But Jeff Aiken, a former government analyst who saw the mistakes made before 9/11, fears that there may be a more serious attack coming. And he soon realizes that there isn't much time if he hopes to stop an international disaster. "Zero Day" presents a chilling 'what if' scenario written in the vein of Richard A. Clarke and Daniel Suarez.

their medicine. In the Midwest, a nuclear power plant nearly becomes the next Chernobyl when its cooling systems malfunction. At first, these random computer failures seem like unrelated events. But Jeff Aiken, a former government analyst who quit in disgust after witnessing the gross errors that led up to 9/11, thinks otherwise. Jeff fears a more serious attack targeting the United States computer infrastructure is already under way. And as other menacing computer malfunctions pop up around the world, some with deadly results, he realizes that there isn't much time if he hopes to prevent an international catastrophe. Written by a global authority on cyber security, Zero Day presents a chilling "what if" scenario that, in a world completely reliant on technology, is more than possible today---it's a cataclysmic disaster just waiting to happen.

Daryl Haugen has intensified since she became a part of his team. But the West is under its greatest threat yet. A revolutionary, invisible trojan that alters data without leaving a trace---more sophisticated than any virus seen before---has been identified, roiling international politics. Jeff and Daryl are summoned to root it out and discover its source. As the trojan penetrates Western intelligence, and the terrifying truth about its creator is revealed, Jeff and Daryl find themselves in a desperate race to reverse it as the fate of both East and West hangs in the balance. A thrilling suspense story and a sober warning from one of the world's leading experts on cyber-security, Trojan Horse exposes the already widespread use of international cyber-espionage as a powerful and dangerous weapon, and the lengths to which one man will go to stop it.

Read Book Zero Day Jeff Aiken 1 Mark Russinovich

Michael Lewis' Flash Boys revealed how high-frequency trading has created a ruthless breed of traders capable of winning whichever way the market turns. In Rogue Code, Mark Russinovich takes it one step further to show how their grip on high finance makes the stock market vulnerable to hackers who could bring about worldwide financial collapse. Cyber security expert Jeff Aiken knows that no computer system is completely secure. When he's called to investigate a possible breach at the New York Stock Exchange, he discovers not only that their system has been infiltrated but that someone on the inside knows. Yet for some reason, they have allowed the hackers to steal millions of dollars from accounts without trying to stop the theft. When Jeff uncovers the crime, the NYSE suddenly turns on him. Accused of grand larceny, he must find

Read Book Zero Day Jeff Aiken 1 Mark Russinovich

and expose the criminals behind the theft, not just to prove his innocence but to stop a multibillion-dollar heist that could upend the U.S. economy. Unwilling to heed Jeff's warnings, the NYSE plans to continue with a major IPO using a new, untested system, one that might be susceptible both to hackers and to ruthless high-frequency traders willing to take any risk to turn a profit. Now Jeff Aiken must unearth the truth on his own, following the thread to the back alleys of Rio de Janeiro to take on one of the world's most ruthless cartels. Praised for his combination of real-world technology and quick-paced action, with *Rogue Code* Mark Russinovich delivers an intense thriller about a cyber threat that seems all too possible---and the Wall Street traders who might allow it to happen. Includes a foreword by Haim Bodek, author of *The Problem of HFT: Collected Writings on High Frequency*

permissions, and other security information Execute Sysinternals management tools on one or more remote computers Master Process Explorer, Process Monitor, and Autoruns

The United States goes to war against the queen spiders that threaten to overtake the human race forever in this thrilling and horrifying finale of the “captivating, engaging, and completely terrifying” (My Guilty Obsession) internationally bestselling Hatching series. The world is on the brink of apocalypse. Zero Day has come. The only thing more terrifying than millions of spiders is the realization that those spiders work as one. But among the government, there is dissent: do we try to kill all of the spiders, or do we gamble on Professor Guyer’s theory that we need to kill only the queens? For President Stephanie Pilgrim, it’s an easy answer.

Read Book Zero Day Jeff Aiken 1 Mark Russinovich

She's gone as far as she can—more than two dozen American cities hit with tactical nukes, the country torn asunder—and the only answer is to believe in Professor Guyer. Unfortunately, Ben Broussard and the military men who follow him don't agree, and Pilgrim, Guyer, and the loyal members of the government have to flee, leaving the question: what's more dangerous, the spiders or ourselves?

After the mysterious disappearance of both his mother and older brother, Cosmo is sent away to live with his eccentric mathematician aunt. Lonely and confused, Cosmo must also deal with being the new kid at school. Not an easy assignment! But things take a weird twist when Cosmo is visited by ghosts from the past. Ghosts who claim to need his help fighting an ancient curse! Only in time will Cosmo learn that he is at the center of that

ancient...and deadly...curse. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The first in the explosive and bestselling Dewey Andreas series. The largest oil-platform in the Western Hemisphere and a major hydroelectric dam are destroyed in a devastating, coordinated terrorist attack. The West's energy supplies are on their knees. But when the terrorists struck the Capitana rig off the coast of Colombia, slaughtering most of the crew and destroying the oil field, there was one factor they didn't take into account: former special forces operative Dewey Andreas. Determined to find the men behind the attack, Dewey must call on his long-dormant skills and overcome increasingly deadly assaults as he follows the trail of operatives sent to take him

Read Book Zero Day Jeff Aiken 1 Mark Russinovich

down. Soon he is locked in a life-or-death struggle with the mysterious Alexander Fortuna... and the clock is ticking. Can Dewey save the people and the country he loves before it's too late? Power Down is a gripping and compelling thriller from bestseller Ben Coes, for fans of Vince Flynn, Brad Thor and J.B. Turner. Praise for Power Down 'A gripping story, compelling characters, a relentless pace, and nerve-wracking suspense' Vince Flynn, New York Times bestselling author of Pursuit of Honor 'Breathtaking ... I was blown away' David Morrell, New York Times bestselling author of Creepers and creator of Rambo 'Thrillers don't get any better' Stephen Coonts, New York Times bestselling author of The Disciple
