeler*. The exquisite poems collected here draw on history, mythology, landscape, and personal memories to weave a rich tapestry of images that reveal the longing for--and expose the anguish over--lost loves, homes, and language, as the poet contemplates scents and gestures and evokes a time when "handwriting occurred on waves, / on leaves, the scripts of smoke" and remembers a woman's "laughter with its / intake of breath. Uhh huh." Crafted with lyrical delicacy and seductive power, *Handwriting* reminds us of Michael Ondaatje's stature as one of the finest poets writing today.
